

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Antimicrobials Division (7510C)  
1200 Pennsylvania Avenue, NW  
Washington, D.C. 20004

EPA Reg. Number:

67262-36

Date of Issuance:

JUN 2 - 2005

Term of Issuance:

Conditional

Name of Pesticide Product:

Granular Chlorinator

NOTICE OF PESTICIDE:

Reregistration  
 Registration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Recreational Water Products, Inc.  
P.O. Box 1449  
Buford, GA 30515

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 67262-36"
- b. Revise the "Precautionary Statements" to read:

"DANGER: Corrosive. Causes irreversible eye damage and skin irritation. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Do not breathe dust. Wear goggles, face shield, or

Signature of Approving Official:

shielded safety glasses, coveralls worn over short-sleeved shirt and short pants, socks, chemical-resistant gloves, chemical-resistant footwear, and a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), or a NIOSH approved respirator with any N, R, P, or HE filter. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse”.

- c. In the “Ingredient” statement delete the “s” on Active Ingredient.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

{All text in brackets [xxx] is optional and may or may not be included on a final label.}  
{All text in braces {xxx} is administrative and will not appear on a final label.}

### Granular Chlorinator

{The following statement will appear on the lid of bottles/buckets or front panel of bags.}  
Play it Safe. DO NOT mix with [Calcium Hypochlorite or] any other product. See label for additional important product information.

- {General statements available to all labels}
- [Do not mix this product with any other product]
- [Do Not Mix with Calcium Hypochlorite or Any Other Product]
- [Apply in dry form - Do Not Pre-dissolve]
- [Kills Bacteria and Algae]
- [Contains a Filter Enhancer]
- [Convenient skimmer application]
- [Easy skimmer application]
- [Add directly to Skimmer]
- [Add Directly to Skimmer or Directly to Pool]
- [Add dry product through skimmer or directly to pool]
- [Destroys Swimmer Contaminants]
- [Destroys Organic Wastes]
- [For use as a Shock]
- [Kills Algae]
- [Kills Bacteria]
- [Controls Algae]
- [Produces Sparkling Clean Swimming Pool Water]
- [Suitable for all pool types]
- [For Everyday Use]

- {Optional marketing statements for use only with swimming pool sanitization directions}
- [Swimming Pool Sanitizer]
- [Granular Sanitizer and Shock]
- [Sanitizer and Shock]
- [For use as a Shock]
- [With built in clarifier, filtration enhancer and sun light protector]
- [[Multifunctional Sanitizer and Shock][With built in clarifier, filtration enhancer and sun light protector]]
- [Sanitizes, Clarifies, Kills Algae and Enhances Filtration]
- [Granular Chlorinated Sanitizer & Shock]
- [Routine Chlorinator]
- [Buffered Sanitizer]

- {Optional marketing statements for use only with superchlorination/shock directions}
- [Shock product]
- [Shock Treatment]
- [Shock]
- [With built in clarifier, filter enhancer and sun light protector]]
- [[Multifunctional Shock][With built in clarifier, filter enhancer and sun light protector]]
- [For Pool Start-up and Weekly Shock Treatment]
- [For Heavy Bather Loads]
- [For Use After Heavy Rains]
- [For Heavy Bather Loads or After Heavy Rains]
- [Superchlorinator]
- [Shock Treatment and Superchlorination]

ACCEPTED  
with COMMENTS  
EPA Letter Dated:

JUN 2 2005

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No.

57262-36

{Following chart is optional}

Our Ingredients:	What They Do:
Trichloro-s-triazinetrione	Kills Bacteria, Kills Algae, Destroys Organic Wastes
Clarifier/Filtration enhancer	Makes water Crystal Clear
Sunlight Protector	Protects chlorine from sunlight dissipation

**ACTIVE INGREDIENTS:**

Trichloro-s-triazinetrione\* 53.5%

**OTHER INGREDIENTS:** 46.5%

**TOTAL** 100.0%

\*Available Chlorine....48.6%

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

See [back] [side] panel for first aid and additional precautionary statements.

**MANUFACTURED FOR:**

RECREATIONAL WATER PRODUCTS, INC.

PO Box 1449

Buford, GA 30515

EPA REG. # 67262-GA

EPA EST. # 5185-GA-1

Net Contents:

*{Directions to be used for swimming pool sanitization product}*

[This product is a concentrated chlorinating agent. It is in a dry, free-flowing form. It kills bacteria and destroys organic contaminants in pools]

[You [can] use this product:]

- [For routine daily chlorination (sanitation)]
- [To superchlorinate]
- [To shock]
- [To kill algae]
- [To kill bacteria]

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL AND USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS FOR USE.**

**[WATER BALANCE:** Optimum product performance and swimmer comfort will be achieved if you test, adjust and maintain to the following: pH between 7.2 - 7.6, alkalinity between 80 - 125 ppm for plaster pools and 125 - 150 ppm for vinyl, fiberglass and painted pools. Calcium hardness between 200 - 250 ppm for plaster pools, and 175 - 225 ppm for vinyl, fiberglass and painted pools.]

**[DO NOT** pre-dissolve this product before adding to pool or skimmer. **DO NOT** mix this product with any other products or chemicals. Always apply this product in its dry form using a clean dry plastic cup or scoop. Do not use this cup for any other purpose. This product should be applied through the skimmer or directly to pool as follows:]

**Add Directly to Skimmer:** Add product in dry form directly through the skimmer with the basket removed and the pump running. Replace the skimmer basket and keep the pump running for at least 2 to 4 hours.

**Add Directly to Pool:** Add product in dry form directly to the pool water, with the pump running for at least 2 to 4 hours. If your pool has a bleachable surface, such as vinyl, colored plaster, painted plaster, or fiberglass, use skimmer application, or add directly to pool, brushing visible product until completely dissolved to avoid bleaching.

[To open your pool in the spring, if the pool has not been maintained for several weeks, or if the pool is freshly filled: brush all pool surfaces with pump operating. Add 1 lb. (2, 8oz cups) of this product in dry form per 10,000 gallons of pool water. After two hours, test chlorine level (residual). Repeat dosage until you obtain a chlorine level of 1 - 3 ppm.]

[To sanitize your pool, add 4 to 6 oz (1/2 to 3/4, 8oz cup) of this product in dry form per 10,000 gallons of pool water every day, every other day or as often as needed to maintain a chlorine level between 1 - 3 ppm.] [The amount of product required and frequency of addition will vary with the number of swimmers, water temperature and amount of rain. [Operate the pump a minimum of 10 hours per day for best results.]

[To shock your pool, apply product weekly, when bather loads are high, water appears hazy or dull, unpleasant odors or eye irritation occurs, or after heavy rain. Add 1lb. (2, 8oz cups) of this product in dry form per 10,000 gallons of pool water.]

[To treat algae, brush algae from pool surfaces. Add 1lb. (2, 8oz cups) of this product in dry form per 10,000 gallons of pool water for light algae growth. Add 2 lb. (4, 8oz cups) of this product in dry form per 10,000 gallons of pool water for moderate to heavy algae growth. Repeat if necessary.]

[To winterize your pool, treat any algae present, then: add 2.5 lbs. (5, 8oz cups) of this product in dry form per 10,000 gallons of pool water. ]

**Reentry into treated swimming pools is prohibited above levels of 3 ppm chlorine due to risk of bodily injury.**

*{Directions to be used for superchlorination/shock product}*

[You [can] use this product:]

- [To superchlorinate]
- [To shock]
- [To kill algae ]
- [To kill bacteria]

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL AND USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS FOR USE.**

**[WATER BALANCE:** Optimum product performance and swimmer comfort will be achieved if you test, adjust and maintain to the following: pH between 7.2 - 7.6, alkalinity between 80 - 125 ppm for plaster pools and 125 – 150 ppm for vinyl, fiberglass and painted pools. Calcium hardness between 200 - 250 ppm for plaster pools, and 175 – 225 ppm for vinyl, fiberglass and painted pools.]

*{For application as a Shock when sold in a child resistant bag}*

[DO NOT pre-dissolve this product before adding to pool or skimmer. DO NOT mix this product with any other products or chemicals. This product should be applied in its dry form through the skimmer or directly to pool as follows:]

*{For application as a Shock when sold in a bottle/bucket}*

[DO NOT pre-dissolve this product before adding to pool or skimmer. DO NOT mix this product with any other products or chemicals. Always apply this product in its dry form using a clean dry plastic cup or scoop. Do not use this cup for any other purpose. **Reentry into treated swimming pools is prohibited above levels of 3 ppm chlorine due to risk of bodily injury.**

*{Storage and Disposal directions when product is sold in bottles/buckets.}*

**[STORAGE AND DISPOSAL** Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Do not reuse this container. Place in trash or offer for recycling if available. Rinse thoroughly before discarding in trash or recycling. ]

*{Storage and Disposal directions when product is sold in bags.}*

**[STORAGE AND DISPOSAL** Keep this product dry in its original unopened bag until use. For partially used bags, fold over top of bag and secure with adhesive tape. Store unopened and partially used bags in a secure location away from children. Store in a cool, dry, well-ventilated area away from heat or open flame. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Do not reuse this container. Place in trash or offer for recycling if available. Rinse thoroughly before discarding in trash or recycling.]

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** DANGER: Corrosive. Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not breathe dust. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (safety glasses), protective clothing and rubber gloves. Wear dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C), or a NIOSH approved respirator with any N, R, P or HE filter. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

**PHYSICAL OR CHEMICAL HAZARDS** CONTAINS AN OXIDIZING AGENT: DO NOT mix with other products or chemicals. Never add water to product. Always add product in dry form directly to pool or pool skimmer. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with organic matter or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire, and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood area with large volumes of water. Keep area ventilated until all fumes are gone.

**FIRST AID:** IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.**

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

*{Environmental hazards statement for end-use products in containers of less than 5 gallons (liquid) or less than 50 pounds (solid, dry weight).}*

**[ENVIRONMENTAL HAZARDS** This pesticide is toxic to fish and aquatic organisms.]

*{Environmental hazards statement for end-use products in containers of equal to or greater than 5 gallons (liquid) or equal to or greater than 50 pounds (solid, dry weight).}*

**[ENVIRONMENTAL HAZARDS** This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.]

NOTE: Buyer assumes all responsibilities for safety and use not in accordance with directions.

*{The following is optional text to be used at Recreational Water Product's discretion with swimming pool use directions. This information is non-essential and will be provided only as a courtesy. Will not appear on all swimming pool products.}*

**HOW TO CALCULATE POOL CAPACITY**

**Shape of Pool Gallons of water**

- Rectangular Average depth x average length x average width x 7.5
- Circular Diameter x diameter x average depth x 5.9
- Oval Full width x full length x average depth x 5.9
- Irregular Consult pool builder
