

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

67262-45

Date of Issuance:

3/5/19

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

RWP Algaecide Concentrate LC

Name and Address of Registrant (include ZIP Code):

Mark Jernigan
Registration Manager, Pool
Recreational Water Products, Inc.
PO Box 1449
Buford, GA 30515

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Eric Miederhoff, Product Manager 31
Regulatory Management Branch I
Antimicrobials Division (7510P)
Office of Pesticide Programs

Date:

3/5/19

2. You are required to comply with the data requirements described in the DCI identified below:
 - a. ADBAC GDCI- 069175-30909; 069175-1750

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 67262-45.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 2/27/2019

If you have any questions, you may contact Joe Daniels at (703) 347-8669 or via email at daniels.joseph@epa.gov.

RWP Algaecide Concentrate LC

ACTIVE INGREDIENT:

Alkyl (67% C₁₂, 25% C₁₄, 7% C₁₆, 1% C₁₈) dimethyl
benzyl ammonium chloride..... 80%
OTHER INGREDIENTS:..... 20%
TOTAL..... 100%

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [IN CASE OF MEDICAL EMERGENCY, CALL [1-303-623-5716] [1-877-800-5553] [1-866-366-5048] [telephone number supplied by supplemental registrant].]

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

See [back] [side] panel for additional Precautionary Statements.

Swimming Pool Algae Kill and Preventative

[[RWP Algaecide Concentrate LC] [algaecide][algicide] {or} [This product], when used as directed, is a highly effective, non-staining [algaecide] [algicide] that controls algae in swimming pools. [RWP Algaecide Concentrate LC] [algaecide] [algicide] {or} [This product] is especially recommended for controlling green, blue-green (frequently called black†† or spot algae) and mustard† algae growths. This product is formulated for use in chlorine or bromine sanitized swimming pools of all surface and filter types.]

IMPORTANT NOTES:

1. Store out of reach of children.
2. Handle with dry hands.
3. Do not cut packet open.
4. Do not squeeze the packet as it may burst.
5. Do not ingest or squirt.
6. Keep container sealed between uses.
7. Store in a cool dry place.
8. When using other products, always follow label directions for those products.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Adjust pH to 7.2-7.6 [and free chlorine to 1-4 ppm] prior to use. Visit [the Clorox Pool & Spa website] [cloroxpool.com] [pooltime.com] [aquachem.com] for [free water analysis] [&] [personalized product and dosage recommendations].

Use: [Prevents & kills] {or} [Kills and prevents] [[common] green] [mustard†] [&] [black††] algae for clear water.

Dosage per 8,000 – 12,000 gallons	When/How to Use
6 [doses] [packages] [pods]	To Kill Green, Mustard, or Black Algae <ol style="list-style-type: none"> 1. Add a chlorine shock per use directions and run pump for 1 hour. 2. Apply 6 [doses] [packages] [pods] [of this product] [per 8,000-12,000 gallons [of pool water]] directly to the [skimmer] [or] [pool]. [Distribute the [doses] [pods] [product] evenly [throughout the pool] [if your pool has multiple skimmers]. 3. Operate filter and pump for 24 hours. 4. After 24 hours, brush surfaces. For persistent algae, reapply after 72 hours.
2 [doses] [packages] [pods]	Prevention/Start-up Dose Apply 2 [doses] [packages] [pods] [of this product] [per 8,000-12,000 gallons [of pool water]] directly to the [skimmer] [or] [pool] while operating the pump. [Distribute the [doses] [pods] [product] evenly [throughout the pool] [if your pool has multiple skimmers].
1 [dose] [package] [pod]	Weekly Prevention Apply 1 [dose] [package] [pod] [of this product] [per 8,000-12,000 gallons [of pool water]] directly to the [skimmer] [or] [pool] while operating the pump. [Distribute the [doses] [pods] [product] evenly [throughout the pool] [if your pool has multiple skimmers].

Re-Entry: Wait at least 15 minutes after use before swimming. [Use Pool brush to break up any undissolved film prior to swimming.]

For Best Results: Add [an] [one] extra [dose] [package] [pod] [per 8,000-12,000 gallons [of pool water]] after heavy rain, frequent backwashing, or partial drain/refill. Brush surfaces weekly.

To Close Pool: Add 4 [doses] [packages] [pods] [per 8,000-12,000 gallons [of pool water] directly to the [skimmer] [or] [pool]. [Distribute the [doses] [pods] [product] evenly [throughout the pool] [if your pool has multiple skimmers]. Operate pump for at least 2 to 4 hours. [Visit [the Clorox Pool&Spa website] [cloroxpool.com] [pooltime.com] [aquachem.com] for complete pool closing instructions.]

Before draining a treated pool contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool water to any location that flows to a gutter or storm drain or natural water body unless discharge is allowed by state and local authorities.

NOTE: Each [dose] [package] [pod] contains 1.25 fl oz of product.

[† “Mustard algae” is a chlorine-resistant form of green algae (yellow-green to brown in color).]

[†† “Black algae” are blue-green algae that forms in cracks and crevices of pool surfaces.]

{Water soluble packaging directions in narrative format to be used for treatment (killing) and prevention of pool algae}

Swimming Pool Algae Kill and Preventative

[[RWP Algaecide Concentrate LC] [algaecide][algicide] *{or}* [This product], when used as directed, is a highly effective, non-staining [algaecide] [algicide] that controls algae in swimming pools. **[RWP Algaecide Concentrate LC]** [algaecide] [algicide] *{or}* [This product] is especially recommended for controlling green, blue-green (frequently called black†† or spot algae) and mustard† algae growths. This product is formulated for use in chlorine or bromine sanitized swimming pools of all surface and filter types.]

IMPORTANT NOTES: 1. Store out of reach of children 2. Handle with dry hands; 3. Do not cut packet open; 3. Do not squeeze the packet as it may burst; 5. Do not ingest or squirt; 6. Keep container sealed between uses; 7. Store in a cool dry place; 8. When using other products, always follow label directions for those products.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

BEFORE YOU BEGIN:

1. Ensure all pool equipment is working properly. Clean or backwash the filter following manufacturer's directions.
2. Adjust stabilizer levels to 30-50 ppm by adding Stabilizer.
- [3. Check water alkalinity, pH and calcium hardness with a test kit or test strip. Adjust alkalinity to 80-125 ppm for plaster pools, 125-150 ppm for vinyl or fiberglass pools by adding an alkalinity increaser. Adjust pH to 7.2 - 7.6 by adding a pH decreaser to lower pH, or by adding a pH increaser to raise pH. Adjust calcium hardness to 200-275 ppm for plaster pools, 175-225 ppm for vinyl or fiberglass pools by adding a calcium hardness increaser.]
[3. Adjust pH to between 7.2-7.6.]
4. Check and adjust residual chlorine level to desirable range of 1-4 ppm.

Pools with Visible Algae:

If algae are visible, apply 6 [doses] [packages] [pods] [of this product] per 8,000-12,000 gallons [of pool water] directly to the [skimmer] [or] [pool] while operating the pump. [Distribute the [doses] [pods] [product] evenly [throughout the pool] [if your pool has multiple skimmers]. After 24 hours clean out dead, settled algae. If algae is still present, repeat dosage as necessary.

Pools with No Visible Algae:

[Prevention] [I] [Start Up] Dose: Apply 2 [doses] [packages] [pods] [of this product] per 8,000-12,000 gallons [of pool water] directly to the [skimmer] [or] [pool] while operating the pump. [Distribute the [doses] [pods] [product] evenly [throughout the pool] [if your pool has multiple skimmers].

Weekly Prevention: Apply 1 [dose] [package] [pod] [of this product] per 8,000-12,000 gallons [of pool water] directly to the [skimmer] [or] [pool] while operating the pump. [Distribute the [doses] [pods] [product] evenly [throughout the pool] [if your pool has multiple skimmers].

[Booster Application] [For Best Results]: Add [an] [one] extra [dose] [package] [pod] per 8,000-12,000 gallons [of pool water] after heavy rain, frequent backwashing, or partial drain/refill. Brush surfaces weekly.

To Close Pool: Add 4 [doses] [packages] [pods] per 8,000-12,000 gallons [of pool water] directly to the [skimmer] [or] [pool]. [Distribute the [doses] [pods] [product] evenly [throughout the pool] [if your pool has multiple skimmers]. Operate pump for at least 4 hours. [This will help control algae growth over the winter months and make for easier clean-up in the spring.] [Visit [the Clorox Pool&Spa website] [cloroxpool.com] [pooltime.com] [aquachem.com] for complete pool closing instructions.]

Re-Entry: Wait at least 15 minutes after use before swimming. [Use Pool brush to break up any undissolved film prior to swimming.]

Before draining a treated pool contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool water to any location that flows to a gutter or storm drain or natural water body unless discharge is allowed by state and local authorities.

NOTE: Each [dose] [package] [pod] contains 1.25 fl oz of product.

[† “Mustard algae” is a chlorine-resistant form of green algae (yellow-green to brown in color).]

[†† “Black algae” are blue-green algae that forms in cracks and crevices of pool surfaces.]

STORAGE AND DISPOSAL: Keep this product in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Do not contaminate water, food, or feed by storage and disposal. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled, swallowed or absorbed through the skin. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist. Wear goggles or safety glasses, chemical resistant gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS: Do not mix with other chemicals.

ENVIRONMENTAL HAZARDS This pesticide is toxic to fish and aquatic invertebrates.

[**NOTE:** User assumes all responsibility for use not in accordance with directions.]

{Due to the limited print area of water soluble packets only the text below will be printed on individual water soluble packets. Water soluble packets will be packaged in a child resistant container with full label (ingredient statement, use directions, precautionary statements, first aid, etc.)}
