ANIMAL REPELLENT CONCENTRATE

Protects against deer, rabbits, tree squirrels and other animals that browse and feed upon flowers, grass, bulbs, shrubs, edible crops, plants, seedlings and trees. Long-lasting. Provides dual protection. Both odor and taste barrier. Treats up to 4000 ornamental shrubs four feet tall or approximately 1 acre (40,000 sq. ft.) or twice as much area for a periphery spray, depending on surface conditions, density and size of plantings.

Active Ingredients:

Putrescent Whole Egg Solids	6.2500%
Capsaicin and related Capsaicinoids	0.0045%
Garlic	0.0050%
Inert Ingredients:	93.7405%

EPA Reg. No. 67356-1
EPA Est. No. 067356-CT-001
Patent #5,368,866

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with this labeling.

USE RESTRICTIONS: This product may be used to repel deer, rabbits, tree squirrels and other animals that feed on edible crops, flowers, grass, bulbs, shrubs, plants, seedlings and trees. DEER-OFF discourages animals from feeding on bulbs dipped in concentrate formulation for 5 minutes and allowed to dry. Do not apply at temperatures below 40° F, or in wet, windy conditions.

MIXING AND DILUTION DIRECTIONS: Shake container of DEER-OFF concentrate thoroughly prior to mixing. Mix concentrate with tap water at a ratio of 1 part concentrate to 7 parts water. Use 1 qt. of concentrate and 7 qts. of water to make 8 qts. (2 gal.) of spray mixture. Contents of 2.5 gallon bottle makes 20 gallons of spray when mixed with 17.50 gallons of water. **DO NOT OVER DILUTE THIS PRODUCT.**

APPLICATION DIRECTIONS: Shake container of DEER-OFF spray thoroughly before use. Spray leaves, stems and branches thoroughly from all angles, until run-off or leaves look wet. Treat vulnerable plants at the beginning of each damage season. Repeat as new growth emerges, and if the effects of the previous treatment appear to be waning.

2.5 gallons of DEER-OFF concentrate yields enough spray to treat up to 4000 ornamental shrubs 4 ft. tall or an area of about 1 acre (40,000 sq. ft.) of treated plants. Surface conditions and size of plantings will affect the size of the area that can be treated with a given quantity of spray. Before large scale treatments, test product on a small area of each type of plant to be treated to make sure that DEER-OFF will not damage the plant.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store only in original container, in a cool, dry area. Keep away from children and pets. Protect from heat and freezing. Store between 40°-90°F. Keep container tightly closed to prevent evaporation. If spillage occurs, dilute with water and flush away.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse empty container. All containers, including mixing containers, should be triple rinsed then offered for recycling or reconditioning, or punctured and disposed of in a sanitary landfill, or incinerated, or, if allowed by state and local authorities, burned. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS (FIRST AID)

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. In case of contact, wash thoroughly with soap and water after handling. May be hazardous to humans and domestic animals.

FIRST AID: If in eyes, flush eyes with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Keep out of lakes, streams or ponds. Do not contaminate water by equipment cleaning or waste disposal.

LIMITED GUARANTEE

If the deer repellent is found defective when used in accordance with proper use, replacement or refund is our sole obligation. DEER-OFF, Inc. shall not be liable for any direct, consequential or incidental damage. Call DEER-OFF, Inc. for a copy of our limited guarantee.
