Before applying, read and understand all label instructions!

GENERAL INFORMATION:

- Provides dual protection.
- Both odor and taste barrier.

Patented Dual Deterrent System™ provides odor and taste barriers to protect flowers, gardens, grass, ornamental bulbs, ornamental plants, shrubs, seedlings and trees from browsing and feeding by deer, rabbits, and tree squirrels. The weather-resistant formula provides effective protection by forming both an odor and taste barrier to repel pests. DEER-OFF CONCENTRATE II discourages animals from feeding on ornamental bulbs dipped in concentrate formulation for 5 minutes and allowed to dry.

[for 16 Fl. Oz. size] Treats up to 200 ornamental shrubs four feet tall or approximately 2000 sq. ft. or twice as much area for a periphery spray, depending on surface conditions, density and size of plantings.

[for 32 Fl. Oz. size] Treats up to 400 ornamental shrubs four feet tall or approximately 4000 sq. ft. or twice as much area for a periphery spray, depending on surface conditions, density and size of plantings.

[for 1 Gal. size] Treats up to 1600 ornamental shrubs four feet tall or approximately 16,000 sq. ft. or twice as much area for a periphery spray, depending on surface conditions, density and size of plantings.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For home & garden use only. **IMPORTANT:** This product contains egg solids, which may cause allergic reactions in some individuals. Not for direct use on plants intended for human consumption (i.e. food plants). Do not allow spray to drift onto plants intended for human consumption. Use to repel deer, rabbits and tree squirrels from flowers, gardens, grass, ornamental bulbs, ornamental plants, shrubs, seedlings and trees. Do not apply at temperatures below 40°F, or in wet, windy conditions. This product will stain structural surfaces. Do not apply to siding, roofing, decks, fences, driveways, painted surfaces or other structural material. Do not allow spray to drift onto structural surfaces in the areas of application.

MIXING AND DILUTION DIRECTIONS:

Shake container of DEER-OFF CONCENTRATE II thoroughly prior to mixing. Mix only the quantity of spray necessary for immediate application. Do not save mixed or diluted spray for later use. In a suitably sized mixing container, add concentrate to tap water at a ratio of 1 part concentrate to 7 parts water. Use 4 fl. oz. of concentrate and 28 fl. Oz. of water to make 1 quart (32 fl. oz.) of spray mixture. *[for 1 gallon size]* Contents of 1 gallon bottle make 8 gallons of spray when mixed with 7 gallons of water. *[for 16 fl. oz size]* Contents of 1 pint bottle make 1 gallon of spray when mixed with 7 pints of water. *[for 32 fl. oz size]* Contents of 1 quart bottle make 2 gallons of spray when mixed with 7 quarts of water. **DO NOT OVER DILUTE THIS PRODUCT.**

APPLICATION DIRECTIONS: This product can be applied with all types of hand or power sprayers. Read and carefully follow the instructions for the type of sprayer you use. Frequently agitate spray mix during application by gently shaking hand held sprayer. Run agitator on power sprayers. Spray (non-food) leaves, stems and branches thoroughly from all angles, until run-off or leaves look wet. Treat vulnerable (non-food) plants at the beginning of each damage season. **Repeat every 2 – 3 months, or as new growth emerges, or if the effects of the previous treatment appear to be waning. Clean sprayer with cool water immediately following application to prevent clogging and damage to sprayer.**

[for 16 fl. oz. size]

16 fl. oz. of DEER-OFF CONCENTRATE II yields enough spray to treat up to 200 ornamental shrubs 4 ft. tall or an area of about 2000 sq. ft. of treated plants. Surface conditions and size of plantings will affect the size of the area that can be treated with a given quantity of spray. Before large-scale treatments, test product on a small area of each type of plant to be treated to make sure that DEER-OFF CONCENTRATE II will not damage the plant.

[for 32 fl. oz. size]

32 fl. oz. of DEER-OFF CONCENTRATE II yields enough spray to treat up to 400 ornamental shrubs 4 ft. tall or an area of about 4000 sq. ft. of treated plants. Surface conditions and size of plantings will affect the size of the area that can be treated with a given quantity of spray. Before large-scale treatments, test product on a small area of each type of plant to be treated to make sure that DEER-OFF CONCENTRATE II will not damage the plant.

[for 1-gallon size]

1 gallon of DEER-OFF CONCENTRATE II yields enough spray to treat up to 1600 ornamental shrubs 4 ft. tall or an area of about 16,000 sq. ft. of treated plants. Surface conditions and size of plantings will affect the size of the area that can be treated with a given quantity of spray. Before large-scale treatments, test product on a small area of each type of plant to be treated to make sure that DEER-OFF CONCENTRATE II will not damage the plant.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store only in a cool, dry area inaccessible to children and pets. Protect from freezing and heat. Keep container tightly closed to prevent evaporation.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

If Empty: Do not reuse this container. Place in trash or offer for recycling if available.

If Partly Filled: Contact your local solid waste agency or 1-800-CLEANUP for disposal instructions.

Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID	
If in Eyes:	<ul style="list-style-type: none"> - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. - Call a poison control center or doctor for treatment advice.
If on Skin or Clothing:	<ul style="list-style-type: none"> - Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Contact the National Pesticide Information Center at 1-800-858-7378 for emergency medical treatment advice.</p>	

ENVIRONMENTAL HAZARDS: For terrestrial uses: Do not apply to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Keep out of lakes, streams and ponds. Do not contaminate water when disposing of equipment washwater or rinsate.
