UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

Wendy McCombie (Agent for Woodstream Corp.)
Lewis & Harrison
122 C Street, N.W.
Suite 740
Washington, D.C. 20001

MAR 04 2009

Subject: Company Woodstream Corporation
Product: DeerOff Concentrate III (EPA Reg. # 67356-8)
and DeerOff RTU (EPA Reg. # 67356-7)
Your application of label amendment dated December 21, 2008 to add organic language to each product's label

Ms. McCombie:

The applications referred to above, submitted in connection with the Federal Insecticide, Fungicide and Rodenticide Act as amended, has been reviewed by the Biopesticides and Pollution Prevention Division (BPPD) and has been determined to be acceptable provided that you:

- (1) Submit five (5) copies of your final printed labeling before you release the product for shipment. Final printed labeling means the label or labeling of the product when distributed or sold. Clearly legible reproductions of photo reductions will be accepted for unusual labels, such as those silk-screened directly onto glass or metal containers or large bags or drum labels.
- (2) Submit and/or cite all data required for registration/reregistration of your product under FIFRA sect 3 (c) (5) when the Agency requires all registrants of similar products to submit such data.

A stamped copy of each label is enclosed for your records.

If you have questions or concerns, please contact Cheryl F. Greene at: 703 308-0352; email: greene.cheryl@epa.gov. Thank you.

Sincerely,

Linda A. Hollis, Chief,
Biochemical Pesticides Branch
Biopesticides and Pollution
Prevention Division (7511P)

MASTER LABEL- BACK PANEL (Page 1 of 4)

GENERAL INFORMATION

DEER OFF® RTU III protects against deer, rabbits and tree squirrels that feed on and damage flowers, ornamentals, plants, shrubs, bulbs, trees and seedlings.

Patented Dual Deterrent System™ provides scent and taste barriers to repel deer, rabbits, and tree squirrels from browsing and feeding upon flowers, ornamentals, plants, shrubs, bulbs, trees and seedlings. Weather-resistant formula provides effective control. Reapply DEER OFF® RTU III every 2 to 3 months or more often during periods when rain occurs.

[for 16 fl. oz size only]

One pint of DEER OFF® RTU III treats up to 25 ornamental shrubs four feet tall or an area of about 250 square feet, depending on surface conditions, plant density and size of plantings.

[for 32 fl. oz size only]

One quart of DEER OFF® RTU III treats up to 50 ornamental shrubs four feet tall or an area of about 500 square feet, depending on surface conditions, plant density and size of plantings.

[for 64 fl. Oz. size only]

One half gallon of DEER OFF® RTU III treats up to 100 ornamental shrubs four feet tall or an area of about 1000 square feet, depending on surface conditions, plant density, and size of plantings.

[for 128 fl. oz. size only]

One gallon of DEER OFF® RTU III treats up to 200 ornamental shrubs four feet tall or an area of about 2000 square feet, depending on surface conditions, plant density and size of plantings.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: Use this product to repel deer, rabbits and tree squirrels that feed on flowers, plants, shrubs, bulbs, trees and seedlings. Do not apply at temperatures below 40°F, or in wet, windy conditions. Apply only in dry conditions and only under conditions favoring prompt drying of spray (lightly breezy, mild dry weather with low relative humidity). If spray is used in wet conditions or in damp, cold, foggy or misty, weather, or if precipitation or freezing occurs before spray can dry, protection may be partially or completely lost. Protect product from freezing. Freezing makes DEER OFF® RTU III unusable.

418

MASTER LABEL- BACK PANEL (Page 2 of 4)

IMPORTANT: This product contains egg solids which may cause allergic reactions in some individuals. Do not allow spray to drift onto plants intended for human consumption.

APPLICATION DIRECTIONS: Shake the container of DEER-OFF® RTU III before use. Before large-scale treatments, test product on a small area of that plant type to avoid possible plant damage.

[for 16 fl. oz size only]

To apply, turn nozzle to spray or stream and pump trigger until material starts to dispense. Spray leaves, stems, flowers and branches thoroughly from all angles, until leaves are well wetted. One pint of DEER-OFF® RTU III treats 20-25 ornamental shrubs 4 feet tall or approximately 200-250 square feet. Surface conditions, size and density of plantings will affect the area covered with a given quantity of spray.

[for 32 fl. oz size only]

To apply, turn nozzle to spray or stream and pump trigger until material starts to dispense. Spray leaves, stems, flowers and branches thoroughly from all angles, until leaves are well wetted. One quart of DEER-OFF® RTU III treats 40-50 ornamental shrubs 4 feet tall or approximately 400-500 square feet. Surface conditions, size and density of plantings will affect the area covered with a given quantity of spray.

[for 64 fl. oz. size only]

To apply, place dip tube into container and tighten cap. Turn spray nozzle one half turn. Depress trigger until material starts to dispense. Adjust stream by turning nozzle to obtain the finest mist possible for the weather conditions experienced that day. Spray leaves, stems, flowers and branches thoroughly from all angles, until leaves are well wetted. One half gallon of DEER-OFF® RTU III treats 90-100 ornamental shrubs 4 feet tall or approximately 800-1000 square feet. Surface conditions, size, and texture of plantings will affect the coverage with a given quantity of spray.

[for 128 fl. oz size only]

To apply, place dip tube into container and tighten cap. Turn spray nozzle one half turn. Pump trigger until material starts to dispense. Adjust stream by turning nozzle to obtain the finest mist possible for the weather conditions experienced that day. Spray leaves, stems, flowers and branches thoroughly from all angles, until leaves are well wetted. One gallon of DEER-OFF® RTU III treats 180-200 ornamental shrubs 4 feet tall or approximately 1600-2000 square feet. Surface conditions, size and texture of planting will affect the area covered with a given quantity of spray.

5/8

MASTER LABEL- BACK PANEL (Page 3 of 4)

[for all sizes]

Clean sprayer after each application to prevent clogging. Treat vulnerable plants at the beginning of each damage season. Reapply every 2 – 3 months, or as new growth emerges and if the effects of the previous treatment appear to be waning. Reapply after heavy rain.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store only in original container, in a cool, dry area. Keep away from children and pets. Protect from heat and freezing. Store between 40° F and 90° F. Keep container tightly closed to prevent spillage and evaporation. If spillage occurs, dilute with water and flush away.

CONTAINER DISPOSAL: **If empty** – Nonrefillable container. Do not refill or reuse this container. Place in trash or offer for recycling, if available. **If partly filled-** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, the continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information concerning this product, call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific Time (PT), seven days a week. During other times, call the poison control center at 1-800-222-1222.

ENVIRONMENTAL HAZARDS: For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

MASTER LABEL- BACK PANEL (Page 4 of 4)

Note: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose.
