Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Adding optional graphics to the label.
Product Name: DEER OFF RTU III
Admin Number: 67356-7
EPA Receipt Date: 11/28/2023
Action Case Number: 00491917

Dear Georgia Anastasiou:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Thomas Cook via email at cook.tom@epa.gov.

Sincerely,

Andrew Bryceland

MASTER LABEL- BACK PANEL (Page 1 of 4)

GENERAL INFORMATION

DEER OFF® RTU III protects against deer, rabbits and tree squirrels that feed on and damage flowers, ornamentals, plants, shrubs, bulbs, trees and seedlings.

Patented Dual Deterrent System™ provides scent and taste barriers to repel deer, rabbits, and tree squirrels from browsing and feeding upon flowers, ornamentals, plants, shrubs, bulbs, trees and seedlings. Weather-resistant formula provides effective control. Reapply DEER OFF® RTU III every 2 to 3 months or more often during periods when rain occurs.

[for 16 fl. oz size only]

One pint of DEER OFF® RTU III treats up to 25 ornamental shrubs four feet tall or an area of about 250 square feet, depending on surface conditions, plant density and size of plantings.

[for 32 fl. oz size only]

One quart of DEER OFF® RTU III treats up to 50 ornamental shrubs four feet tall or an area of about 500 square feet, depending on surface conditions, plant density and size of plantings.

[for 48 fl. oz size only]

One and a half quarts of DEER OFF® RTU III treats up to 75 ornamental shrubs four feet tall or an area of about 750 square feet, depending on surface conditions, plant density and size of plantings.

[for 64 fl. oz size only]

One half gallon of DEER OFF® RTU III treats up to 100 ornamental shrubs four feet tall or an area of about 1000 square feet, depending on surface conditions, plant density, and size of plantings.

[for 128 fl. oz size only]

One gallon of DEER OFF® RTU III treats up to 200 ornamental shrubs four feet tall or an area of about 2000 square feet, depending on surface conditions, plant density and size of plantings.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: Use this product to repel deer, rabbits and tree squirrels that feed on flowers, plants, shrubs, bulbs, trees and seedlings. Do not apply at temperatures below 40°F, or in wet, windy conditions. Apply only in dry conditions and only under conditions favoring prompt drying of spray (lightly breezy, mild dry weather with low

MASTER LABEL- BACK PANEL (Page 2 of 4)

relative humidity). If spray is used in wet conditions or in damp, cold, foggy or misty, weather, or if precipitation or freezing occurs before spray can dry, protection may be partially or completely lost. Protect product from freezing. Freezing makes DEER OFF® RTU III unusable.

IMPORTANT: This product contains egg solids which may cause allergic reactions in some individuals. Do not allow spray to drift onto plants intended for human consumption.

APPLICATION DIRECTIONS: Shake the container of DEER-OFF® RTU III before use. Before large-scale treatments, test product on a small area of that plant type to avoid possible plant damage. Use with caution on open blooms and sensitive varieties such as impatiens, fuchsia and begonias.

[To apply, turn nozzle to spray or stream and pump trigger until material starts to dispense.] [To apply, pump handle to pressurize container and then depress trigger until material starts to dispense. Adjust nozzle to desired spray pattern] [To apply, place dip tube into container and tighten cap. Turn spray nozzle one half turn. Depress trigger until material starts to dispense. Adjust stream by turning nozzle to obtain the finest mist possible for the weather conditions experienced that day.] Spray leaves, stems, flowers and branches thoroughly from all angles, until leaves are well wetted.

[for 16 fl. oz size only]

One pint of DEER-OFF® RTU III treats 20-25 ornamental shrubs 4 feet tall or approximately 200-250 square feet.

[for 32 fl. oz size only]

One quart of DEER-OFF® RTU III treats 40-50 ornamental shrubs 4 feet tall or approximately 400-500 square feet.

[for 48 fl. oz size only]

One and a half quarts of DEER-OFF® RTU III treats 60-75 ornamental shrubs 4 feet tall or approximately 600-750 square feet.

[for 64 fl. oz size only]

One half gallon of DEER-OFF® RTU III treats 90-100 ornamental shrubs 4 feet tall or approximately 800-1000 square feet.

[for 128 fl. oz size only]

One gallon of DEER-OFF® RTU III treats 180-200 ornamental shrubs 4 feet tall or approximately 1600-2000 square feet.

MASTER LABEL- BACK PANEL (Page 3 of 4)

[for all sizes]

Surface conditions, size, and texture of plantings will affect the coverage with a given quantity of spray. Clean sprayer after each application to prevent clogging. Treat vulnerable plants at the beginning of each damage season. Reapply every 2 – 3 months, or as new growth emerges and if the effects of the previous treatment appear to be waning. Reapply after heavy rain.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store only in original container, in a cool, dry area. Keep away from children and pets. Protect from heat and freezing. Store between 40° F and 90° F. Keep container tightly closed to prevent spillage and evaporation. If spillage occurs, dilute with water and flush away.

CONTAINER DISPOSAL: **If empty** – Nonrefillable container. Do not refill or reuse this container. Place in trash or offer for recycling, if available. **If partly filled-** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

If in eyes:	<ul style="list-style-type: none">- Hold eye open and rinse slowly and gently with water for 15-20 minutes.- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.- Call a poison control center or doctor for treatment advice.
--------------------	---

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information concerning this product, call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific Time (PT), seven days a week. During other times, call the poison control center at 1-800-222-1222.

ENVIRONMENTAL HAZARDS: For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.
