U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
401 M St., S.W.
Washington, D.C. 20460

EPA Reg. Number: 67360-7
Date of Issuance: JUL 3 1995

Term of Issuance: Unconditional

Name of Pesticide Product: Intercede ABF-2 DOP

NOTICE OF PESTICIDE:
 Registration
XX Reregistration

(Under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Akros Chemicals America
500 Jersey Avenue
P.O. Box 638
New Brunswick, NJ 08903

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document(s), EPA has reregistered the product listed above. Enclosed is a copy of your label stamped "Accepted." This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

A stamped copy of your label is enclosed for your records.

James M. Stone
Acting Product Manager (22)
Fungicide-Herbicide Branch
Registration Division (7505C)

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Danger. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Do not breathe vapor or spray mist. Wear goggles or face shield, protective clothing and rubber gloves, a mask or a pesticide respirator jointly approved by MSHA (Mine Safety and Health Administration) and NIOSH (National Institute of Occupational Safety and Health). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Prolonged and frequently repeated contact may cause allergic reaction in some individuals.

Intercide ABF-2 DOP should not be used on items which come into contact with foodstuffs nor on items of clothing or infant wear.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, aquatic invertebrates, birds, and mammals. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

FUNGISTATIC PLASTICIZER-STABILIZER FOR VINYL COMPOUNDS

ACTIVE INGREDIENT

10, 10'-Oxybisphenoxarsine.....2.0%

INERT INGREDIENTS.....98.0%

TOTAL 100.0%

Total Arsenic as elemental As - 0.6%

Water soluble Arsenic as elemental As - less than 0.01%

KEEP OUT OF REACH OF CHILDREN DANGER

FIRST AID

If in eyes: Call physician. Flush eyes with a gentle steady stream of water for 15 minutes.

If on skin: Wash with plenty of soap and water. Get medical attention.

If inhaled: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.

If swallowed: Call physician or poison control center. Drink promptly a large quantity of milk, egg white or gelatin mixture, or if these are not available a large quantity of water. Avoid alcohol. Do not induce vomiting or give anything by mouth to an unconscious person.

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

See Side Panel For Additional Precautionary Statements

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with the label.

COMPOSITION AND APPLICATION

Intercide ABF-2 DOP is a formulation of 10,10'-oxybisphenoxarsine specifically designed for use with flexible vinyl systems. It contains phthalate as its carrier.

The incorporation of approximately 10% Intercide ABF-2 DOP based on the vinyl system will usually provide protection against the surface growth of many mildew fungi. It is recommended that each formulation be tested in a qualified laboratory in order to determine the level required for protection. Akcros can provide anti-fungal testing and a formulation to meet individual requirements. It is necessary to incorporate levels as high as 10% material in a vinyl system which is subject to weathering.

Intercide ABF-2 DOP contains 10,10'-oxybisphenoxarsine in a formulation containing a primary amine. It can be substituted directly for the equivalent amount of plasticizer it is replacing.

STORAGE AND DISPOSAL

PROHIBITIONS

Observe handling instructions to avoid eye damage and skin burns. Do not use for food or feed by storage or disposal.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. It cannot be disposed of by use of household trash. For instructions, contact your State Environmental Control Agency, or the nearest EPA representative at the nearest EPA office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then recycle, reuse, reconditioning, or puncture and crush for landfill, or by other approved method.
