Subject: **INTERCIDE® ABF-2 RF501**
EPA Registration No. 67360-7
Application Date: December 17, 2012
Receipt Date: December 18, 2012

Dear Ms. Downs:

This acknowledges receipt of your Notification submitted under the provision of PR Notice 98-10 and FIFRA section 3(c) 9.

Proposed Notification:

Registrant is adding a synonym name for an ingredient compatible with their registered product.

General Comments

Based on a view of the submitted information, your notification to update the product label nomenclature is acceptable and will be placed in the record for the product.

Submit a final printed label before selling or distributing the products bearing the revised label.

Should you have any questions or comments concerning this letter, you may contact me by telephone at (703) 308-6416 or by e-mail at campbell-mcfarlane.Jacqueline@epa.gov or Glen McLeod by telephone at (703) 347-0181 or by e-mail at McLeod.glen@epa.gov during the hours of 8:00am to 4:00pm EST. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

Jacqueline Campbell

Re: Notification to Add an Additional Carrier to the Product Label
Company Name: Akcros Chemicals, Inc.
Product Name: Intercide ABF-2 RF501
EPA Registration No.: 67360-7

Dear Jacqueline,

Technology Sciences Group, Inc., on behalf of Akcros Chemicals, Inc., is submitting the enclosed notification to add an alternate carrier name to the product label. The current label lists 1,4-Benzenedicarboxylic acid, bis (2-ethylhexyl) ester as a carrier. The purpose of this notification is to add the term bis(2-ethylhexyl) terephthalate to the product label. The two names are synonyms and refer to the same CAS#, 6422-86-2. The application is submitted concurrently with a similar application for 67360-9. Please find the following documentation enclosed in support of this submission:

- 1) Application for Pesticide (8570-1);
- 2) One copy of the product label with tracked change;
- 3) Five copies of the clean product label.

Thank you for your assistance on this matter. Please do not hesitate to contact me with any questions at (202) 828-8992 or via e-mail: adowns@tsgusa.com.

Sincerely,

Abigail T. Downs
Regulatory Consultant
Akcros Chemicals, Inc.

PRECAUTIONARY STATEMENTS

FEB 5 2013

INTERCIDE® ABF-2 RF501

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Danger. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Do not breathe vapor or spray mist. Wear goggles or face shield, protective clothing and rubber gloves, a mask or a pesticide respirator jointly approved by MSHA (Mine Safety and Health Administration) and NIOSH (National Institute of Occupational Safety and Health). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Prolonged and frequently repeated contact may cause allergic reaction in some individuals.

Intercide® ABF-2 DIDP should not be used on items which come into contact with foodstuffs nor on items of clothing or infant wear.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, aquatic invertebrates, birds, and mammals. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Manufactured By:

See Side Panel for Additional Precautionary Statements

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

COMPOSITION AND APPLICATION

Intercide® ABF-2 DIDP is a formulation of 10,10'-oxybisphenoxarsine specifically designed for compatibility with plastic products. It contains [(Epoxidized Soybean Oil (ESO)) or (Epoxidized Soya Oil (ESO)) or (Benzoflex RF-501) or (Di-(2-Propylheptyl) Phthalate (Palatimol DPHP)) or (Diisononyl Phthalate (DINP)) or (diisodecyl phthalate (DIDP)) or (Di-2-ethylhexyl phthalate (DEHP)) or (dialkyl (C7-11-branched & linear) phthalate (711)) or (diisohexyl phthalate (DIHP)) or (butyl benzyl phthalate(BBP)) or (polypropylene glycol (PPG)) or (Di 2-ethylhexyl Terephthalate (DOTP)) or bis(2-ethylhexyl) terephthalate or bis(2-ethylhexyl) terephthalate] as its carrier. The incorporation of approximately 1.5% by weight of Intercide® ABF-2 DIDP based on the weight of the total plastic product will usually provide protection against the surface growth of many mildew organisms. It is recommended that each formulation be tested in a qualified laboratory in order to determine the optimum level required for protection. Akros Chemicals Inc. can provide anti-fungal testing and/or assistance in formulation to meet individual requirements. It may be necessary to incorporate levels as high as 2.5% of this material in a plastic product which is exposed to outside weathering. Intercide® ABF-2 DIDP contains 10,10'-oxybisphenoxarsine in a formulation containing a primary plasticizer and can be substituted directly for the equivalent amount of plasticizer it is replacing.

KEEP OUT OF REACH OF CHILDREN DANGER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE

Keep this product in a tightly closed container, when not in use. Store in a dry, well-ventilated

area away from heat or open flame.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

STORAGE AND DISPOSAL CONTAINER DISPOSAL

Metal Refillable Container: Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller.

To clean the container before final disposal, triple rinse (or equivalent). Then offer for recycling if available or reconditioning if appropriate. If not, puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Metal Nonrefillable Container:

Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling if available or reconditioning if appropriate. If not, puncture and dispose of in a sanitary landfill, or by procedures approved by state and local authorities.

Plastic Nonrefillable Container:

Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Then offer for recycling if available or reconditioning if appropriate. If not, puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

SEE MARKING ON CONTAINER TO DETERMINE IF IT IS REFILLABLE OR NONREFILLABLE.
