

PRECAUTIONARY STATEMENTS

Hazards To Humans and Domestic Animals

Danger. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Do not breathe vapor or spray mist. Wear goggles or face shield, protective clothing and rubber gloves, a mask or a pesticide respirator jointly approved by MSHA (Mine Safety and Health Administration) and NIOSH (National Institute of Occupational Safety and Health). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Prolonged and frequently repeated contact may cause allergic reaction in some individuals.

Do not use Intercide ABF-5 SV on items which come into contact with food stuff nor on items of clothing or infant wear.

PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear: Coveralls over long sleeved shirts and long pants. Socks and chemical resistant footwear. Goggles or face shield/Chemical resistant gloves (such as waterproof or rubber gloves)

ENVIRONMENTAL HAZARDS

This product is toxic to fish, aquatic invertebrates, birds, and mammals. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office the EPA.

New Brunswick, NJ 08903

INTERCIDE® ABF-5 SV

EPA Registration Number 67360-14
EPA Establishment Number 73152-MA-001
**FUNGISTATIC ADDITIVE
FOR VINYL COMPOUNDS**

ACTIVE INGREDIENT

10,10'-Oxybisphenoxarsine	5.0%
INERT INGREDIENTS	95.0%
TOTAL	100.0%

Total Arsenic as elemental As-1.5%
Water soluble Arsenic as elemental As-less than 0.01%

KEEP OUT OF REACH OF CHILDREN DANGER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

FIRST AID

If In eyes: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Note to physician: Probable mucosal damage may occur. Do not use emetics. Give oral or gastric lavage.

ACCEPTED
SEP 30 2003
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. 67360-14

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

COMPOSITION AND APPLICATION

Intercide ABF-5 SV is a formulation of 10,10'-oxybisphenoxarsine specifically designed for compatibility with flexible vinyl systems.

The incorporation of approximately 0.6% by weight of Intercide ABF-5 SV based on the weight of the total vinyl system will usually provide protection against the surface growth of many mildew organisms. It is recommended that each formulation be tested in a qualified laboratory in order to determine the optimum level required for protection. Akros Chemicals America can provide anti-fungal testing and/or assistance in formulation to meet individual requirements. It may be necessary to incorporate levels as high as 1.0% of this material in a vinyl system which is exposed to outside weathering.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE

Wastes resulting from the use of this product may be disposed on a site or at an approved waste disposal facility.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved State or local procedures. If burned, stay out of smoke.
