EcoPCO® ACU

MASTER LABEL

[Contact Insecticide]
 [For Indoor Use]
 [Kills the Following Crawling Insects Only on Contact: fire ants, carpenter ants, American & German cockroaches, cat fleas, cellar spiders, wolf spiders, & brown dog ticks]
 [Kills the Following Flying Insects Only on Contact: house flies and southern house mosquitoes]
 [For use in Residential Areas]
 [For use in Commercial Areas]
 [Complies with all VOC limitations, both Federal and CARB]
 [Unscented]
 [Kills Only on Contact]
 [Leaves No Visible Residue]
 EcoPCO ACU will not stain carpet, floors or walls]
 [Biopesticide]
 [Active Ingredient From Plant Oils]
 [Botanical active ingredient]

Active Ingredient:
 2-Phenethyl Propionate..... 0.10%
 Other Ingredients*: 99.90%
 100.00%

*Contains petroleum distillates

EPA Reg. No.: 67425-14

EPA Est. No.

**KEEP OUT OF THE REACH OF CHILDREN
CAUTION**

See Side/Back Panel for Additional Precautions and First Aid

NET CONTENTS:

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake Well Before Using

This product is a contact spray and will not prevent reinfestation of any listed pest in any treated area.

Insects must be contacted by spray in order to ensure 100% mortality.

The following table provides the minimum and maximum time to obtain 100% contact mortality for tested insects in the laboratory. Flushing action and knockdown time were not measured in this testing.

Insect Pest	Minimum Time to 100% Contact Mortality	Maximum Time to 100% Contact Mortality
Southern fire ants	1 minute	5 minutes
Carpenter ants	1 hour	24 hours
Cat fleas	1 minute	5 minutes
Brown dog ticks	1 hour	1 hour
House flies	1 minute	1 minute
American cockroaches	5 minutes	5 minutes
German cockroaches	1 minute	5 minutes
Southern house mosquitoes	15 minutes	1 hour
Cellar spiders	5 minutes	5 minutes
Wolf spiders	5 minutes	5 minutes

For Crawling Insects: Crack/Crevice and Void Treatments: Important – Use the green injector nozzle tip provided. Inject into all crack/crevice and void spaces where insects are present. Applications can be made, but are not limited to, behind baseboards, cabinets, walls, ceilings, door and window frames, and around water pipes and appliances. Insects contacted by spray will be killed. Ensure contact with as many insects as possible. **Fire ants & carpenter ants – this product will not kill ant queens or ant colonies.**

Fleas & Brown Dog Ticks – hold can approximately 12 inches (30 centimeters) above surface area and apply uniformly to infested areas such as carpets, rugs, cloth upholstery and pet bedding. Contact fleas & ticks directly to kill these pests.

For Flying Insect Treatments: To kill these pests, aim spray toward flying insect infestations contacting as many insects as possible. Insects contacted by spray will be killed. Wipe away excess spray after application. Avoid spraying plants.

[For Product Information: Call 1-888-326-7233 weekdays, 9:00 am to 5:00 pm CST.]

For Chemical Safety Information: Call 1-800-535-5053 anytime. (InfoTrac Chemical Response System)

Storage & Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry area away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Disposal: Do not puncture or incinerate!

If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear safety glasses, safety goggles, or face shield. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Environmental Hazards

For terrestrial uses: Do not apply to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

FIRST AID

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-535-5053 for emergency medical treatment information.

NOTE TO PHYSICIAN

Contains petroleum distillate – vomiting may cause aspiration pneumonia.

Limitation of Liability: EcoSmart Technologies, Inc. makes no warranties of merchantability, or of fitness for a particular purpose, nor any other expressed or implied warranty except as stated above.
