NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

Copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5) provided that you:

A. Make the following labeling changes listed below before you release the product for shipment:

1. On the Front Panel, rewrite the CAUTION statement to read:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Storage and Disposal

Pesticide Storage

The optimal storage temperature is between 35°F to 90°F to prevent product degradation. Do not freeze. Do not store in direct sunlight.

Do not use or store near heat, open flame or hot surfaces.

Keep out of reach of children or animals. Store in original containers only. Store in a cool dry place and avoid excess heat. Carefully open containers. After partial use, replace lids and close tightly. Do not put concentrate or dilute material into food or drink containers. Do not contaminate other pesticides, fertilizers, water, food or feed by storage or disposal.

In case of spill, avoid contact. Isolate area and keep out animals and unprotected persons. Confine spill by diking surrounding area or absorbing with sand, cat litter or commercial clay. Place damaged package in a holding container. Identify products.

Pesticide Disposal

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food or feed by storage or disposal.

Container Disposal

Partially filled bottle may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration.

In the event of a major spill, fire, or other emergency, call (805) 237-8394 day or night.

**DIRECTIONS FOR USE AND CONDITIONS OF SALE AND WARRANTY**

**IMPORTANT:** Read the entire Directions for use and the Conditions of Sale and Warranty before using this product. If the terms are not acceptable, return the unopened product container at once.

**Conditions of Sale and Warranty**

The Directions for Use are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of **American Biochemical Corporation** or the Seller. All such risks shall be assumed by the Buyer.

American Biochemical Corporation warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the Directions for Use subject to the inherent risks referred to above. American Biochemical Corporation makes no other express or implied warranty of Fitness or Merchantability or any other express or implied warranty. In no case shall American Biochemical Corporation or the Seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product. American Biochemical Corporation and the Seller offer this product, and the Buyer and user accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing and signed by a duly authorized representative of American Biochemical Corporation.

**MANUFACTURED BY:**

American Biochemical Corporation

#### MIXING DIRECTIONS:

Ready to use; no mixing is necessary. Shake well and spray.

#### SPRAY TIMING:

Apply as a preventative treatment prior to insect infestation. Make the first application at foliar emergence and repeat on a 10-14 day spray schedule to maintain the repellency effect. Do not apply during pollination, as Guardian Spray Yard and Garden Insect Repellent™ repels bees and therefore, adversely affects pollination. On food crops, Guardian Spray Yard and Garden Insect Repellent™ may be used up to and including the day of harvest. Do not make more than fourteen (14) applications per growing season.

**METHODS OF APPLICATION:**

Apply Guardian Spray Yard and Garden Insect Repellent<sup>TM</sup> as a full coverage spray to thoroughly wet foliage.

The most effective ambient temperature range for application is between 60°F to 85°F.

Applied products become odorless in minutes, Guardian Spray Yard and Garden Insect Repellent<sup>TM</sup> will leave NO aftertaste.
