**SUBJECT: New Product Name and Changed Use Pattern  
 Fly Patrol (Fly Bait)  
 EPA Reg. No. 67517-25  
 Your December 15, 1995 Application**

Dear Ms Kraft:

The Agency has reviewed your company's December 15, 1995 application for an amendment (OPP Identifier No. 180701) to the registration for the above product. Your submission contains an application for an amendment for a product name change, a change in use pattern, a new CSF, and forwards copies of a proposed label. Your submission was a follow-up to your September 26, 1995 meeting with the Agency's Special Review Branch and an October 5, 1995 Agency letter requesting the formal submission of an application for an amendment to the registration for a product name change.

The amendments referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable with the following provisions:

- (1) You must submit a letter canceling all other formulas for the product. The Confidential Statement of Formula for "Fly Patrol (Fly Bait)" dated December 15, 1995 needs the inclusion of the supplier name & address for the Bitrex (Denatonium benzoate) ingredient. This revised CSF will become the sole, valid CSF.
- (2) The use directions must be changed to separate scatter bait use directions from bait station use directions. Scatter bait is not permissible in/around dog kennels and stables but bait stations are.
- (3) For bait stations use directions, include the statement that "Bait stations must be located at least four feet from the ground."
- (4) Pursuant to the Office of Pesticide Programs Policy regarding existing stocks, the Agency establishes the following provisions for existing stocks of methomyl fly baits of yellow, or any other unacceptable color:

DATE	2-9-96						

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

2/9/6

- Sale of yellow (or any other unacceptable color) fly baits by registrants will be allowed until September 31, 1996.

- Sale of yellow (or any other unacceptable color) fly bait by anyone other than the registrants will be allowed only until December 31, 1997.

A stamped copy of the label, approved with comments, is enclosed for your records. You must submit the requested information plus five copies of the revised label prior to shipment of the revised product. If you have any questions, please contact Teung F. Chin of my Team, at (703) 305-5412.

Sincerely yours,

DHE

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
DANGER

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**IMPORTANT: FLY PATROL (Fly Bait) must not be used as a scatter bait or bait station around or inside homes, or any other place where children are likely to be present.**

Do not apply where poultry or animals, especially dogs and young calves, can pick it up or lick it. Do not contaminate feed or foodstuffs. Do not use in homes or other areas where milk is processed or stored. Do not feed treated garbage. Use only in areas inaccessible to food producing animals. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

STATEMENT OF PRACTICAL TREATMENT

If **Swallowed**: Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If in **Eyes**: Flush eyes with plenty of water. Call a physician if irritation persists.

If **On Skin**: Wash with plenty of water. Get medical attention if irritation persists.

If **Inhaled**: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.

ENVIRONMENTAL HAZARDS

This Pesticide is toxic to birds and fish. Collect, cover or incorporate granules spilled on the soil surface. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water by cleaning of equipment or disposal of wastes.

A6

**SIDE/BACK PANEL**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**PERSONAL PROTECTIVE CLOTHING**

Use only when wearing the following protective clothing during loading, application, repairing and cleaning of application equipment, and disposal of the pesticide: long-sleeve shirt; long-legged pants; shoes and socks; gloves.

IMPORTANT! If pesticide comes in contact with skin, wash off with soap and water.

ALWAYS WASH HANDS, FACE, AND ARMS WITH SOAP AND WATER BEFORE USING TOBACCO PRODUCTS, EATING DRINKING OR TOILETING.

Scatter FLY PATROL (Fly Bait) daily or as needed to reduce fly population. Distribute bait from container or with jar or can to avoid handling bait. Keep FLY PATROL in (Fly Bait) in original container tightly closed and store in cool place.

Loafing Sheds, Livestock Pens, Pig Parlors, Stables, Broiler Houses: Use only around outside areas. Scatter FLY PATROL (Fly Bait) at the rate of 1/2 lb. per 1000 sq. ft. on the ground areas where flies congregate. Ideal baiting sites are around doorways, outside of fence lines, soiled areas, or in alleyways of feedlots. Place bait on clean paper if floors are limed.

Caged Poultry and Turkey on Wire: Scatter FLY PATROL (Fly Bait) on walkways at the rate of 1/2 lb per 500 sq. ft. to aid in controlling house flies. Also scatter outdoors around doorways.

Dog Kennels and Furbearing Animals Units: Scatter FLY PATROL (Fly Bait) around outside areas to dog pens, runways, and other surfaces out of reach of the animals. For cage units, scatter on walkways at the rate of 1/2 lb per 500 sq. ft.

Food, Poultry and Meat Processing Plants: Scatter FLY PATROL (Fly Bait) at the rate of 1/2 lb. per 1000 sq. ft. in inedible department only. FLY PATROL (Fly Bait) may be used outside livestock pens or loading docks.

676

**SIDE/BACK PANEL**

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in a cool dry area in original container.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Completely empty container into application equipment. Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**NOTICE OF WARRANTY**

PM RESOURCES, INC. MAKES NO WARRANTY OF MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, OR OTHERWISE, EXPRESSED OR IMPLIED CONCERNING THIS PRODUCT OR ITS USES WHICH EXTEND BEYOND THE USE OF THE PRODUCT UNDER NORMAL CONDITIONS IN ACCORD WITH THE STATEMENTS MADE ON THIS LABEL.
