Mr. Joseph E. Dyer
PM Resources, Inc.
13001 St. Charles Rock Road
Bridgeton, MO 64044

Dear Mr. Dyer:

Subject: Amendment: Update Label/Change Product Name
Hard Hitter Wettable Powder
EPA Registration Number 67517-47
Your submission dated January 15, 1997

This amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(a), is acceptable, provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

a. On the front panel change "For residual control of House Flies, Stable Flies and other manure breeding flies" to read "For residual control of House Flies, Stable Flies and other manure breeding flies in Dairies, Barns, Feedlots, Stables, Poultry Houses, Swine Buildings and other livestock premises.".

b. Revise the Precautionary Statements section by adding "Harmful if swallowed.".

c. Under Directions for Use/Application Rate change "Spray to point of runoff." to "Do not allow runoff to occur.".

(2 7 5

3. Submit two (2) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager (13)
Insecticide-Rodenticide Branch
Registration Division (7505C)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

WARNING

Handwritten note: Handle with care

Causes substantial temporary eye injury. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash thoroughly before reuse.

STATEMENT OF PRACTICAL TREATMENT

If In Eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

If Swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glass of water and induce vomiting by touching the back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

If On Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

If Inhaled: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish. Use with care when applying to areas adjacent to any body of water. Do not add directly to water. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

DIRECTIONS FOR USE

For Agricultural use Only.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Manure removal should precede spraying and sanitation practice continued to eliminate pest breeding sites. Retreat as necessary but not more often than every two weeks.

Spray directly to walls and ceilings as a residual surface spray only. Do not apply directly to livestock or poultry. Do not apply to manure or litter. Avoid contamination of feed and water.

Shake powder well before measuring and mixing.

SIDE/BACK PANEL

DIRECTIONS FOR USE(Continued)

Apply to:	Target Insects	Method of Application	Dilution	Application Rate
Dairies, Barns, Feedlots, Stables, Poultry Houses, Swine Buildings and other livestock premises.	House Flies, Stable Flies, and other manure-breeding Flies. Aids in control of Cockroaches, Mosquitoes, Spiders, Ants, Crickets and Face Flies.	Sprayer	Using the enclosed scoop, measure 1 scoop for each gallon of water. This container will make 12 gallons of spray.	Spray to point of runoff. As a guide, use 1 gallon of spray per 750 sq. ft. (Range 400-1400 sq. ft.) Twelve gallons will normally treat 9,000 sq. ft. (Range 4,800 - 16,800 sq. ft.)

NOTE: Under severe fly pressures, double the concentration for premise application. When spraying, inside premises, remove animals prior to treatment. Cover or remove feed and water.

Apply spray to all surfaces where flies rest. Avoid spraying feeders and waterers. Do not apply as a larvicide.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Mix only as needed. Do not store diluted material. Keep container closed securely when not in use. Do not store near food or feed.

Pesticide Control: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
