Bridgeton, MO 63044

Subject: Revision to Side/Back Panel of the Storage and Disposal Section

Dear Ms. Mapp:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated April 23, 2009 for:

EPA Registration 67517-66 and
EPA Registration 67517-72

Assault All Weather Bait and
Assault Mouse Rat Place Pack

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

If you have any questions, at 703 305-5409 or electronically at daniel.dani@epa.gov

Sincerely,

A handwritten signature in black ink, appearing to be "Dani Daniel".

Subject: NOTIFICATION OF LABEL CHANGE PER PR NOTICE 2007-4
ASSAULT ALL WEATHER BAIT
EPA Reg. No. 67517-66

Dear Ms. Arrington:

In accordance with 40 CFR 152.46, PM Resources, Inc. submits herewith an application for pesticide notification for subject product. This submission allows for labeling changes per PR Notice 2007-4 to the side/back panel of the label. The labeling changes are noted below and clearly marked on the revised product label (see attachment).

"Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

Revisions to side/back panel of the label in the "Storage and Disposal" section:

1. Remove "Household Use" and "Non-Household Use" sections to combine into one "Storage and Disposal" section.
2. Replace "Disposal" statement with the following:
 - "Pesticide/Container Disposal: If Empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. If Partially Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place any unused product down any indoor or outdoor drain."

This product is in compliance with 40 CFR 156.140(a)(4) as the lot number is adhered to the product. This product is exempt from 40 CFR 156.144 through 156.156 due to the product's residential/household use. Additionally, this product is not a dilutable (liquid or solid) formulation.

Ms. Linda Arrington

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Keep away from humans, domestic animals and pets. May be harmful if swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling bait.

FIRST AID

Have Label with you when obtaining treatment advice.

- If Swallowed ° Call a poison control center, doctor, or *HOT LINE NUMBER 1-800-858-7378 immediately for treatment advice.
- ° Have person sip a glass of water if able to swallow.
- ° Do not induce vomiting unless told to do so by the poison control center or doctor.

- If On Skin ° Take off contaminated clothing.
- or Clothing ° Rinse skin immediately with plenty of water for 15-20 minutes.
- ° Call a poison control center, doctor, or *HOT LINE NUMBER 1-800-858-7378 immediately for treatment advice.

* You may also contact HOT LINE NUMBER 1-800-858-7378 for health concerns, emergency medical treatment information or pesticide incidents.

NOTE TO PHYSICIAN

This product is not an anticoagulant type of rodenticide. If ingested, limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.

ENVIRONMENTAL HAZARDS

This product is toxic to mammals and birds. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Dogs and other predatory and scavenging mammals might be poisoned if they feed upon animals that have eaten this bait.

SIDE/BACK PANEL

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

IMPORTANT: Do not expose children, pets or other nontarget animals to rodenticides. To help to prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of the reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hooped livestock, raccoons, bears, or other potentially destructive animals, or in areas prone to vandalism.
3. Dispose of product container and unused, spoiled and unconsumed bait as specified on this label.

USE RESTRICTIONS: This product may be only be used to control Norway rats, roof rats, and house mice in sewers and for use inside and against outside walls of homes, industrial and agricultural buildings, and similar man-made structures, and in alleys located in urban areas, inside transport vehicles (ships, trains, aircraft), and inside and against outside walls of related port or terminal buildings. For use in non-food/non-feed areas. Do not contaminate human or pet food preparations items or areas. Do not place near or inside ventilation duct openings. Do not broadcast bait.

Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food.

SELECTION OF TREATMENT AREAS: Determine areas where rodents will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Remove as much alternative food accessible to rodents as possible.

APPLICATION DIRECTIONS: The active ingredient in this product is different from anticoagulant rodenticides. Individual rodents cease feeding after consuming a toxic dose.

Rats: Apply 2 to 12 baits per placement. Space placements at intervals of 20 to 30 feet.

Mice: Apply 1 or 2 baits per placement. Space placements at intervals of 8 to 12 feet.

8068

SIDE/BACK PANEL
DIRECTIONS FOR USE (CONTINUED)

Follow-Up: Adjust the amount of bait applied to the level of rodent feeding expected at each bait placement location. Highest bait consumption is expected to occur on the first day or two after treatment. After several days, inspect bait placements and replenish bait at sites where there is heavy feeding or where there is continued evidence of rodent activity. Maintain bait for at least one week and continue baiting until all signs of rodent activity have ceased or it becomes clear that the remaining rodents are not attracted to the bait.

Collect and properly dispose of all dead rodents and leftover bait. To discourage reinfestation, limit sources of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish as needed.

=====

STORAGE AND DISPOSAL

=====

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

PESTICIDE/CONTAINER DISPOSAL: **If Empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. **If Partially filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place any unused product down any indoor or outdoor drain.
