 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (7505C) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460</p> <p>NOTICE OF PESTICIDE: <u>  X  </u> Registration <u>    </u> Reregistration</p> <p>(under FIFRA, as amended)</p>	<b>EPA Reg. Number:</b>  67517-89	<b>Date of Issuance:</b>  MAR 3 1 2010
	<b>Term of Issuance:</b> Unconditional	
	<b>Name of Pesticide Product:</b> Assault® Mouse Bait Station CU	
<b>Name and Address of Registrant (include ZIP Code):</b> PM Resources 13001 St. Charles Rock Rd. Bridgeton, MO 63044		
<b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"><li>1. Submit and/or cite all data required for registration/reregistration/registration review of your product, EPA Reg. No. 67517-89, when the Agency requires all registrants of similar products to submit such data.</li><li>2. Make the following label changes before you release the product for shipment:<ol style="list-style-type: none"><li>a. Revise the EPA Registration Number to read, "EPA Reg. No. 67517-89."</li></ol></li></ol>		
<b>Signature of Approving Official:</b>  Kable Bo Davis, Acting Product Manager (07) Insecticide-Rodenticide Branch, Registration Division (7505P)	<b>Date:</b>  MAR 3 1 2010	

- b. Revise the **CONTAINER DISPOSAL** subsection of the **STORAGE AND DISPOSAL** section to read:

**CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

3. Storage stability (830.6317) and corrosion characteristics (830.6320) data must be submitted within 18 months of the date of this notice.

4. Should you wish to add a reference to the company's website on your label, please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, **regardless of whether a website is referenced on your product's label**, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

5. Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. If you have any questions regarding this notice, please contact Jennifer Gaines at (703) 305-5967.

A stamped copy of the label is enclosed for your records.

**ASSAULT® MOUSE BAIT STATION CU**

**THIS BAIT STATION IS NOT TAMPER RESISTANT**

**Use Indoors Only in Areas Inaccessible to Children and Pets**

Mouse Poison Bait Station  
Contains Bitrex

For Use in Homes and Residential Buildings  
Effective Indoor House Mouse Control  
Kills House Mice

Moisture Resistant Bait

ACCEPTED  
with COMMENTS  
In EPA Letter Dated  
MAR 31 2010

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under EPA Reg. No.  
67517-89

House Mice usually consume a lethal dose in a single feeding, but it may take two or more days from time of bait consumption for them to die. Due to Stop Feed Action, house mice cease feeding after consuming a toxic dose. This product is effective against anti-coagulant-resistant house mice.

MOUSE BAIT TRAY & LID ASSY.  
APPROX. DIM.: 2.40" X 5.13" X 1.08" DEPTH

**ACTIVE INGREDIENT:**

Bromethalin (CAS No. 63333-35-7) ..... 0.01%

**TREATMENT FOR PET POISONING**

If an animal eats this bait, call a veterinarian at once.

---

**NOTE TO PHYSICIAN or VETERINARIAN**

---

Contains the nerve poison bromethalin. This product is not an anticoagulant type rodenticide. For humans or animals ingesting bait and/or showing poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.

---

**ENVIRONMENTAL HAZARDS**

---

This product is extremely toxic to mammals and birds. Dogs and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not apply directly to water.

### DIRECTIONS FOR USE

**It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**

**READ THIS LABEL:** Read this entire label and follow all use directions and use precautions. Use this product only for the sites, pests, and application methods described on this label.

**IMPORTANT:** THIS IS NOT A TAMPER-RESISTANT BAIT STATION. DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO CHILDREN, PETS, DOMESTIC ANIMALS, AND NONTARGET WILDLIFE

To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Dispose of product container and unused, spoiled and unconsumed bait as specified on this label.

**USE SITES:** For indoor use only. This product may only be used to control house mice in homes and residential buildings.

**USE RESTRICTIONS:** Do not use this product in sewers or any outdoor area. Do not place this ready-to-use bait station in any area where there is a possibility of contaminating food or surfaces that come into direct contact with food. Do not break station open and/or deliberately remove bait from it. Do not sell this product in individual containers holding more than 1 pound of bait.

**SELECTION OF TREATMENT AREAS:** Determine areas where house mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floors and walls, or in locations where house mice or their signs have been seen. Remove as much alternative food accessible to house mice as possible.

**APPLICATION DIRECTIONS:** The active ingredient in this product is different from anticoagulant rodenticides. Individual house mice cease feeding after consuming a toxic dose.

**House Mice:** Place bait stations 8 to 12 feet apart. Highest bait consumption is expected to occur on the first day or two after treatment. After several days, inspect bait placements and replace with new bait stations at sites where there is heavy feeding or where there is continued evidence of house mouse activity. Continue baiting until all signs of house mouse activity have ceased.

While wearing gloves, collect and properly dispose of all dead house mice and used bait stations. To discourage reinfestation, limit sources of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment.

**SIDE/BACK PANEL**

**DIRECTIONS FOR USE (CONTINUED)**

---

---

**STORAGE AND DISPOSAL**

---

**PESTICIDE STORAGE:** Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container.
