Authorized agent for PM Resources, Inc.

Company       PM Resources, Inc.  
Address       13001 St. Charles Rock Road  
                  Bridgeton, MO 63044

Subject:       Notification – Minor label changes, add optional diagram for bait station  
                  Assault Mouse Bait Station II CU  
                  EPA Registration Number 67517-90  
                  Date received August 10, 2011

Dear Mr. Barron:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10, dated July 22, 2011 for the product Assault Mouse Bait Station II CU; EPA Registration Number 67517-90. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-308-8291.

Sincerely,

A handwritten signature in cursive script that reads "Rita Kumar".

# NOTIFICATION

SEP 30 2011

Dear Dan,

"This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

If you have any questions or need additional information, please do not hesitate to contact me at (919) 228-6479.

Sincerely,

Jim Barron

**Jim Barron**  
Authorized Representative for PM Resources

A collection of 15 small, stylized illustrations of various birds, including sparrows, finches, and songbirds, arranged in a grid-like fashion. The birds are depicted in various poses, some facing left, some right, and some in profile. They are rendered in a simple, graphic style with bold outlines and minimal shading.

## REFILLABLE MOUSE POISON BAIT STATION

Contains Bitrex

## NOTIFICATION

For Use in Homes and Residential Buildings

SEP 30 2011

Effective Indoor House Mouse Control

Kills House Mice

Moisture Resistant Bait

House Mice usually consume a lethal dose in a single night's feeding, but it may take two or more days for them to die. Due to Stop Feed Action, house mice cease feeding after consuming a toxic dose. This product is effective against anti-coagulant-resistant house mice.

### ACTIVE INGREDIENT:

Bromethalin (CAS No. 63333-35-7) ..... 0.01%

OTHER INGREDIENTS ..... 99.99%

TOTAL 100.00%

### CAUTION

KEEP OUT OF REACH OF CHILDREN

MAY BE HARMFUL IF EATEN  
BY CHILDREN OR PETS

**TREATMENT FOR PET POISONING**

If an animal eats this bait, call a veterinarian or 1-800-345-4735 at once.

**NOTE TO PHYSICIAN or VETERINARIAN**

**Contains the nerve poison bromethalin.** This product is not an anticoagulant type rodenticide. For humans or animals ingesting bait and/or showing poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.

**ENVIRONMENTAL HAZARDS**

This product is extremely toxic to mammals and birds. Dogs and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait.

## SIDE/BACK PANEL

### DIRECTIONS FOR USE

**It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**

**READ THIS LABEL:** Read this entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on this label.

**IMPORTANT:** Do not expose children, pets, or other nontarget animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
1. Dispose of product container and unused, spoiled and unconsumed bait as specified on this label.

**USE RESTRICTIONS:** This product may only be used to control House Mice inside of homes and residential buildings. This bait station may be used in indoor areas accessible to children and pets, consistent with all use restrictions and other requirements indicated in this label. **Do not use this product outdoors.** Do not place this ready-to-use bait station in any area where there is a possibility of contaminating food or surfaces that come into contact with food. Do not place near or inside ventilation duct openings.

Do not sell this product in individual containers holding less than 1 pound of bait.

**SELECTION OF TREATMENT AREAS:** Determine areas where house mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Remove as much alternative food as possible.

### INSTRUCTIONS FOR SECURING THE MOUSE BAIT STATION:

1. Turn the Bait Station upside down. On the bottom of the station will be an adhesive pad with a thin plastic cover over it. Peel the cover off the adhesive pad, leaving the pad intact and attached. This will expose an adhesive surface that can be used to place the Bait Station securely in your desired location.
2. Place Bait Station with adhesive pad down on a clean, flat, solid surface in the area where rodent activity has been noted. Press down firmly for 10 seconds to adhere Bait Station to surface. Your Station is now in place for baiting.

DIRECTIONS FOR USE (CONTINUED)

INSTRUCTIONS FOR OPENING, REFILLING & RECLOSING THE MOUSE BAIT STATION

1. To open the Bait Station, put on gloves and insert the plastic key into the lock on top of the Bait Station lid. Push the key all the way down into the lock and turn key in the direction of the arrow to open the station lid.
2. **REMOVE AND SAVE KEY**
3. Remove the plastic bait holder and discard any remaining bait from both the holder and the bait station. Place one refill block of bait into each side of the plastic bait holder, with center holes facing upward.

4. Insert plastic bait holder with two refill baits into the **MIDDLE COMPARTMENT** of the Bait Station as shown below.

5. **WITH KEY STILL REMOVED** and plastic bait holder and refills in place, snap the lid of the Bait Station shut by pressing down on the lock.
6. **CLEAN AROUND THE BAIT STATION AREA BY REMOVING ALL REMAINING BAIT & BAIT CRUMBS. ENSURE THAT GLOVES & BAIT ARE DISPOSED OUT OF REACH OF CHILDREN, PETS AND WILDLIFE.**

**APPLICATION DIRECTIONS:** The active ingredient in this product is different from anticoagulant rodenticides. Individual house mice cease feeding after consuming a toxic dose.

**House Mice:** Place a single unit at each placement location. Space placements at 8 to 12 foot intervals. Replace bait if contents are consumed or contaminated and replace if severely damaged. If units are untouched after three days, move to new locations consistent with label text. Continue baiting until all signs of house mouse activity have ceased.

**Follow Up:** Replace contaminated or spoiled bait immediately. Wearing waterproof gloves, collect and dispose of all dead exposed animals and leftover bait properly. To prevent reinfestation, limit sources of food, water, and harborage for house mice as much as possible. If reinfestation does occur, repeat treatment.

**SIDE/BACK PANEL**

---

---

**STORAGE AND DISPOSAL**

---

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container, except as described in the directions for use. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
