Attention: Dr. Jim Barron

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

A. submit one (1) copy of final printed labeling, with the changes below, before you release the product for shipment.

1. Revise the registration number to "EPA Reg. No. 67517-91".

John Hebert, Team Leader  
Insecticide-Rodenticide Branch  
Registration Division (7505P)

Date:

JAN 13 2011

- 2. Modify the text above the Ingredient Statement to read:

House mice usually consume a lethal dose in a single night's feeding but it may take two or more days for them to die. Due to ... anticoagulant-resistant mice.

- 3. On the Front Panel and the bait station, retain "Keep Out of Reach of Children", as the station is designed to be opened and refilled with bait.
- 4. Change "**MAY BE FATAL IF EATEN BY CHILDREN OR PETS**" with "**MAY BE HARMFUL IF EATEN BY CHILDREN OR PETS**".
- 5. Begin "Net Contents" with "Four (4) Pounds", followed by "128 ... STATIONS" and "1.0 oz. ... STATIONS".
- 6. Revise your "**PRECAUTIONARY STATEMENTS**" as follows:

**Hazards to Humans and Domestic Animals**

**CAUTION:** Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Keep away from children, domestic animals, and pets. Do not get in eyes, on skin, or on clothing. All handlers (including applicators) must wear long-sleeved shirt, long pants, shoes plus socks, and gloves. Any person who retrieves carcasses or unused bait following application of this product must wear waterproof gloves.

**User Safety Requirements**  
 Follow manufacturer's instruction for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash hands thoroughly after applying bait and before eating, drinking, chewing gum, using tobacco, or using the toilet and change into clean clothing.

[FIRST AID TEXT]

**TREATMENT FOR PET POISONING**

If animal eats bait, call veterinarian or 1-800-xxx-xxxx [optional] at once.

**NOTE TO PHYSICIAN OR VETERINARIAN**

**Contains the nerve poison Bromethalin.** This is not an anticoagulant type rodenticide. For humans or animals ingesting bait and/or showing poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.

### **Environmental Hazards**

This product is extremely toxic to mammals and birds. Dogs and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not contaminate water when disposing of equipment wash water or rinsate.

7. Revise your “**DIRECTIONS FOR USE**” as follows:

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ THIS LABEL:** Read this entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on this label.

**IMPORTANT:** Do not expose children, pets or other non-target animals to rodenticides. To help to prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

### **USE RESTRICTIONS:**

This product may only be used to control house mice in industrial and agricultural buildings, homes<sup>1</sup>, and similar man-made structures. This bait station may be used in indoor areas accessible to children, consistent with all use restrictions and other requirements indicated in this label.

**DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO PETS.** Do not place this product in areas where there is a possibility of contaminating food, animal feed, water or surfaces that come in direct contact with food, feed, or water. Do not place station near or inside ventilation equipment or ventilation duct openings.

Do not sell this product in individual containers holding less than 4 pounds of bait.

**SELECTION OF TREATMENT AREAS:** Determine areas where house mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in corners and concealed places, or in locations where house mice or their signs have been seen. Remove as much alternative food as possible.

**INSTRUCTIONS FOR SECURING ... PETS AND WILDLIFE [Applicators need to cover the securing of stations before placing them.]**

---

<sup>1</sup> At your option, delete “homes” for the Sublabel A.

## APPLICATION DIRECTIONS

**HOUSE MICE:** Place a single unit at each placement location. Space placements at 8- to 12-foot intervals. Replace units if contents are consumed or contaminated, or if units are severely damaged. If units are untouched after three days, move to new locations consistent with label text. Maintain an uninterrupted supply of fresh bait for at least 15 days or until there are no longer signs of new feeding by house mice.

**FOLLOW-UP:** Replace contaminated or spoiled bait immediately. Using waterproof gloves collect and dispose of all dead, exposed animals and leftover bait properly. To prevent reinfestation, limit sources of food, water and harborage for house mice as much as possible. If reinfestation does occur, repeat treatment.

8. Revise your “**Storage and Disposal**” text as follows:

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store only in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. [Plastic:] Triple rinse (or equivalent), then offer for recycling or recondition; or puncture and dispose of in a sanitary landfill; or by incineration.

[Paper:] Dispose of empty container by placing in trash, at an approved waste disposal facility or by incineration.<sup>1</sup>

As stated in 40CFR156.140(a)(4), a batch code must be included on the label or package for container and containment for nonrefillables.

9. On the “Text for Sticker”, change “non-refillable” to “refillable”.

10. Delete these “**OPTIONAL MARKETING CLAIMS**”:

- a. Can kill in one feeding
- b. Kills in one feeding
- c. Fast and effective house mice control
- d. Provides fast (quick) control
- e. More mice controlled with less bait
- f. Eliminates(s) house mice
- g. Nibble ridges increase mice (bait) acceptance
- h. Easy to use refillable bait station

B. submit Storage Stability (830.6317) and Corrosion Characteristics (830.6120) data within 15 months of the date of this Notice of Registration.

The Confidential Statement of Formula (CSF) dated June 23, 2010, is acceptable. All other versions are obsolete.

With the above revisions, this product is in full compliance with the Agency's revised May 28, 2008 "*Risk Mitigation Decision for Ten Rodenticides*".

**Note:** Should you wish to add a reference to the company's website on your label, please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, **regardless of whether a website is referenced on your product's label**, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

**Terms and Conditions**

This product is prohibited for Sale in Stores Oriented towards Residential Consumers: Grocery, Drug, Hardware and Home Improvement. This product is acceptable for Sale in Stores Oriented toward Agricultural Consumers: Farm Agricultural, Tractor Stores and pest control operators.

Product may not be sold in packaging that holds less than 4 pounds of bait.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of this condition.

A stamped copy of the label is enclosed. If you have any questions, please contact Dan Peacock by phone (703-305-5407) or E-Mail (peacock.dan@epa.gov).

- Enclosures: 1. Stamped Label
- 2. Minimum Type Sizes for Final Printed Label

Note: This master label bears directions and sublabels A and B for Agricultural/Industrial and Professional Uses, respectively, with use restrictions specific to the container size and user.

poisoned if they feed upon animals that have eaten this bait. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**READ THIS LABEL:** Read this entire label and follow all use directions and use precautions. Use this product only for sites, pests, and application methods described on this label.

**IMPORTANT:** THIS BAIT STATION MAY BE USED IN INDOOR AREAS ACCESSIBLE TO CHILDREN, CONSISTENT WITH USE RESTRICTIONS AND OTHER REQUIREMENTS INDICATED IN THIS LABEL. DO NOT USE THIS PRODUCT OUTDOORS OR IN AREA ACCESSIBLE TO PETS.

To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Dispose of product container and unused, spoiled and unconsumed bait as specified on this label.

**USE SITES:** For indoor use only. This product may be used to control house mice in industrial, commercial, and agricultural buildings.

**USE RESTRICTIONS:** Do not use this product in sewers or any outdoor area. Do not place this ready-to-use bait station in any area where there is a possibility of contaminating food or surfaces that come into contact with food. Do not use in edible product areas of food or feed processing plants or other areas where food or feed is commercially prepared or processed. Do not contaminate food/feed or food/feed handling equipment or place near or inside ventilation duct openings. Do not use this product in homes or residential buildings. Do not deliberately remove bait from bait station for broadcasting. Do not sell this product in individual packages holding less than 4 pounds of bait.

**SELECTION OF TREATMENT AREAS:** Determine areas where house mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Remove as much alternative food accessible to rodents as possible.

**APPLICATION DIRECTIONS:** The active ingredient in this product is different from anticoagulant rodenticides. Individual house mice cease feeding after consuming a toxic dose.

**House Mice:** Place bait stations 8 to 12 feet apart. Highest bait consumption is expected to occur on the first day or two after treatment. After several days, inspect bait placements and replace with new bait at sites where there is heavy feeding or where there is continued evidence of house mouse activity. Continue baiting until all signs of house mouse activity have ceased.

While wearing gloves, collect and properly dispose of all dead house mice and used bait stations. To discourage reinfestation, limit sources of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish as needed.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Keep away from humans, domestic animals and pets. May be harmful or fatal if swallowed. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling bait.

**User Safety Requirements:**

Follow the manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep PPE separate from other laundry. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash hands thoroughly after applying bait and before eating, drinking, chewing gum, using tobacco, or using the toilet, and change into clean clothing.

---

**INSTRUCTIONS FOR SECURING THE MOUSE BAIT STATION:**

1. Turn the Bait Station upside down. On the bottom of the station will be an adhesive pad with a green-checked plastic cover over it. Peel the cover off the adhesive pad, leaving the pad intact and attached. This will expose an adhesive surface that can be used to place the Bait Station securely in your desired location.
2. Place Bait Station with adhesive pad down on a clean, flat, solid surface in the area where rodent activity has been noted. Press down firmly for 10 seconds to adhere Bait Station to surface. Your Station is now in place for baiting.

**INSTRUCTIONS FOR OPENING, REFILLING & RECLOSING THE MOUSE BAIT STATION:**

1. To open the Bait Station, put on gloves and insert the plastic key into the lock on top of the Bait Station lid. Push the key all the way down into the lock and turn key in the direction of the arrow to open the station lid.
2. **REMOVE AND SAVE KEY**
3. Remove the plastic bait holder and discard any remaining bait from both the holder and the bait station. Place one refill block of bait into each side of the plastic bait holder, with center holes facing upward.

4. Insert plastic bait holder with two refill baits into the middle Bait Station compartment as shown below.

5. With plastic bait holder and refills in place, snap the lid of the Bait Station shut by pressing down on the lock.
6. **CLEAN AROUND THE BAIT STATION AREA BY REMOVING ALL REMAINING BAIT & BAIT CRUMBS. ENSURE THAT GLOVES & BAIT ARE DISPOSED OUT OF REACH OF CHILDREN, PETS AND WILDLIFE.**

---

---

**STORAGE AND DISPOSAL**

---

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Refillable container. Dispose of used stations in a sanitary landfill or by incineration. Do not burn, unless allowed by state and local ordinances. If burning, stay out of smoke.

---

---

**NOTICE OF WARRANTY**

Buyer assumes all responsibility for safety and use not in strict accordance with directions for use.
