## Storage and Disposal

Storage: Store in a cool, dry (preferably locked) place inaccessible to children and pets. Protect from freezing. Disposal: Do not reuse empty container; wrap and put in trash.

#### SHAKE WELL BEFORE USING

#### HOLD CONTAINER UPRIGHT

#### To Kill Fleas and Flea Larvae

Cages: Remove pet from cage. Hold sprayer at least two feet away from cage. Spray directly into cage. Also spray adjacent areas. Do not spray on plastic cages.

Pets: Remove pet from cage. Hold sprayer and point nozzle opening in desired direction of spray. Spray the pet from a distance of 6-8 inches. Start spraying at the tail, moving the dispenser rapidly and making sure that the pet's entire body is covered, including the legs and under body. Fluff the hair so that spray will penetrate to the skin. Make sure spray thoroughly wets pet. Do not spray into eyes or face. Allow pet to dry before returning it to its cage. As pet dries, keep it in a warm area to prevent it from getting chills.

Spray pets and cages two to three times a week. Replace bedding after each spraying.
