USE ONLY ON DOGS, CATS, HORSES AND FOALS**

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Storage and Disposal

Storage: Store in a cool, dry (preferably locked) place inaccessible to children and pets. Do not use or store near heat or open flame. **Disposal:** Do not use empty container; wrap and put in trash.

HOLD BOTTLE IN UPRIGHT POSITION WHEN SPRAYING.

Cats and Dogs

Cover animal's eyes with hand and with a firm stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips rub into face around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long haired dogs rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Do not reapply product for one week. Do not use on puppies or kittens under 12 weeks. Consult a veterinarian before using this product on debilitated, medicated, aged, pregnant or nursing animals.

Pet's Sleeping Quarters

Spray around baseboards, windows, door frames, wall cracks and local area of floors. If mosquitoes, gnats or flies are present, lightly spray into the air. Repeat as needed. Spray pet's bedding, making sure the area beneath the bedding is sprayed. After spray has dried, remove old bedding and replace with fresh bedding. Treat pets with a flea and tick control product registered for use on pets before allowing them to enter treated area.

Horses/Foals

Use full strength to control stable flies, horse flies and face flies. Apply to face, legs, flanks, top line and other body areas commonly attacked by these flies. Do not wet horse's skin with excessive spray. After application, thoroughly brush to bring out bright sheen on the coat. If treatment of foals under six weeks old is necessary, spray on fingertips and rub onto coat. Repeat treatment as needed. Not for use on horses foals intended for human consumption.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Humans: Harmful if swallowed or inhaled. Avoid breathing mist. Avoid contamination of food. Thoroughly wash with soap and water after use. **Animals:** Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, immediately consult a veterinarian.

First Aid

If Swallowed	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If Inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
