ON HARD NON-POROUS ENVIRONMENTAL SURFACES
KILLS HOUSEHOLD GERMS**

SPRAY DISINFECTANT AND AIR DEODORANT

(Prevents) mold, mildew and bacteria on environmental surfaces in your home and in public places. Disinfects and deodorizes surfaces through effective bacterial and fungicidal activity. Kills *Staphylococcus aureus* (Staph), *Streptococcus hemolyticus* (Strep), *Pseudomonas aeruginosa*, *Mycrobacterium bovis* (BCG), *Salmonella choleraesuis* and *Trichophyton mentagrophytes* (athletes foot fungus) on hard, non-porous environmental surfaces.

Meets AOAC Efficacy Standards for hospital aerosol disinfectants.

Sprayed on Surfaces: Deodorizes by disinfecting. Germicidal activity kills most odor-producing organisms. (Disinfects) (Kills) Staph. and Strep. organisms, athletes foot fungus and prevents mold and mildew on hard, non-porous environmental surfaces.

Sprayed in the Air: Controls unpleasant odors. Pleasantly scented. For use in hospital rooms, sick rooms, doctors' examining rooms, kitchens, nursery and bathrooms. Spray on draperies, upholstered furniture and curtains to eliminate odors.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

Prior to application, thoroughly clean all surfaces to be treated to remove gross filth or heavy soil.

To Disinfect: Hold can upright and spray from a distance of 6 to 8 inches until area for treatment is thoroughly moistened and allow to dry for 10 minutes before wiping or allow to air dry.

For Control of Mold and Mildew on Hard, Non-Porous Environmental Surfaces: Spray surface until thoroughly moistened. Allow to air dry. Repeat application in 7 days.

For Control of Fungus in areas such as bathrooms, locker rooms, floors, benches, shower stalls or other non-porous environmental surfaces commonly contacted by bare feet: Spray surface until thoroughly moistened. Allow to air dry.

For Deodorizing the Air: Direct the spray upwards, toward center of room, for 3 to 5 seconds.

For Use On: Walls, floors, bedframes, bedpans, urinals, furniture, fixtures, containers, toilet seats, diaper pails, telephones, trash cans, and sickrooms. Spray telephone and similar bedside equipment not easily subject to normal disinfecting procedures. Use on shower curtains for controlling mold and mildew.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

STORAGE AND DISPOSAL

Storage: Store in a cool dry place away from heat or open flame.

Disposal: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (Do not Puncture!) If recycling is not available, wrap the container and discard in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING: Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Avoid contamination of food and feed utensils.

Statement of Practical Treatment [First Aid]

If in Eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 degree may cause bursting. Do not spray on polished wood, furniture or rayon fabrics.
