Greely, CO 80634-4699

Subject: Label Amendment – Updating directions for use, adding marketing claims, one graphic, incorporating revisions submitted November 27, 2020 and updating the company name change.

Product Name: Spray Disinfectant

EPA Registration Number: 67603-4

Application Dates: 11/27/2020, 01/26/2021, 3/29/2021

Action Case Numbers: 216996, 216565, 295938

Dear Ms. Davis:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Also, the following Alternate Brand Names have been accepted:

- Anti-Bacterial Disinfectant Spray; Antibacterial Disinfectant Spray
- Sherwin-Williams Anti-Bacterial Disinfectant Spray; Sherwin-Williams Antibacterial Disinfectant Spray
- Sherwin-Williams Living Well Anti-Bacterial Disinfectant Spray
- Sherwin-Williams Living Well Antibacterial Disinfectant Spray

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Stacey Grigsby by phone at 703.305.6440, or via email at [grigsby.stacey@epa.gov](mailto:grigsby.stacey@epa.gov).

Sincerely,

Stacey Grigsby  
Regulatory Risk Manager, 34  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

Enclosure: 10/22/2021 Accepted stamped label

**Keep Out of Reach of Children**

**WARNING**

See back [side] panel for First Aid and additional Precautionary Statements.

\_\_\_ oz./ \_\_\_ g Net Wt.

{Back/Side Panel:}

**Spray Disinfectant**

**First Aid**

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For medical emergencies, call the poison control center at 1.800.222.1222. For general information on this product call {appropriate number}[, Monday through Friday, 9 am to 5 pm {time zone, such as Eastern, Central, etc.}] or contact the National Pesticides Information Center (NPIC) at 1.800.858.7378, Monday through Friday, 8 am to 12 pm (Pacific), or at <http://npic.orst.edu>.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans & Domestic Animals**

**WARNING:** Causes substantial, but temporary, eye injury. Do not get in eyes or on clothing. Wear protective eyewear. Thoroughly wash hands after using and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**Physical or Chemical Hazards**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use on polished wood, painted surfaces, leather, rayon fabrics, acrylic plastics or furniture.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Shake Well Before Using**

For use only on pre-cleaned, hard, non-porous, non-food environmental surfaces.

Hold can upright and spray from a distance of 6 to 8 inches.

**To Clean:** Prior to disinfection/sanitization, thoroughly pre-clean all surfaces to be treated by removing all gross filth and heavy soil.

**To Disinfect:** Spray until area for treatment is thoroughly moistened. Allow surfaces to remain wet for 10 minutes before wiping. After disinfection, a potable water rinse is required. Do not use to disinfect appliances, refrigerator interiors and microwave oven interiors. Do not use on dishes, glasses or utensils. [*Alternate language for residential-use products:*] Do not use to disinfect/sanitize appliance, refrigerator and microwave interiors. Do not use on dishes, glasses or utensils.]

**To Sanitize:** Spray surface until entire area is thoroughly wet. Allow to remain wet for 5 minutes before wiping.

**For Control of Mold and Mildew:** Spray surfaces until thoroughly moistened. Allow to air dry. Repeat application in 7 days.

**For Control of *Trichophyton interdigitale* (Athlete's Foot Fungus)** in areas such as bathrooms, locker rooms, floors, benches, shower stalls or other surfaces commonly contacted by bare feet. Spray surface until thoroughly moistened. Allow surfaces to remain wet for 10 minutes. Allow to air dry.

*{The following two paragraphs must be used when label has the HIV-1 claim:}*

**Kills HIV on pre-cleaned environmental surfaces and objects previously soiled with blood or body fluids** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces or objects with blood or body fluids, and in which the surfaces and objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus type 1 (HIV-1) (associated with AIDS).

**Special instructions for cleaning and decontamination against HIV on surfaces and objects soiled with blood or body fluids:** **Personal Protection:** Specific barrier protection items to be used when handling items soiled with blood or body fluids are disposable latex gloves, gowns, masks and eye coverings. **Cleaning Procedure:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant. **Disposal of Infectious Materials:** Blood and other body fluids must be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal. **Contact Time:** Leave surfaces wet for 10 minutes. This contact time will not control other common types of viruses and bacteria.

*{The following paragraph is required when the product bears human medical use sites/articles/surfaces:}*

#### Precautions

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection. [*Alternate statement for product intended for non-medical use/environments:*] This product is not for use on medical devices or medical equipment surfaces.]

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store upright in a cool, dry place away from heat or open flame. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. [This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. Do not Puncture! If recycling is not available, discard container in trash.] **If partly filled:** Call your local solid waste agency for disposal instructions.

*{Per PR Notice 2007-4 the batch code/lot number will appear on the label or container.}*

 **NOTICE:** Cancer – [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

### Surfaces

*{For the following surfaces a grid format will be used if market label space permits; otherwise a paragraph format will be used. The following may also be used, in plural or singular form as appropriate, to select from use in marketing statements:}*

Bathtub (Tub) (Tile)	Glazed porcelain	Sealed granite
Chrome	Laminate (surfaces)	Shower (curtain plastic liner)
Diaper Pails	Linoleum	Sinks (basin)
Door knob (handle)	Marble (Cultured)	Stainless steel+
Examination tables	Marble (Synthetic)	Telephones
Fixtures	Metal+	Tin
Faucets	Metal blinds	Toilet (seats)(areas)
Garbage (cans) (pails) (bins)	Plastic	(Toilet) (Urinal)(Exteriors)
Glass	Plastic mattress covers	Vinyl (tile)
Glass-topped furniture	Recycling bins	Wheelchairs
Glazed ceramic tile	Remote controls	Windows (windowsills)
+Non-Medical or Fixture		

### Microorganisms

[Abbreviations may be included but must appear in (parentheses)]

#### [Bacteria]

*Enterobacter aerogenes* (ATCC 13048)  
Methicillin Resistant *Staphylococcus aureus* (Staph) (MRSA) (ATCC 33591)  
*Mycobacterium bovis* (BCG) (ATCC 19274)  
*Pseudomonas aeruginosa* (ATCC 15442)  
*Salmonella enterica* (ATCC 10708)  
*Staphylococcus aureus* (Staph) (ATCC 6538)  
*Streptococcus hemolyticus* (Strep) (ATCC 21059)  
Vancomycin-Resistant *Enterococcus faecalis* (VRE) (ATCC 51575)

#### [Fungus]

*Trichophyton interdigitale* ATCC 9533 (Athlete's Foot fungus)

#### [Viruses]

Human Immunodeficiency Virus Type-1 (HIV-1) (AIDS virus)  
Influenza A Virus Strain Hong Kong (ATCC VR-544)  
Influenza A Virus (ATCC VR-1469)  
Influenza B Virus (ATCC VR-823)

Prevents mold and mildew on environmental surfaces in your home and in public places. Disinfects and deodorizes surfaces through effective bacterial and fungicidal activity. Kills *Staphylococcus aureus* (Staph), *Streptococcus hemolyticus* (Strep), *Pseudomonas aeruginosa*, Methicillin-Resistant *Staphylococcus aureus* (MRSA), *Mycobacterium bovis* (BCG), *Salmonella enterica*, *Trichophyton interdigitale* (Athlete's Foot fungus), Vancomycin-Resistant *Enterococcus faecalis* (VRE), Influenza A Virus, Influenza B Virus, Swine Influenza A Virus Strain (H1N1) and Influenza A Virus Strain Hong Kong on pre-cleaned, hard, non-porous environmental surfaces.

**Sprayed on Surfaces:** Deodorizes by disinfecting. Germicidal activity kills most odor-producing organisms. Controls unpleasant odors. Pleasantly scented. For use in hospital rooms, sick rooms, doctors' examining rooms, kitchens, nurseries and bathrooms.

**\*\*Sanitizes:** Kills 99.9% of *Staphylococcus aureus* (Staph), and *Enterobacter aerogenes* on pre-cleaned, hard non-porous, non-food contact surfaces with a 5 minute contact time.

**For Use on:** Walls, floors, bedframes, bedpans, urinals, fixtures, containers, toilet seats, diaper pails, telephones, trash cans, and sickrooms. Due to the possibility of electric shock when used on telephones, avoid excess spraying of telephone.
