UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, D.C. 20460-0001

OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

September 20, 2011

Jamie Zajac  
The Sherwin-Williams Company  
101 Prospect Ave. NW  
Cleveland, OH 44115

Subject: Amended Reregistration Label  
Product Name: Wasp and Hornet Killer  
EPA Registration Number: 67603-11  
EPA Decision Numbers: 436081, 413336, and 410230

Dear Mr. Zajac:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the PBO, tetramethrin and permethrin REDs, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 3/1/10

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped

after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Jennifer Urbanski at 703-347-0156 or [urbanski.jennifer@epa.gov](mailto:urbanski.jennifer@epa.gov).

Sincerely,

 Richard J. Gebken  
Product Manager (10)  
Insecticide Branch  
Registration Division (7504P)

# Wasp & Hornet Killer

[[Select marketing claims from "Marketing Claims" section]]

**Active Ingredients:**

Tetramethrin (CAS No. 7696-12-0) .....	0.10%
Permethrin (CAS No. 52645-53-1) .....	0.25%
Piperonyl butoxide* (CAS No. 51-03-6) .....	0.50%

**Other Ingredients\*\*** ..... 99.15%

Total ..... 100.00%

\*(butyl carbityl)(6-propylpiperonyl) ether and related compounds

\*\*Contains petroleum distillate

**Keep Out of Reach of Children**

**CAUTION**

See back panel for First Aid and additional Precautionary Statements.

EPA Reg. No. 67603-11

EPA Est. 10900-OH-1, 33915-MI-1

Refer to bottom of container for production facility

Net Weight: \_\_\_ oz. (\_\_\_ g)

{8 oz. through 1 pound}

{Back Panel}

**First Aid**

<b>If in Eyes:</b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b>If Swallowed:</b>	<ul style="list-style-type: none"> <li>• Immediately call a poison control center or doctor for treatment advice.</li> <li>• Do not induce vomiting unless told to do so by a poison control center or doctor.</li> <li>• Do not give <b>any</b> liquid to the person.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 {or other appropriate 24/7 number} for emergency medical treatment information.

**Note to Physician:** Contains petroleum distillate – vomiting may cause aspiration pneumonia.

*{Note: The First Aid statements grid format will be used if market label space permits; otherwise a paragraph format will be used.}*

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans & Domestic Animals**

**CAUTION: Contains petroleum distillates.** Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**ACCEPTED**  
**SEP 20 2011**

**Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended, for the  
pesticide registered under:**

EPA. Reg. No: 67603-11

### User Safety Recommendations

Users should wash hands before eating, drinking chewing gum, using tobacco or using the toilet. Users should immediately remove clothing/PPE if pesticide gets inside, then thoroughly wash and put on clean clothing. Users should immediately remove PPE after handling this product. Wash the outside of gloves before removing. As soon as possible, thoroughly wash and change into clean clothing.

### Physical or Chemical Hazards

**Flammable.** Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

### Environmental Hazards

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash waters.

This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.

### Shake Well Before Using

#### Restrictions

**When used indoors:** Do not allow adults, children or pets to enter the treated area until vapors/mists/aerosols have dispersed, sprays have dried and the treated area has been thoroughly ventilated; and remove pets/birds and cover fish aquariums before spraying. Not for broadcast use on indoor surfaces. Do not apply when food is present. Cover or remove exposed food. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use. Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially prepared or processed. Not for use in Federally-inspected meat and poultry plants. Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils. Avoid directly spraying vegetation. **When used outdoors:** Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. All outdoor applications must be limited to only spot or crack-and-crevice treatments, except for the following permitted uses: 1) Treatment to soil or vegetation around structures; and, 2) Applications to building foundations, up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to only spot and crack-and-crevice applications. Do not water treated area to the point of runoff. Do not make applications during rain.

#### Read Entire Label

For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. May cause staining (darkening) of asphalt surfaces and shingles. [Remove protective cap.] Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is

thoroughly saturated to kill the entire nest population. Residual action will keep wasps and hornets from returning to the nest. Wait at least 24 hours before removing the nest.

**To Kill Bees, Hornets, Yellow Jackets and Wasps** under eaves, screens, window frames, doors, patios, cracks, holes or crevices or wherever insects are noticed, spray for about 1-2 seconds where insects enter, such as outside plumbing, faucets, etc., and cracks or crevices in foundation as well as along sills and ledges.

**Storage and Disposal**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in a cool, dry area inaccessible to children and pets and away from heat, sparks and open flame. **Pesticide/Container Disposal:** Non-refillable container; do not reuse or refill this container. Do Not Incinerate or Puncture! **If empty:** Offer for recycling if available; otherwise dispose of in trash. [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.] **If partly filled:** Call your local solid waste agency for disposal instructions.

*{Per PR Notice 2007-4 the batch code/lot number will appear on the label or container.}*

**Important Note:** To the extent not prohibited by applicable law, Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

{Enlargement:  
No CFSs

Contains no CFC'S or Other Ozone Depleting Substance.  
Federal Regulations Prohibit CFC propellants in aerosols.}

PLEASE RECYCLE  
WHEN EMPTY
