FEB 16 2000

TERM OF ISSUANCE

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

CPPC Tilex IMR

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Clorox Professional Products Company
C/o PS & RC
P. O. Box 493
Pleasanton, Ca 94566-0803

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)

(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants to similar products to submit such data.
2. Add the phrase, "EPA Registration No. 67619-6" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

On the formulator's exemption statement form item 4, the source product name should be Tilex (EPA Registration Number 5813-24) not Clorox. Resubmit corrected formulator's exemption form.

AVOID PROLONGED BREATHING OF VAPOR

Use in well ventilated areas. Open windows and turn on fans before use. If the vapors bother you, leave the room while this product is working. For sensitive skin or prolonged use, wear gloves.

For 55 gallon drums: To Fill Secondary Spray Bottles, Refill Bottles or Buckets: Using a drum bung wrench, remove the light colored drum bung. Remove spigot from underside of bung. Drill or punch hole in the center of the bung and screw spigot tightly on to the top of the bung. With drum handling equipment, lay drum on side in rack or cradle with the spigot facing down. Slightly loosen second drum bung with wrench for venting. Rotate spigot lever 180° for dispensing. Close spigot and tighten vent when finished.

{If drum pump is available,} remove light colored drum bung with drum bung wrench and insert drum pump for dispensing product.

For Refill Bottles: To Refill:

Remove	Pour	Use	-or-
1. Remove trigger sprayer -or- cap from empty bottle.	2. Unscrew cap on refill and pour contents directly into empty bottle.	3. Replace trigger sprayer and use as you normally would.	Unscrew cap and transfer your trigger to this bottle.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Turn sprayer nozzle counterclockwise to open. **TO REMOVE MILDEW STAINS:** Spray, wait until stains disappear and rinse. **TO CLEAN SOAP SCUM:** Spray, wait a few minutes, wipe with sponge. Heavy soap scum or mildew buildup may need two cleanings. This product may not be able to remove mildew and soap scum imbedded in hard water deposits, old grout or silicone caulking. **TO DISINFECT AND KILL MILDEW ON HARD NON-POROUS SURFACES:** Spray surface such as tile until thoroughly wet, let stand five minutes and rinse. For heavy soil, pre-cleaning is required. This product kills Staphylococcus aureus (staph), Streptococcus pyogenes (strep), and Trichophyton mentagrophytes (Athlete's foot fungus). **FOR SOAP SCUM PROBLEMS:** Use CPPC PS Spray 19054. (EPA Reg. No. 67619-XX)

WHERE TO USE: Works on tile, grout, tubs, fiberglass, shower doors, vinyl curtains, counters, sinks, and no-wax floors. Rinse immediately after use on rubber, plastic and vinyl. Avoid prolonged contact with metal and old porcelain as this product can react with these materials and leave a "rusty" stain. Do not use on wood or painted surfaces unless you plan to refinish or repaint them. Avoid contact with aluminum, clothes, fabric, carpet or paper surfaces as they will discolor.

TO CLEAN AND DISINFECT TOILET BOWLS: Flush toilet and add 1 cup -or- 8 oz. of this product to bowl. Brush to thoroughly wet all surfaces including under rim. Let stand 5 minutes before flushing.

FLOORS: Mop washable floors including no-wax floors, linoleum, vinyl and ceramic tile with 1 cup -or- 8 oz. of this product per gallon of warm water. Rinse for best shine.

CEMENT POOL AREAS: Apply liberally (full strength) and rinse. **VINYL AND PLASTIC OUTDOOR FURNITURE:** Sponge on full strength and rinse immediately.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.

WARNING: Causes substantial but temporary eye injury and can irritate skin. For sensitive skin or prolonged use, wear gloves. Do not get in eyes or on clothing. Vapors may irritate. Use only in well ventilated areas. Avoid prolonged breathing of vapors. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. Due to irritating nature, may be harmful if swallowed.

STATEMENT OF PRACTICAL TREATMENT: If in eyes, hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Get medical attention. If swallowed, drink large amounts of water. DO NOT induce vomiting. Call a physician or poison control center immediately. If breathing is affected, get fresh air immediately. If on skin, wash thoroughly with water. Remove contaminated clothing and wash before use. Get medical attention if irritation persists.

PHYSICAL AND CHEMICAL HAZARDS: This product contains bleach. Do not use or mix this product with other household chemicals such as products containing ammonia, toilet bowl cleaners, rust removers, vinegar or acid. To do so will release hazardous gases.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Store only in a tightly closed container in a secure area inaccessible to children. Store this product in a cool, dry area, away from direct sunlight and heat to avoid deterioration. **PESTICIDE DISPOSAL:** Use up product in accordance to use directions. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse container. Triple rinse with water. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

For containers greater than 5 gallons: ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other water unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
