

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DEC 22 2003

Ms. Sally S. Christopher
The Clorox Company
c/o PS&RC; P.O. Box 493
Pleasanton, CA 94566-0803

Subject: CPPC Tilex® IMR
EPA Registration Number 67619-6
Application Date: 10/6/03
Receipt Date: 10/7/03

Dear Ms. Christopher:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the condition listed below:

- To update the "first aid" statement in accordance with PR Notice 2001-1

Condition

Under the "Environmental Hazards" Statement add "This pesticide is toxic to fish and aquatic organisms" as the first sentence.

General Comments

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Delores Williams at (703) 308-6372.

Sincerely,

Robert S. Brennis
Product Manager 32
Regulatory Management Branch II
Antimicrobials Division (7510C)

EPA Reg. No. 67619-06 CPPC Tilex IMR Page 2 of 2

AVOID PROLONGED BREATHING OF VAPOR

Use in well ventilated areas. Open windows and turn on fans before use. If the vapors bother you, leave the room while this product is working. For sensitive skin or prolonged use, wear gloves.

For 55 gallon drums: To Fill Secondary Spray Bottles, Refill Bottles or Buckets: Using a drum bung wrench, remove the light colored drum bung. Remove spigot from underside of bung. Drill or punch hole in the center of the bung and screw spigot tightly on to the top of the bung. With drum handling equipment, lay drum on side in rack or cradle with the spigot facing down. Slightly loosen second drum bung with wrench for venting. Rotate spigot lever 180° for dispensing. Close spigot and tighten vent when finished.

[If drum pump is available,] remove light colored drum bung with drum bung wrench and insert drum pump for dispensing product.

For Refill Bottles: To Refill:

- | | | | |
|---|--|---|---|
| Remove | Pour | Use | -or- |
| 1. Remove trigger sprayer -or- cap from empty bottle. | 2. Unscrew cap on refill and pour contents directly into empty bottle. | 3. Replace trigger sprayer and use as you normally would. | Unscrew cap and transfer your trigger to this bottle. |

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Turn sprayer nozzle counterclockwise to open. **TO REMOVE MILDEW STAINS:** Spray, wait until stains disappear and rinse. **TO CLEAN SOAP SCUM:** Spray, wait a few minutes, wipe with sponge. Heavy soap scum or mildew buildup may need two cleanings. This product may not be able to remove mildew and soap scum imbedded in hard water deposits, old grout or silicone caulking. **TO DISINFECT AND KILL MILDEW ON HARD NON-POROUS SURFACES:** Spray surface such as tile until thoroughly wet, let stand five minutes and rinse. For heavy soil, pre-cleaning is required. This product kills *Staphylococcus aureus* [(staph)], *Streptococcus pyogenes* [(strep)], and *Trichophyton mentagrophytes* (Athlete's foot fungus). **FOR SOAP SCUM PROBLEMS:** Use CPPC PS Spray 19054. (EPA Reg. No. 67619-5)

WHERE TO USE: Works on tile, grout, tubs, fiberglass, shower doors, vinyl curtains, counters, sinks, and no-wax floors. Rinse immediately after use on rubber, plastic and vinyl. Avoid prolonged contact with metal and old porcelain as this product can react with these materials and leave a "rusty" stain. Do not use on wood or painted surfaces unless you plan to refinish or repaint them. Avoid contact with aluminum, clothes, fabric, carpet or paper surfaces as they will discolor.

TO CLEAN AND DISINFECT TOILET BOWLS: Flush toilet and add 1 cup -or- 8 oz. of this product to bowl. Brush to thoroughly wet all surfaces including under rim. Let stand 5 minutes before flushing.

FLOORS: Mop washable floors including no-wax floors, linoleum, vinyl and ceramic tile with 1 cup -or- 8 oz. of this product per gallon of warm water. Rinse for best shine.

CEMENT POOL AREAS: Apply liberally (full strength) and rinse. **VINYL AND PLASTIC OUTDOOR FURNITURE:** Sponge on full strength and rinse immediately.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.

WARNING: Causes substantial but temporary eye injury and can irritate skin. For sensitive skin or prolonged use, wear gloves. Do not get in eyes or on clothing. Vapors may irritate. Use only in well ventilated areas. Avoid prolonged breathing of vapors. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. Due to irritating nature, may be harmful if swallowed.

STATEMENT OF PRACTICAL TREATMENT: ~~If in eyes, hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Get medical attention. If swallowed, drink large amounts of water. DO NOT induce vomiting. Call a physician or poison control center immediately. If breathing is affected, get fresh air immediately. If on skin, wash thoroughly with water. Remove contaminated clothing and wash before use. Get medical attention if irritation persists.~~

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For further information, call 1-888-797-7225.

PHYSICAL AND CHEMICAL HAZARDS: This product contains bleach. Do not use or mix this product with other household chemicals such as products containing ammonia, toilet bowl cleaners, rust removers, vinegar or acid. To do so will release hazardous gases.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Store only in a tightly closed container in a secure area inaccessible to children. Store this product in a cool, dry area, away from direct sunlight and heat to avoid deterioration. **PESTICIDE DISPOSAL:** Use up product in accordance to use directions. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse container. Triple rinse with water. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

For containers greater than 5 gallons: ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other water unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
