Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
- 2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 67619-14"
 - b. The signal word for this product is "CAUTION"
 - c. The amount of available chlorine must be declared below this product's Ingredient Statement on the label.

- d. The proposed label does not direct the user to remove gross food particles from surfaces, wash surfaces with a good detergent or compatible cleaner, and rinse surfaces with potable water prior to applying the sanitizing solution. The proposed label must be revised to comply with DIS/TSS-17 labeling requirements.
- e. The label refers to List 1 and List 2, which apparently identify bacteria against which this product is effective. The label must be revised to include "List 1" and "List 2".
- f. The proposed label indicates that the this product may used to sanitize cutting boards. The label must specify that the cutting boards are made from a non-porous material.
- g. The proposed label indicates that the product can be used on lunch bags, lunch boxes and lunch pails. Lunch bags are made with porous materials and have been removed from the proposed label.
- h. The proposed label indicates that the product can be used on grout. Grout is a porous surface and has been removed from the proposed label.
- i. The proposed label indicates that the product can be used on patio furniture. These products may be manufactured with wood and upholstery which are porous materials. The label must be revised to indicate use of the product on "Patio furniture, except cushions and wood frames."

Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
