OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

February 4, 2019

Tony Herber
Agent for Clorox Professional Products Company
c/o Scientific & Regulatory Consultants, Inc.
201 W Van Buren Street
Columbia City, IN 46725

Subject: Label Notification per PRN 98-10 – Revised Master Label - Revisions to marketing claims; revisions to use surfaces and sites, and accompanying footnotes; combination of separate use site tables; additional website information and other minor changes as noted on the marked up label.
Product Name: Carb
EPA Registration Number: 67619-21
Application Date: Nov. 16, 2018
Decision Number: 546714

Dear Mr. Herber:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Srinivas Gowda at 703-308-6354 or via email at gowda.srinivas@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Srinivas Gowda for".

Jacqueline Hardy

Label identification

Carb, EPA Reg. No. 67619-21

R0803110

11:05 11/13/18

Formatting notes (applicable for all claims)

Now [!] -and/or- **New** [ly] [!] -and/~~&~~/or- **Improved** [!] may be added anywhere to be used as a claim descriptor and will only be used for the first 6 months of product on shelf.

Optional text may be placed anywhere on the label -and/or- container.

Bold, italicized text is information for the reader and is not part of the label.

{Bracketed information is optional text.}

All footnotes are on the last page, unless they are part of EPA's mandated text.

The word "and" may be substituted with "&". Plural words may be used in their singular form or singular words may be used in their plural form unless otherwise specified in 40 CFR.

All directions may be written in numbered form or in paragraph form.

All use surfaces and/or use sites on the label may be listed in conjunction with an image of the use surface and/or use site.

Highlighted text is new. Strike-through {text} means removed.

NOTIFICATION

67619-21

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

This product must not result in the direct or indirect contamination of food products.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eye wear (safety glasses). Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. If skin contact with product occurs, wash thoroughly with soap and water, especially prior to food handling and preparation. Remove or cover aquariums and cages before use.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. Call a poison control center or doctor for further treatment advice. Have the product container with you when calling a poison control center or doctor or going for treatment. Questions? Call 1-888-797-7225.

PHYSICAL HAZARDS: Flammable: Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° Fahrenheit may cause bursting.

Questions? Comments? Call toll-free 1-888-797-7225

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
[Shake well.] For use on non-food contact surfaces only. For surfaces that may come in contact with food [such as countertops and high chairs], a potable water rinse is required. Do not use on glassware, utensils or dishes.

To Disinfect: Spray 6 to 10 in[ches] -or- 6 - 10" from precleaned surface for 3-4 sec[onds] -or- until thoroughly wet. Surface must remain wet for 10 min[utes]. A potable water rinse is required for food contact surfaces.

Do not use on glasses, dishes, or utensils.

To deodorize: Spray on precleaned surfaces as needed.

To control and prevent the growth of mold:

Spray precleaned surface until thoroughly wet. Surface must remain wet for 1 min[ute] before wiping or air drying. Respray product as necessary for ongoing -or- continual control.

For Medical Device Use Surfaces

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

Specific instructions for HIV-1, HBV and HCV:

To kill HIV-1, HBV and HCV:

This product kills HIV-1, HBV and HCV on precleaned hard, nonporous surfaces -and/or- objects previously soiled with blood/body fluids in health care settings (e.g. hospitals, nursing homes) or other settings in which there is an expected likelihood of soiling of hard, nonporous surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS), Human Hepatitis B Virus (HBV) and Human Hepatitis C Virus (HCV).

Special instructions for using this product to clean and decontaminate against HIV-1 on surfaces/objects soiled with blood/body fluids:

Personal protection: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks and eye coverings.

Cleaning procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and other objects before applying this product.

Disposal of infectious materials: Use disposable latex gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

Contact time: Spray -or- flood surface. Let stand 30 seconds. [Rinse -or- wipe clean.] [Allow to air dry.]

Residential Use

STORAGE AND DISPOSAL:

Store at temperatures below 130°F in a locked storage area inaccessible to children and persons unfamiliar with its use. DO NOT PUNCTURE OR INCINERATE! Offer for recycling; if not available, discard empty container in trash. If partially filled: Call your local solid waste agency for disposal instructions.

Commercial/Institutional/Industrial Use

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store at temperatures below 130° F in a locked storage area inaccessible to children and persons unfamiliar with its use.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: DO NOT PUNCTURE OR INCINERATE! Offer for recycling; if not available, discard in trash. If partially filled: Call your local solid waste agency for disposal instructions.

Disinfecting Claims^b

- Antibacterial [spray -and/or- action -and/or- formula]
- An effective disinfectant for use in the kitchen, bathroom, bedroom, and other areas
- Antibacterial [Formula]
- Antibacterial Formula Disinfects
- Antibacterial -or- Germicidal [on hard, nonporous surfaces] [for Kitchens and Bathrooms]
- Antibacterial -or- Germicidal [Formula]
- Antimicrobial
- Bactericidal
- [Bathroom -or- Restroom -and/or- Kitchen] disinfectant

- Disinfects & ~~and~~ Deodorizes
- Disinfectant
- Disinfectant [for Institutional Use]
- Disinfecting formula
- Disinfecting spray
- Disinfect[s]
- Disinfects [Germs]
- Disinfects [washable] kitchen surfaces including killing [99.9% of] germs -and/or- bacteria -and/or- viruses[‡] -and/or- fungi
- Effective against [2009] H1N1 [Flu Virus]
- For Hospital -and/or- Commercial -and/or- Industrial & Institutional Use
- For Healthcare Use
- For Hospital Use
- Fungicidal ~~or~~ Antifungal
- Germicidal
- Germicidal against the following [organisms][:] -or- [This product] kills the following [organisms][:] -or- Disinfects against the following [organisms] -and/or- Fungicidal -and/or- Virucidal[‡][:] **insert organism(s) from Organism ~~list~~ Table**
- Hospital disinfectant
- ~~Kills [2009] H1N1 [Flu Virus]~~
- Kills 99.9% of Bacteria
- Kills [99.9% of] Germs
- Kills [99.9%] of Germs including [2009] H1N1 [Flu Virus]
- Kills [99.9% of] [kitchen -and/or- bathroom] bacteria
- Kills [99.9% of] **insert organism(s) from Organism ~~list~~ Table**
- Kills [and prevents the growth of] mold
- Kills Avian Influenza virus^[S]
- Kills bacteria ~~and~~/or- germs -or- viruses[‡] on washable kitchen -and/or- bathroom surfaces and fixtures
- Kills bacteria ~~and~~/or- viruses[‡]
- Kills Flu Virus^[4] [Influenza A Virus]
- Kills Germs -and/or- Flu Viruses⁴ [including [2009] H1N1]
- Kills [household] bacteria [without bleaching]
- Kills Influenza A Virus [the virus that causes the common flu]
- Kills [Salmonella enterica] [kitchen bacteria]
- Leaves hard, nonporous surfaces sanitary -or- disinfected in 10 min[utes]
- Multi-purpose disinfectant [spray]
- Provides broad spectrum kill of Gram negative and Gram positive microorganisms
- Pseudomonacidal²
- Ready to use disinfectant
- Ready to use formula provides disinfecting and deodorizing
- Spray
- Staphylocidal³
- [This product] deodorizes and disinfects hard, nonporous surfaces -or- **insert use surface(s) from Tables 1-5** -and/or- **insert surface material(s) from Table 3**
- [This product] kills 99.9% of bacteria & viruses[‡]
- [This product] kills bacteria, viruses[‡] and mold
- [This product] kills germs throughout the kitchen -or- restaurant -or- establishment -or- building on hard, nonporous surfaces plus controls mold growth
- This product kills germs -or- Kills -or- Disinfects against the following bacteria, viruses[‡], fungi[:] **insert organism(s) from Organism ~~list~~ Table**
- This product meets efficacy standards for hospital disinfectants
- This product inhibits growth of mold
- [This product] is a disinfectant that disinfects, and deodorizes in one labor saving step
- This product is effective against the pathogenic fungus Trichophyton **interdigital tested as Trichophyton mentagrophytes** (Athlete's Foot Fungus) when used as directed for disinfection with a contact time of 1 min[ute] on hard, nonporous surfaces in bathrooms, including shower stalls, floors, and glazed bathroom tiles
- This product meets AOAC Germicidal Spray Product Test efficacy standards for hospital disinfectants
- [This product] will disinfect hard, nonporous surfaces [**insert use surface(s) from Tables 1-5** -and/or- **insert surface material(s) from Table 3**] [in **insert use site(s) from Tables A-E2**]
- Use on non-critical surfaces in[:] **insert use site(s) from Table B2**
- Use [this product] to disinfect nonporous **insert use surface(s) from Tables 1-5** -and/or- **insert surface material(s) from Table 3**. [Rinse all equipment that comes in prolonged contact with skin before reuse with clean warm water (120°), and allow to air dry.
- Use this product to disinfect nonporous **insert surface(s) from Table 74**. Rinse all equipment that comes in prolonged contact with skin before reuse with clean warm water (about 120°F), and allow to air dry. [(Caution: Cleaning at the 120°F temperature will avoid overheating and distortion of the personal safety equipment that would necessitate replacement.)
- Virucidal[‡]
- ~~[Virucidal[‡]] Bactericidal -and/or- Pseudomonacidal² -and/or- Fungicidal -and/or- Deodorizer~~

~~Mold Claims~~

~~**Pandemic 2009 H1N1 Influenza A virus*****~~

- ~~• Respiratory illnesses attributable to Pandemic 2009 H1N1 are caused by influenza A virus. This product (**Product Name**) is a broad-spectrum hard surface disinfectant that has been shown to be effective against influenza A virus and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 (formerly called swine flu).~~
- ~~• This product has demonstrated effectiveness against influenza A virus and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 influenza A virus.~~

- ~~• This product has demonstrated effectiveness against influenza A virus and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 (formerly called swine flu).~~
- ~~• Kills Pandemic 2009 H1N1 influenza A virus (formerly called swine flu).~~
- ~~• Kills Pandemic 2009 H1N1 influenza A virus.~~

~~*****per Agency guidance dated October 22, 2009 "Guidance for Testing and Labeling Claims against Pandemic 2009 H1N1 Influenza A Virus (formerly called Swine Flu)"**~~

Emerging Viral Pathogen Claims

This product qualifies for emerging viral pathogen claims per the EPA's 'Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels' when used in accordance with the appropriate use directions indicated below.

This product meets the criteria to make claims against certain emerging viral pathogens from the following viral categories:

- Enveloped viruses
- Large non-enveloped viruses
- Small non-enveloped viruses

<i>For an emerging virus that is a/an...</i>	<i>... follow the directions for use for the following organisms on the label:</i>
Enveloped virus	Adenovirus Type 14 Adenovirus Type 2 Coxsackie Virus Echovirus Type 12 Feline Calicivirus (as surrogate for Norovirus) Hepatitis A Virus Poliovirus Rhinovirus Type 39 Rotavirus
Large non-enveloped virus	Coxsackie Virus Echovirus Type 12 Feline Calicivirus (as surrogate for Norovirus) Hepatitis A Virus Poliovirus Rhinovirus Type 39
Small non-enveloped virus	Coxsackie Virus ⁵ Echovirus Type 12 ⁵ Feline Calicivirus (as surrogate for Norovirus) ⁵ Hepatitis A Virus ⁵ Poliovirus ⁵ Rhinovirus Type 39

Product name -or- this product has demonstrated effectiveness against viruses similar to **insert name of emerging virus** on hard, nonporous surfaces. Therefore, **product name** -or- this product can be used against **insert name of emerging virus** when used in accordance with the directions for use against **insert name** of supporting virus(es) on hard, nonporous surfaces. Refer to the CDC -or- OIE website at **insert pathogen-specific website address** for additional information.

Insert name of illness/outbreak is caused by **insert name of emerging virus**. **Product name** -or- this product kills similar viruses and therefore can be used against **insert name of emerging virus** when used in accordance with the directions for use against **insert name of supporting virus(es)** on hard, nonporous surfaces. Refer to the CDC -or- OIE website at **insert pathogen-specific website address** for additional information.

General/Miscellaneous Claims

- Bleach-free
- Clear formula
- Color fast
- Commercial Solutions®
- Contains no abrasives, harsh acids
- Contains no bleach
- Contains no dyes -and/or- added colors
- Convenient
- Deodorizes -and/or- disinfects -or- helps deodorize
- Deodorizer [for Institutional Use]
- Deodorizes food odors [like garlic and onion] [left behind on kitchen surfaces] [after cooking]
- Do not use on acrylic plastics -and/or- natural marble -and/or- painted surfaces -and/or- paper surfaces -and/or- [polished] wood -and/or- rubber -and/or- unfinished wood
- Does not contain bleach
- Dye-Free
- Easy to use
- Eliminates mold odors
- Eliminates odors caused by bacteria [and non-fresh foods]
- Eliminates -or- reduces [kitchen] odors [in the trash can -or- recycling bin odors -or- smells] [caused by bacteria]
- Eliminates -or- Removes [kitchen -and/or- bathroom] odors
- Eliminates pet odors caused by bacteria
- Encourage your local authorities to establish a program to recycle this can
- Kills odor causing bacteria in the kitchen -or- bathroom
- Kills odor causing bacteria
- Kills -or- eliminates bacteria that cause [bad] odors
- For Professional Use
- For use in homes
- For use on both white and colored hard surfaces
- Formula for bathrooms -and/or- kitchens
- Free of Added -and/or- Dyes -and/or- Colors
- Free -or- clear of dyes
- Fresh scent formula
- Fresh Scented
- Great for everyday use [in the kitchen -or- bathroom]
- Great for Kitchens -and/or- Bathrooms [too]
- [Great] For Everyday Use [in Kitchens and Bathrooms]
- Great in the Kitchen and Bathroom
- Has a fresh scent -or- fragrance -or- smell
- [Important Facts about this product[:]]
- Institutional [size]
- Kitchen formula
- Made for kitchen surfaces and odors
- Multi-Surface
- No mixing
- No Unpleasant Odors
- Non-abrasive formula [will not scratch surfaces]
- Non-Chlorine Formula: Will not bleach clothing or colored surfaces
- [Please] Recycle empty container.
- Prevents [odors]
- Professional size
- Removes -or- Eliminates odors
- This can is made from an average of 25% recycled steel (10% post-consumer)
- [This product] deodorizes areas that are hard to keep fresh smelling, in the **insert use site(s) from Tables A-E 2**
- [This product] will deodorize hard, nonporous surfaces [including **insert use surface(s) from Tables 1-5** -and/or- **insert surface material(s) from Table 3** in **insert use site(s) from Tables A-E 2**] [where obnoxious odors may develop]
- [This product] will deodorize surfaces in **insert use site(s) from Tables A-E 2**
- Will not harm most hard, nonporous surfaces
- Will not harm Special -or- Premium Surfaces
