Subject: PRIA Label Amendment – Add SARs-CoV-2 Claims  
Product Name: Stream  
EPA Registration Number: 67619-33  
Application Date: September 25, 2020  
Action Case Number/Decision Number: 00217620

Dear Mr. Venable:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 67619-33  
Action Case No./Decision No. 00217620

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Tiffany Green by phone at 703-347-0314, or via email at [green.tiffany@epa.gov](mailto:green.tiffany@epa.gov).

Enclosure

**Label identification**

Stream, EPA Reg. No. 67619-33

RC168083

12:10 2/17/21

**ACCEPTED**

02/23/2021

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 67619-33

**Formatting notes** (applicable for all claims)

**Now[!]** -and/or- **New[!]** -and/or- **Improved[!]** may be added anywhere to a claim and will only be used for the first 6 months of product on shelf

Optional text may be placed anywhere on the label -and/or- container.

**Bold, italicized** text is information for the reader and is not part of the label.

Bracketed information is optional text.

All footnotes are on the last page, unless they are part of EPA's mandated text.

The word "and" may be substituted with "&". Plural words may be used in their singular form or singular words may be used in their plural form unless otherwise specified in 40 CFR.

All directions may be written in numbered form or in paragraph form.

All use sites and/or use surfaces on the label may be listed in conjunction with an image of the use site and/or use surface.

Highlighted text is new. Strike-through text means removed.

ACTIVE INGREDIENT:

Hydrogen Peroxide ..... 2.20%

OTHER INGREDIENTS:..... 97.80%

TOTAL:..... 100.00%

[NET] [CONTENTS]\_\_\_\_\_

[Contains] no phosphorus -or- phosphates

**For labels with veterinary uses**

**ENVIRONMENTAL HAZARD:** This pesticide is toxic to birds, fish, and aquatic invertebrates. Caution should be used when applying indoors because pets may be at risk.

**Refillable bottles intended to be refilled by the consumer**

**STORAGE AND DISPOSAL:** Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration. Do not reuse or refill this container except as described in the directions for use. Refill only with this product. Offer for recycling or place in trash.

**Nonrefillable bottles**

**STORAGE AND DISPOSAL:** Store this product in a cool [dry] area, [away from direct sunlight and heat] to avoid deterioration. Nonrefillable container. Do not reuse or refill empty container. Recycle empty container or discard in trash.

**For containers greater than 1 gallon**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store only in tightly closed container in a secure area inaccessible to children.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill empty container. Triple rinse promptly, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**PESTICIDE DISPOSAL:** Use up product in accordance to use directions. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

### Operating Trigger

#### To Operate:

Open hinged cover of sprayer and snap into opening on top. -or- Turn -or- Rotate nozzle [counterclockwise] to “spray” -or- “stream” -or- ON [setting]. -or- Adjust [nozzle] to desired pattern.

-or- [To open, turn nozzle.] Spray [6-8 inches from surface]. Rub -or- wipe with brush -or- paper towel -or- sponge -or- [lint-free] cloth. Do not breathe spray or mist.

[When almost empty, -or- To spray every drop[,][:] tilt bottle downward -or- at a downward angle [while spraying].]

**Optional Directions for Product Supplied in Refill Bottles:** Refill only with this product.

#### Alternate for Refill Bottle:

To Refill [Spray Bottles]:

#### Remove

Remove trigger sprayer -or- cap from empty bottle.

#### Pour

Unscrew cap on refill and pour contents directly into empty bottle. [Use a funnel to minimize product spills -or- waste.]

#### Use

Replace trigger sprayer and use as you normally would. -or- Unscrew cap and transfer your trigger to this bottle. -or- Replace cap and use as you normally would. [Fill -or- refill the **insert number** [fl] oz **this product** spray bottle with **this product** refill. Pour product into spray bottle over sink or tub basin.]

#### For foldout label:

Peel [here] [for] [additional] [directions]

**Trigger options: To refill:** Twist trigger [on spray bottle] [1/4 turn -and/or- counterclockwise] [and pull up -or- upward[s]] to remove. [Fill spray bottle with refill solution.] [After refilling spray bottle,] [to replace trigger,] Align [red tip] tube on trigger [head] over [small] opening -or- tube [on] [the] inside [of the bottle]. [[Note that] trigger [head] should point in [the] same direction as [the] tube [running] on the outer edge of the bottle.] Press [straight] down on the trigger [head], [applying even pressure] [until it clicks -and/or- locks] [into place].

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### *Disinfection*

**Hard Nonporous Surfaces: -or- Sealed Ceramic Tile, Porcelain, Shower Walls, Floors and Other Hard Nonporous Surfaces:** [Set trigger to SPRAY.] Spray [6-8 inches from surface] until surface is thoroughly wet. Allow this product to [penetrate and] remain wet for contact time listed below [-or- on label] [-or- on organism table]. Then wipe. [Rinse.] For visibly soiled areas, precleaning is required. Rinse with potable water for food-contact surfaces. For all others, no rinsing is required. [If streaking is observed, wipe with a clean, damp [microfiber] cloth -and/or- paper towel.]

**One-Step Disinfection -or- Disinfecting and Cleaning of Toilets [and Urinals]:** Remove visible filth before disinfection. Apply product to exposed surfaces above the water line. [Brush or swab thoroughly, especially under the rim.] Allow this product to [penetrate and] remain wet for the contact time listed below -or- on label [-or- on organism table] [, then wipe -or- flush]. **[Urinals:** Spray [6-8 inches from surface] until surface is thoroughly wet. [Brush or swab thoroughly.] Allow this product to [penetrate and] remain wet for the contact time listed below -or- on label [-or- on organism table]. [Then wipe -or- flush. [Rinse.] For visibly soiled areas, precleaning is required.]

**One-Step Disinfection -or- Disinfecting and Cleaning [of] Toilets Bowls [and Urinals:] [Toilets:]** Remove visible filth before disinfection. Empty toilet bowl and apply product to exposed surfaces. [Brush or swab thoroughly, especially under the rim.] Allow this product to [penetrate and] remain wet for the contact time listed below -or- on label [-or- on organism table], [then wipe -or- flush]. **[Urinals:** Spray [6-8 inches from surface] until surface is thoroughly wet. [Brush or swab thoroughly.] Allow this product to [penetrate and] remain wet for the contact time listed below [-or- on label] [-or- on organism table]. [Then wipe -or- flush.] [Rinse.] For visibly soiled areas, precleaning is required.]

***The following statement only to be used on institutional labels with medical use sites, medical devices and/or bloodborne pathogens:***

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream, or normally sterile areas of the body, or (2) contacts intact mucous membranes, but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

***Special Instructions for Use Against HIV-1, HBV, and HCV***

This product kills HIV-1, HBV and HCV on precleaned hard, nonporous surfaces/objects previously soiled with blood/body fluids in health care settings [(hospitals, nursing homes)] or other settings in which there is an expected likelihood of soiling of hard, nonporous surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus (HIV-1) (associated with AIDS), Human Hepatitis B [(Virus)] (HBV) and Human Hepatitis C [(Virus)] (HCV).

**Special instructions for using this product to clean and decontaminate against HIV-1, HBV and HCV on surfaces/objects soiled with blood/body fluids: Personal Protection:** When handling items soiled with blood or body fluids, use disposable impervious gloves, gowns, masks and eye coverings. **Cleaning Procedure:** Blood and other body fluids must be thoroughly cleaned from surfaces and other objects before applying this product. **Contact Time:** Allow surface to remain wet for 1 min[ute] for HBV and HCV and 30 sec[onds] for HIV-1. The contact times for other bacteria and viruses may differ. See product label for contact times. **Disposal of Infectious Materials:** Use disposable impervious gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

**To Preclean Instruments Prior to Terminal Sterilization/High Level Disinfection:** As a precleaning spray - Place instruments into a suitable container. Spray **this product** onto instruments to thoroughly wet all surfaces. Let stand [for] up to 10 min[utes]. Rinse instruments. A manual instrument cleaner - Thoroughly pre-rinse dirty instruments under running water to remove visible debris. Scrub instruments using a stiff bristle brush until visibly clean. Rinse instruments thoroughly. Follow with an appropriate disinfection process. Cleaning of critical and semi-critical devices must be followed by an appropriate terminal sterilization/high-level disinfection process.

**To Disinfect Non-Critical, Precleaned Instruments:** Instruments must be thoroughly precleaned to remove excess organic debris, rinsed, and rough dried. Spray all surfaces of instruments with this product until thoroughly wet. Let stand [for] five -or- 5 min[utes]. **Include if the following organism appears on the product label:** For Canine Distemper Virus, let stand [for] -or- contact time is 10 min[utes]. Wipe with a clean, damp cloth or paper towel and allow to air dry.

**To disinfect food processing premises:** floors, walls and storage areas, hold container six to eight inches from the surface to be treated and spray area until it is covered with the solution. Allow surface to remain wet for 5 min[utes] -or- contact time listed [below] -or- on the label. **Include if the following organism appears on the product label:** For Canine Distemper Virus, let stand [for] -or- contact time is 10 min[utes]. Wipe off with a clean cloth, mop or sponge and thoroughly rinse all surfaces in the area with potable water. Visibly soiled areas must be precleaned before using this product. Food products and packaging materials must be removed or carefully protected prior to using this product.

**Animal housing facilities [and poultry and swine premises]:** This product -or- **product name** removes dirt, grime, mold stains, blood, urine, fecal matter and other common soils found in animal housing facilities, grooming facilities, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities. It [also] eliminates odors leaving surfaces smelling clean and fresh.

It cleans, disinfects and deodorizes hard, nonporous surfaces in one step. Its non-abrasive formula is designed for use [daily] on -or- [Use daily to clean and disinfect] hard, nonporous surfaces: [plated or stainless steel, chrome, glazed porcelain, glazed tile, laminated surfaces associated with floors, walls, countertops, cages, crates, kennels, and animal equipment] found in animal housing facilities. **Disinfection of animal quarters and kennels:** For disinfection of precleaned animal quarters and kennels, apply this product -or- **product name**. Remove all animals and feed from premises. Remove all litter and droppings from floors, walls and surfaces of facilities occupied or traversed by animals. Empty all troughs, racks, and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate the surfaces with the disinfecting solution for contact time listed [below] [or] [on label] [10 min[utes]]. Ventilate building and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried. All treated equipment that will contact feed or drinking water must be scrubbed with soap or detergent and rinsed with potable water before reuse.

**To Clean and Disinfect in a Veterinary Application:** Use to clean and disinfect hard, nonporous surfaces such as feeding and watering equipment, cages, utensils, instruments, kennels, stables, catteries, etc. Remove all animals and feed from premises, animal transportation vehicles, crates, etc. Remove all litter, droppings, and manure from walls, floors, and surfaces of facilities occupied or traversed by animals. Empty all feeding and watering equipment. Preclean all surfaces with soap or detergent and rinse with water. Saturate surfaces with **this product** and let stand [for] ten -or- 10 min[utes]. Ventilate buildings and other closed spaces. Do not house animals or employ equipment until treated surfaces have been thoroughly rinsed with water and allowed to dry. Thoroughly scrub all treating, feeding, and watering appliances with soap or detergent, and rinse with potable water before re-use.

**Hospitals/Healthcare facilities:** This product -or- **product name** cleans, disinfects and deodorizes hard, nonporous [hospital -and/or- medical] surfaces in one step [with no rinsing required].

When used as directed, this product -or- **product name** contains [2.20% -and/or- 22,000 ppm] of active disinfectant making it -and/or- is effective against [a] variety -or- broad spectrum [of] bacteria and viruses† -and/or- **insert organism(s) from microorganism list** on hard, nonporous surfaces.

This product -or- product name is a one step [hospital-use] germicidal† [disinfectant] cleaner [and] deodorant -or- odor counteractant -and/or- odor neutralizer designed for general cleaning, -and/or- disinfecting -and/or- deodorizing [of] hard, nonporous surfaces. Removes dirt, grime, mold stains, food residue, blood, urine, feces and other organic matter commonly found in hospitals [-and/or- in health care facilities [on medical surfaces]]. It [also] eliminates odors leaving [restroom] surfaces smelling clean and fresh. Use where odors are a problem.

[This product] is a ready to use broad spectrum -and/or- germicidal† -and/or- disinfectant cleaner and deodorizer designed for general cleaning -and/or- disinfecting -and/or- deodorizing [of] hard, nonporous surfaces. Removes dirt, grime, mold stains, food residue, blood, urine, feces and other organic matter commonly found [in] [hospitals -and/or- public] restrooms -and/or- bathrooms -and/or- facilities -and/or- in healthcare facilities [on medical surfaces].

---

### **Soft Surface<sup>7</sup> Sanitization**

**To Sanitize Soft Surfaces<sup>7</sup>** [(Fabrics<sup>7</sup>): Hold bottle upright -or- Spray [6" – 8" from surface]. Spray until fabric is wet. DO NOT SATURATE. Let stand [for] 3 min[utes]. Allow to air dry. [For difficult odors or heavy fabrics, repeat application.] [Reapply as necessary.] [Visible] soil must be removed prior to sanitizing.

For first time use on soft surfaces, spot test a small, inconspicuous area [and check with manufacture care guide before use].

---

### ***Deodorization***

**To Deodorize:** Spray until thoroughly wet. -or- Apply this product -and/or- with trigger sprayer to completely wet all surfaces. [DO NOT SATURATE.] Then wipe -or- Allow to air dry. For visibly soiled areas, a precleaning is required.

---

### ***General Cleaning***

**General [Kitchen -and/or- Bathroom -and/or- Floor -and/or- Ceramic Tile -and/or- Porcelain -and/or- Shower Walls -and/or- Floors]:** [Remove cooking ingredients and cooked food from areas to be cleaned.] Spray product directly onto urine -and/or- feces -and/or- bathroom soils and wipe clean. -or- Directly apply **this product** with a [microfiber] cloth -and/or- sponge -and/or- mop -and/or- trigger sprayer to completely wet surface and wipe clean. No rinsing needed. Repeat for heavily soiled areas. For stubborn stains or heavily soiled areas or tougher jobs, allow product to penetrate [soil] before wiping.

**To Clean/Remove Soap Scum:** Spray product onto soils and wipe clean [with a dry paper towel -or- [lint-free -or- microfiber] cloth -or- sponge]. -or- Just spray on and wipe off [with a dry paper towel -or- [lint-free -or- microfiber] cloth -or- sponge]. No rinsing necessary. For best results, use a dry paper towel -or- [lint-free -or- microfiber] cloth -or- sponge. Repeat for heavily soiled areas. For stubborn stains -and/or- heavily soiled areas -and/or- tougher jobs, allow product to penetrate [dirt -and/or- soap scum] before wiping. For best results, use regularly to prevent dirt and soap scum build up.

**To Clean [Nonporous] Surfaces -and/or- Floors:** Spray soiled area, then wipe clean. -or- For spot cleaning, spray and wipe clean with damp sponge -or- mop -or- cloth.

**To Clean and Deodorize Toilets:** To clean and deodorize toilet bowl, squirt liberally (1/2 cup) on toilet sides and upper toilet bowl rim. Swab -or- brush all surfaces and flush.

### **Disinfection Hard Surface Claims**

- An effective disinfectant [on non-food contact surfaces] [for use in **insert use site(s) from Table 2**]
- Antibacterial
- Bactericidal
- Deodorizes by killing odor-causing bacteria at their source
- Disinfectant [and deodorizer]
- Disinfection
- Disinfects [and] [,] [deodorizes]
- Disinfects **insert use site(s) from Table 2** -and/or- **insert surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3** -and/or- kills **insert organism(s) from organism table**
- Disinfects and deodorizes by killing common [long term care facility] [facility] bacteria [and viruses†] [and controlling their odors] [and deodorizes]
- Disinfects -and/or- Kills **insert organism(s) from organism table**
- Disinfects hard, nonporous [non-food contact] surfaces in **insert use site(s) from Table 2**
- Disinfects hard, nonporous surfaces against SARS-CoV-2 [the cause of -or- the coronavirus that causes COVID-19] [in 30 sec[onds]]
- E. coli<sup>1</sup> [and Salmonella<sup>2</sup>] control
- Effective against bacteria -and/or- viruses‡
- Effective against germs†
- Effective against -or- Kills SARS-CoV-2 [the cause of -or- the coronavirus that causes COVID-19] [in 30 sec[onds]]<sup>P</sup>
- Effective against Rhinovirus (may cause the common cold) -and/or- flu viruses<sup>5</sup>
- Eliminates 99.9% of germs† -and/or- odors on hard, nonporous surfaces
- Germ† killer -or- destroyer
- Get -or- Be -and/or- prepared -and/or- ready for [cold &] flu season
- Helps reduce the spread of Rhinovirus (may cause the common cold) & flu viruses<sup>5</sup> between treated hard, nonporous surfaces
- Hospital Disinfectant
- Kills 99.9% of Germs† -and/or- Viruses‡ -and/or- Bacteria + -or- including COVID-19 Virus<sup>◇</sup>
- Kills bacteria -and/or- viruses‡ -and/or- eliminates odors -and/or- deodorizes
- Kills bacteria -and/or- viruses‡ [you can't see]
- Kills bacteria [in 5 min[utes]] and eliminates [the toughest -or- tough] [urine -and/or- feces] odors on [hard, nonporous surfaces] [in **insert use site(s) from from Table 2**]
- Kills bacteria that cause [urine -and/or- feces] odors on [hard, nonporous surfaces]
- Kills [most] [bathroom -and/or- facility] bacteria -and/or- viruses‡
- Kills Norovirus -and/or- Rhinovirus -and/or- Influenza† -and/or- E. coli<sup>1</sup> and Salmonella<sup>2</sup> -and/or- Staph<sup>3</sup>[ylococcus aureus] -and/or- Strep<sup>4</sup>[tococcus] -and/or- Rhinovirus
- Kills Rhinovirus (may cause the common cold) and flu virus<sup>5</sup>
- Kills Rhinovirus (may cause the common cold) -and/or- flu viruses<sup>5</sup> [on **insert use surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3**]
- Kills Rhinovirus (may cause the common cold) & flu viruses<sup>5</sup> [and Enterovirus]
- Kills germs†
- Kills germs† and odors
- Kills odor-causing bacteria [and eliminates] [the toughest -or- tough] odors on [hard, nonporous surfaces] **insert use surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3**
- Kills odor-causing bacteria [eliminating] [the toughest -or- tough] [urine -and/or- feces] odors on hard surfaces -or- **insert use surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3**
- Kills odor causing bacteria in restrooms -or- **insert use site(s) from Table 2**
- Kills odor-causing bacteria leaving [hard] surfaces smelling fresh [and clean]
- Kills odor-causing bacteria on hard surfaces
- Kills odor-causing bacteria on [hard surfaces] **insert use surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3**
- Kills -or- Disinfects against -or- Effective against [the] COVID-19 virus<sup>◇</sup> -or- virus that causes COVID-19<sup>◇</sup> [in 30 sec[onds]]
- Kills [the] Rhinovirus (may cause the common cold) [and] flu viruses<sup>5</sup>
- Kills [the] Influenza virus -or- flu virus<sup>[6]</sup>
- Multi-surface cleaner disinfectant
- One-step disinfectant [cleaner]
- **Product Name** Meets -or- Compliant with OSHA Bloodborne Pathogen Standard
- Tested [and proven effective] against SARS-CoV-2 [the cause of -or- the coronavirus that causes COVID-19] [in 30 sec[onds]]<sup>P</sup>
- This product **product name** is formulated to disinfect hard, nonporous, surfaces[:] **insert surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3**
- Virucidal‡
- [With] disinfecting -or- disinfection
- You can also use **this product** to disinfect [in] places that are difficult to reach

### Emerging Viral Pathogen Claims

This product qualifies for emerging pathogen claims per the EPA's "Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA Registered Disinfectant Labels when used in accordance with the appropriate use directions for use indicated below".

**Product name** -or- this product meets the criteria to make claims against emerging pathogen claims from the following viral categories:

- Enveloped viruses
- Large non-enveloped viruses
- Small non-enveloped viruses

<i>For an emerging viral pathogen that is a/an..</i>	<i>..follow the directions for use for the following organisms on the label:</i>
Enveloped virus	Norovirus (tested as Feline Calicivirus)
Large, non-enveloped virus	Norovirus (tested as Feline Calicivirus)
Small, non-enveloped virus	Norovirus (tested as Feline Calicivirus)

**This product** has demonstrated effectiveness against viruses similar to **insert name of emerging virus** on hard, nonporous surfaces. Therefore, **This product** can be used against **insert name of emerging virus** when used in accordance with the directions for use against Norovirus (tested as Feline Calicivirus) on hard, nonporous surfaces. Refer to the CDC -or- OIE website at **insert pathogen-specific website address** for additional information.

**Insert name of illness/outbreak** is caused by **insert name of emerging virus**. **This product** kills similar viruses and therefore can be used against **insert name of emerging virus** when used in accordance with the directions for use against Norovirus (tested as Feline Calicivirus) on hard, nonporous surfaces. Refer to the CDC -or- OIE website at **insert pathogen-specific website address** for additional information.

### Sanitization Soft Surface<sup>7</sup> Claims

- A proven sanitizer on soft surfaces<sup>7</sup>
- An effective soft surface<sup>7</sup> sanitizer
- Can be used to sanitize [soft surfaces<sup>7</sup>] **insert soft surface(s) from Table 7** [as a spot sanitizer]
- Cost effective solution to sanitizing -or- dry cleaning curtains
- Eliminates [removes -or- destroys] odors [on] **insert soft surface(s) from Table 7** [in **insert use site(s) from Table 2** -or- fabrics] [at the source]
- Freshens [Deodorizes] **insert soft surface(s) from Table 7** -or- fabrics]
- Great for soft surfaces<sup>7</sup> -or- **insert soft surface(s) from Table 7** [as a spot sanitizer]
- Kills 99.9% of **insert organism(s) from organism table** [on **insert soft surface(s) from Table 7**]
- Kills 99.9% of **insert organism(s) from organism table** in 3 min[utes] [on **insert soft surface(s) from Table 7**]
- Kills 99.9% of bacteria on **insert soft surface(s) from Table 7**
- Kills 99.9% of bacteria on [soft surfaces<sup>7</sup>] [fabrics] [as a spot sanitizer]
- Kills -or- destroys -or- eliminates 99.9% of bacteria [on soft surfaces<sup>7</sup>]
- Kills microorganisms on soft surfaces<sup>7</sup> -or- fabric -or- **insert soft surface(s) from Table 7**
- One-step cleaner sanitizer on soft surfaces<sup>7</sup>
- Sanitizes and deodorizes
- Sanitizes fabric -or- soft surfaces<sup>7</sup> -or- **insert soft surface(s) from Table 7**
- Sanitizes [and] [Deodorizes -or- Removes odors -or- Eliminates odors] by killing [common] bacteria [found in facilities] [and controlling their odors]
- Sanitizes soft surfaces<sup>7</sup> in one step
- Sanitizes soft surfaces<sup>7</sup> in 3 min[utes]
- Soft surfaces<sup>7</sup> -or- fabric sanitizer
- To eliminate odors use **this product** around **use site(s) from Table 2** [on **insert hard surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3** -and/or- **insert soft surface(s) from Table 7**]
- Use on soft surfaces<sup>7</sup> -or- **insert soft surface(s) from Table 7** [as a spot sanitizer] where bacteria can linger -and/or- hide
- [With] [hard, nonporous surface disinfection] and soft surface<sup>7</sup> sanitization
- [With] Sanitizing

### **Deodorizing Hard and Soft Surface Claims**

- Deodorizer
- Deodorizes [urine -and/or- feces]
- Deodorizes food odors [like garlic and onion] [left behind on kitchen surfaces] [after cooking]
- Deodorizes [urine -and/or- feces] odors caused by bacteria -and/or- non-fresh foods
- Does not [Doesn't] just mask [urine -and/or- feces] odors, it eliminates them at the source leaving behind a [light] [pleasant] [fresh] scent
- Don't just [cover up] [mask] [urine -and/or- feces] odors, eliminate them!
- Eliminate [urine -and/or- feces] odors at the source
- Eliminates -or- removes -or- destroys **insert odor(s) from Table 6** odor
- Eliminates -or- removes -or- destroys [the toughest] odors from bodily fluids -and/or- soils -and/or- insert odor(s) from Table 6 [leaving behind a refreshing scent]
- Eliminates -or- removes -or- destroys [urine -and/or- feces] odors [on -or- fabrics **insert hard surface(s) from Table 1**-and/or- **insert soft surface(s) from Table 8** -and/or- **insert surface material(s) from Table 3**] [in **insert use site(s) from Table 2**] [at the source]
- Eliminates -or- Removes -or- destroys [the toughest -or- tough] [urine] odors [caused by bacteria]
- Freshens -and/or- Deodorizes **insert hard surface(s) from Table 1** -and/or- **insert soft surface(s) from Table 8** -or- fabrics
- [Improved] [Urine -and/or- feces] Odor [and stain] removal
- No harsh alcohol smell
- Perfect for eliminating your toughest odors [at their source]
- Perfect for removing your toughest [urine -and/or- feces] odors [and stains]
- Pleasant smell -or- odor
- Reduces odor-causing bacteria on **insert hard surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3**
- Removes [urine -and/or- feces] odors
- Removes **insert odor(s) from Table 6**
- Spray on curtains and other hard-to-wash fabrics to replace lingering [urine -and/or- feces] odors with [long-lasting] freshness
- Tackles toughest malodors [and stains]
- [**This product**] Removes [the toughest -or- tough] [urine] odors [and stains]
- [**This product**] deodorizes areas that are hard to keep fresh smelling including **insert use site(s) from Table 2** [, and other areas prone to odors caused by microorganisms]
- [**This product**] is specially formulated to eliminate [urine -and/or- feces] odors from **insert use site(s) from Table 2**
- [**This product**] is specially formulated to remove [urine -and/or- feces] odors [and stains] from **insert use site(s) from Table 2**
- [**This product**] eliminates [the toughest -or- tough] [urine -and/or- feces] odors at their source
- [**This product**] will deodorize hard, nonporous surfaces [of **insert surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3** -and/or- **use site(s) from Table 2**] [where obnoxious [urine -and/or- feces] odors may develop]
- [**This product**] will deodorize soft surfaces<sup>[7]</sup> [of **insert surface(s) from Table 8** -and/or- **use site(s) from Table 2**] [where obnoxious [urine -and/or- feces] odors may develop]
- [**This product**] will deodorize surfaces **insert surface(s) from Table 1** -and/or- **8** -and/or- **insert surface material(s) from Table 3** -and/or- **use site(s) from Table 2** [where obnoxious [urine -and/or- feces] odors may develop]
- [**This product**] will deodorize surfaces in **insert use site(s) from Table 2** and other places bacteria growth can cause malodors
- To eliminate [urine -and/or- feces] odors use [**this product**] [around -or- in] **insert use site(s) from Table 2** [on **insert hard surface(s) from Table 1** -and/or- **insert surface material(s) from Table 3**]
- [To] Remove [urine -and/or- feces] odors [and stains] [use this product] on **insert soft surface use surface(s) from Table 8** -or- fabrics
- [Urine -and/or- feces] Odor [and stain] removal -or- control
- [Urine -and/or- feces -and/or- vomit -and/or- sweat -and/or- blood -and/or- pet] stain and odor remover

### **General Cleaning Hard and Soft Surface Claims**

- A [shining] [pure] clean you can see [and trust]
- any washable (food and non-food contact) [hard, nonporous] surface where disinfection is required, excluding glassware, utensils or dishes
- [Chlorine] bleach free
- Cleans to a shine
- Clear drying formula
- [Clorox®] essential for the purest clean
- Color safe
- Compatible -or- suitable with equipment surfaces -or- **insert surface(s) from Table 1**
- Compatible -or- suitable with equipment surfaces for use on hospital surfaces **insert surface(s) from Table 1**
- Complete Clorox® clean your patients -and/or- residents trust
- Cuts cleaning time
- Designed for organic (protein base) stains
- Designed -or- ideal for daily [cleaning] [use]
- Destroy -and/or- Eliminate tough odors [and stains]
- Does not contain [chlorine] bleach
- Easy [cleaning]
- Effective [cleaner -or- cleaning] [formula]
- Fast penetrating formula effectively gets out a variety of tough pet stains and odors.
- Fits on your cart
- For direct application
- For easy cleaning
- For Outdoor Use [concrete -and/or- sidewalks -and/or-pavement -and/or-outdoor tile -and/or- grouting stains]
- General purpose cleaner
- Good for pretreatment for laundry
- Good for pretreatment of [many] **insert stain(s)/soil(s) from Table 5** stains
- [Great] For removing **insert stain(s)/soil(s) from Table 5** [on **insert use surface(s) from Table 1**]
- Great [for use] on soft surfaces<sup>7</sup> including **insert soft surface(s) from Table 8**
- Ideal for use in schools -and/or- daycare -and/or- universities -and/or- public places
- Ideal for use on high touch surfaces
- Just spray[,] [and] wipe [and you're done] [; no scrubbing required!]
- Leaves [virtually] no residue
- Light touch up. Quick cleaning
- Low residue
- Makes cleaning easier
- Money-saving refill
- No build-up -and/or- residue
- No mixing, measuring, or rinsing required
- No phosphates
- No rinsing
- Non-abrasive
- Non-corrosive
- Non-flammable
- Packaging made with [25%] recycled -or recyclable plastic
- Proof is in the clean
- Removes -and/or- Cleans **insert stain(s)/soil(s) from Table 5** [on **insert use surface(s) from Table 1**]
- Removes dried on [blood] stains
- Safe for colorfast upholstery, fabrics, and carpets, including stain-resistant carpeting.
- Safe for use on **insert surface material(s) from Table 3**
- Safe [for use] on stain-resistant carpets
- [Removes -and/or- Works on -and/or- Effective on -and/or- Great for [removing]] [the] [tough[est]] [pet -and/or- urine -and/or- feces -and/or- sweat -and/or- vomit] stains and odors [on hard -and/or- soft surfaces<sup>7</sup>]
- Spray on curtains and other hard-to-wash fabrics to replace lingering odors with (long-lasting) freshness
- Spray trigger
- Strong cleaning
- [The] Smell of clean
- This product **product name** is designed specifically as a general [ready-to-use] [non-abrasive] cleaner and disinfectant for use in[:] **insert site(s) from Table 2**
- Tough on Grime
- Use on **insert soft surface(s) from Table 8** [and other soft surfaces <sup>7</sup>]
- Works -and/or- Effective on **insert stain(s)/soil(s) from Table 5** [in **insert use site(s) from Table 2**]
- Works -and/or- great for -and/or- Effective on body soils -or-**insert stain(s)/soil(s) from Table 5** [for pre-treatment for laundry] [on **insert soft surface from Table 8**]
- Works on -and/or- Effective on -and/or- Great for [both] hard and soft surfaces

### **Packaging Related Claims**

- Align to close
- [Be -or- Get] RefillSmart™[!]
- Get -or- Spray Every Drop[!][™]
- Last Drop Access
- No Waste -or- Wasteless Bottle
- Patented design bottle
- Recyclable bottle
- Smart Tube®[™] Technology
- [Use as a] [Pourable] **insert ABN**
