Subject: Sulfur/Pyrethrins Fungicide/Insecticide RTU EPA Reg. No. 67702-15 Your amendment dated February 4, 2011 EPA Decision Number 442829

Dear Mr. Talarek:

The revised amended label referred to above, submitted February 4, 2011 in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act as amended is acceptable provided the following changes are made:

- 1. On page 2 in the table box VEGETABLES AND VINE PLANTS change "curcurbits" to "cucurbits"
- 2. On page 3 in the table box VEGETABLES AND VINE PLANTS change "curcurbits" to "cucurbits"
- 3. Note: On page 6 one of the optional statements is "Insert company website". Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance. As an alternative, you may refer consumers to the company's phone number or e:mail address.

One copy of the label stamped "Accepted with comments" is enclosed for your records. This label supersedes all labels previously accepted for this product. Please submit one copy of the final printed label that incorporates the required changes before the product is released for shipment.
