NOV 30 2012

Mr. Walter G. Talarek
W.Neudorff GmbH KG
1008 Riva Ridge Drive
Great Falls, VA 22066-1620

Subject: A Label Amendment to add a Pest, Optional Marketing Claims, Revise Existing Optional Market Claims and Other Minor Revisions.
Neudorff's Insecticidal Soap RTU
EPA Reg. No. 67702-21
Your submission date: October 2, 2012

Dear Mr. Talarek:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act as amended is acceptable. A stamped copy is enclosed for your records.

Should you wish to add a reference to the company's website on your label, please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, **regardless of whether a website is referenced on your product's label**, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Submit one copy of your final printed labeling before you release the product for shipment. If there are questions, contact Dani Daniel at 703 305-5409 or at daniel.dani@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "John Hebert".

ACCEPTED
 NOV 30 2012
 Under the Federal Insecticide, Fungicide,
 and Rodenticide Act, as amended, for the
 pesticide registered under:

EPA Reg. No: 67702-21

PRECAUTIONARY STATEMENTS

Environmental Hazards: This product may be hazardous to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather or when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

If empty: Nonrefillable. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.

Never place unused product down any indoor or outdoor drain.

STORAGE AND DISPOSAL [For use with Quick Connect Sprayer]

PESTICIDE STORAGE: Completely discharge product in sprayer prior to storage. Flip down [colour] spout to close. **NO NEED TO DISCONNECT [TRIGGER SPRAYER.** Close nozzle on trigger sprayer. Snap sprayer back into place.] Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store unused material, tightly closed, in original container only, away from open flame.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

If empty: Nonrefillable. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

BATCH CODE:

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Registrants must use one of the following:

Please read entire label before using. Use only as directed.

Shake container before use. Thoroughly spray insect pests or powdery mildew to wetting on all plant parts, including undersides of leaves. Repeat treatment weekly or bi-weekly if needed. May be used on edible crops up to and including day of harvest.

Do not use on sweet peas, nasturtiums, delicate ferns. Use with care on new seedlings, transplants and blooms. Do not spray during full sun. If concerned about sensitivity of plants, apply to individual plants or small areas of plants and wait 2 days to determine if plant damage occurs prior to treatment of larger areas.

PESTS

NEUDORFF'S INSECTICIDAL SOAP READY-TO-USE will control powdery mildew and the following listed insect pests: adelgids (woolly aphids), aphids, lacebugs, mealybugs, mites, grasshoppers, leafhoppers, scale insects, plant bugs, sawfly larvae (pear and rose slugs), psyllids, tent caterpillars, thrips, spider mites, earwigs and whitefly.

For use indoors, outdoors and in greenhouses on: fruit and nut trees (e.g., apples, cherries, peaches, pears, pecans, almonds); corn; soybeans; melons; tomatoes; vegetables (e.g., beans, cabbage, cucurbits, peas, potatoes); figs; small fruits (e.g., grapes, strawberry, raspberry); citrus; houseplants; ornamental and bedding plants; ornamental and shade trees (e.g., birch, evergreens, holly, oak).
