PRECAUTIONARY STATEMENTS

Environmental Hazards: This product may be hazardous to aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters and rinsate.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read and follow all applicable directions and precautions on this label before using.

PESTS: Controls mosses, algae, lichens, and liverworts.

SITES (WHERE TO USE): H02 Moss Killer RTU may be used on lawns, golf courses, parks, playgrounds and ornamental gardens; homes and greenhouses; roofs; cedar shakes and composition shingles; cedar siding; stucco; wood decks and fences; brick, stone and concrete walkways, sidewalks and driveways; growing containers; other structural surfaces; hardened bark of trees; bark mulch; pavement; gravel; patios; asphalt; automobiles exteriors; and the exteriors of motor homes and boats.

APPLICATION DIRECTIONS

Thoroughly soak moss with solution. To avoid damage to grass and plants, lightly rinse treated areas with water (1 gallon per 1000 ft² or less) 15 to 30 minutes after treatment. Test spray a small area prior to using. Do not heavily irrigate for at least 6 hours. Re-apply every 2 weeks or as required. If it rains within one day of treatment, an additional application may be required. Moss will turn brown after a few days. Repeat treatment annually, or when new moss or algae are visible.

4/7

Automobiles, Motor Homes and Boats: Use on the outside surfaces only. Spray thoroughly with soap solution. Scrub surfaces thoroughly and rinse with water.

STORAGE AND DISPOSAL

STORAGE: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Do not store at temperatures below 32°F.

CONTAINER DISPOSAL:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEAN-UP for disposal instructions. Never place unused product down any indoor or outdoor drain.

- Can be used to spot treat problem areas in lawns or gardens.
- Will not increase soil acidity.
- Cultural methods such as soil aeration, liming, improving sun exposure, improving drainage, and applying sand to lawns can make conditions less favorable to moss.
- Will not turn moss black.
- Will not blacken moss or darken grass.
- Patent pending
- Patent #XXXXX
- Makes over XX gallons.
- If the moss is dry, lightly water area to be treated.
- Does not contain ferrous sulfate.
- For household use only.
- Sprayer reaches up to XX feet.

6/7

-This product is a fast-acting moss, algae and lichen killer for use on lawns, roofs, patios, fences, bark mulch and driveways. This product will not stain concrete or other surfaces and a single application will control moss and algae for several months to one year.

-What is this product and what will it do: H02 Moss Killer RTU is a fast-acting moss, algae and lichen killer. On wood, concrete and asphalt a single application will control moss and algae for several months to one year. It does not stain concrete, pavement, stucco or wood.

-Where can I use this product? H02 Moss Killer RTU can be used on cedar shakes and composition shingles, cedar siding, stucco, brick, stone or concrete walks and driveways and wood decks and fences. Other sites include lawns, hardened bark of trees, bark mulch, patios, asphalt and gravel.

-What will I see? Moss will quickly yellow and then turn brown. Unless moss is physically removed it may remain where it died until rain or wind remove it.
