AND POLLUTION PREVENTION

October 7, 2010

Walter G. Talarek, P.C.
Authorized Agent, W. Neudorff GmbH KG
1008 Riva Ridge Drive
Great Falls, VA 22066

Subject: Notification to Add Container Sizes, Optional Marketing Claims,
Optional Warranty Statements, and Several Minor Label Changes
Product Name: NEU1173H Concentrate
EPA Reg. No: 67702-26
Your Submission Dated September 21, 2010

Dear Mr. Talarek:

The Biopesticides and Pollution Prevention Division is in receipt of your application for Notification under Pesticide Registration Notices (PRNs) 98-10 and 2007-4, dated above. A screen of the request has been conducted for its applicability under PRNs 98-10 and 2007-4, and it has been determined that the action request falls within the scope of these documents. Our records have been duly noted, and the label submitted with this application has been stamped "Notification Accepted" and will be placed in our records as current and updated. Should you have any questions regarding this action, you may contact Gina Casciano at (703) 605-0513 or via email at casciano.gina@epa.gov.

Sincerely,

Linda Hollis

Linda A. Hollis, Chief
Biochemical Pesticides Branch
Biopesticides and Pollution
Prevention Division (7511P)

Re: NEU1173H Concentrate
EPA Reg. No. 67702-26
Notification

Dear Ms. Hollis:

Please find enclosed W. Neudorff GmbH KG's (Neudorff's) application under PR Notice 98-10 for a notification for the registration of NEU1173H Concentrate, EPA Reg. No. 67702-26. In essence, this notification (1) adds four (4) container sizes to the product's registration, and (2) revises the product's label as follows:

1. Adds an option to Sub-label A allowing supplemental distributors to use their toll-free numbers in the First Aid section. In addition, this section has been revised to comport with your letter of September 14, 2010, rejecting Neudorff's July 14, 2010, application for a notification;
2. Adds an option to Sub-label A for the use of one of two formats for the directions for use;
3. Adds an option to Sub-labels A and B for the use of one of two pests sections. One pests section must be used on the labels of products sold or distributed in California;
4. Adds an option to Sub-label A for supplemental distributors to use their toll-free numbers in the disposal sub-section of the Storage and Disposal section;
5. Adds the words "Batch Code" under the Storage and Disposal sections of all sub-labels;

6. Adds ten (10) optional marketing claims to Sub-label A, including two “Quick Facts” boxes, which list some of the information already on the product’s label, and which will be used by Bayer AG, which is one of the supplemental distributors of the product;
7. Adds two optional, alternative warranty statements to Sub-label A;
8. Revises the product’s storage and disposal sections to comport with PR Notice 2007-4 and your letter of September 14, 2010, rejecting Neudorff’s July 14, 2010, application for a notification. However, please note that the statement “Do not contaminate water, food or feed by storage and disposal” and the formatting that you identified were not followed for the household use sub-labels, i.e., Sub-labels A, B, C and D. The prohibitory statement is not required for household use labels. See page 13-2 of the Label Review Manual. Moreover, different formatting is required for household use labels. See page 13-26 of the Label Review Manual; and
9. The claim “Iron (Fe) occurs in nature” has been removed in response to your letter of September 14, 2010, rejecting Neudorff’s September 14, 2010, application for a notification.

Two (2) copies of the revised label are enclosed. One (1) of the copies has the revisions being made by this notification highlighted in yellow.

This notification is consistent with PR Notices 98-10 and EPA's regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notices 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If you have any questions about this notification, please feel free to call me.

Sincerely yours,

Sincerely yours,

W. J. Salant

NEU1173H Concentrate

Active Ingredient:

Iron HEDTA (FeHEDTA)	26.52%
Other Ingredients:.....	73.48%
Total:.....	100.00%

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID	
IF IN EYES	-Hold eye open and rinse slowly and gently with water for 15-20 minutes. -Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. -Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [Optionally, supplemental distributor's may use the following wording and own toll-free hotline number: For medical emergency information, you may call toll free 1-XXX-XXX-XXXX [insert operating hours and days of service]	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes slight eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

[One of the two following formats must be used:

Format 1:

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Use Sites:

Use to selectively control/suppress broadleaf weeds growing in lawns

Pests:

[One of the two following sections must be used. The first section may be used on the labels of products sold or distributed in all states, except California. The

NEU1173H

Page 3 of 53

second section must be used on the labels of products sold or distributed in California:

Controls or suppresses the following weeds such as but not limited to: Dandelion, English daisy, False dandelion, White clover, Black medic, Bull thistle, Canada thistle, Common chickweed, Creeping buttercup, Persian Speedwell, Slender speedwell, Broadleaf plantain, Narrow-leaved plantain, Dovefoot geranium, Healall, Shepherd's-purse, Silverweed cinquefoil, Wild chamomile, Moss, Liverworts, Algae, Lichens.

OR

Controls the following weeds: Dandelion, English daisy, and Moss.

Suppresses the following weeds: Broadleaf plantain, Narrow-leaved plantain, White clover, Creeping buttercup and Slender speedwell]

Application Directions

Shake well before using. Mix one part [NEU1173H] with 24 parts water (5 oz. in 1 gallon of water). Apply the mixed solution at a rate of 5-10 gallons/1000 ft² (5.75-11.5 fluid oz./yard²). Any standard hand-held or backpack sprayer can be used. Thoroughly spray weeds. Use a coarse nozzle setting to reduce drift. Uniform coverage is important.

Repeat treatment in 3 to 4 weeks for best results.

What will I see?

Works quickly; dying weeds will be seen within hours of application. Treated weeds, moss or algae will turn brown or black. Occasionally a darkening of the grass leaf blades can occur after treatment, however the grass will recover within a few days to weeks. May stain thatch (dead grass under lawn); this does not affect the health of the grass.

Use Precautions:

Do not apply to drought stressed grass; ensure lawn is well watered prior to application. Do not apply when the daytime temperature will exceed 85°F. Do not apply to bentgrass. If unsure of grass sensitivity, test spray a small area of your lawn. Do not apply to newly seeded areas prior to grass seed germination. Avoid spraying desirable plants. Any desirable plants or structures accidentally contacted should be rinsed with water. To avoid staining, wait until treated area dries before re-entry. Do not apply if rainfall is expected within 3 hours of application. Do not irrigate within 3 hours of application. Do not apply to the same area more than 4 times a year.

SUBLABEL B – HOUSEHOLD USE ON WEEDS – Hose-end Sprayer

NEU1173H Concentrate

Active Ingredient:

Iron HEDTA (FeHEDTA)	26.52%
Other Ingredients:.....	73.48%
Total:	100.00%

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID	
IF IN EYES	-Hold eye open and rinse slowly and gently with water for 15-20 minutes. -Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. -Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes slight eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Use Sites:

Use to selectively control/suppress broadleaf weeds growing in lawns

Pests:

[One of the two following sections must be used. The first section may be used on the labels of products sold or distributed in all states, except California. The second section must be used on the labels of products sold or distributed in California:

Controls or suppresses the following weeds such as but not limited to: Dandelion, English daisy, False dandelion, White clover, Black medic, Bull thistle, Canada thistle, Common chickweed, Creeping buttercup, Persian Speedwell, Slender speedwell, Broadleaf plantain, Narrow-leaved plantain, Dovefoot geranium,

140857

NEU1173H

Page 10 of 53

Healall, Shepherd's-purse, Silverweed cinquefoil, Wild chamomile, Moss, Liverworts, Algae, Lichens.

OR

Controls the following weeds: Dandelion, English daisy, and Moss.

Suppresses the following weeds: Broadleaf plantain, Narrow-leaved plantain, White clover, Creeping buttercup and Slender speedwell]

Application Directions

Shake well before using. Apply 1 gallon of concentrate/2500 ft². Uniform coverage is important. Rinse treated areas 24 hours after application. Repeat treatment in 3 to 4 weeks for best results.

[Optional hose-end sprayer directions that may be presented on the container or supplemental wording, either:

Figure 1

Figure 2

Figure 3

Figure 4

To Use This Sprayer:

1. Shake container well.
2. Connect spray nozzle to garden hose.

NEU1173H

Page 11 of 53

3. Turn on the water from the faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
4. When you are ready to spray, turn the knob on top so that it points to the MIX position on the spray head. (Fig. 1)
5. The spray deflector on the front of the hose-end applicator can be rotated to give a stream or fan spray. (Fig. 2)

6. When you are finished spraying or if you have to stop spraying at any time, turn the knob back to the OFF position. (Fig. 3)
7. Turn off the water from the faucet.
8. Turn the knob to H2O then OFF, to drain the water from the hose. (Fig. 4)

OR

1. Attach garden hose to spray nozzle. Turn on water supply.
2. Bend safety tab down and turn control to "water".
3. Point nozzle toward plants and turn water control knob to "On". Product will automatically mix with water. Spray weeds thoroughly.

To Stop Spraying:

1. When you are finished spraying or if you have to stop spraying at any time, turn the blue knob back to the OFF position.
2. Turn off the water from the faucet.
3. Turn the blue knob to H2O then OFF, to drain the water from the hose.
4. Unscrew spray nozzle from hose. Remove hose end from container.
5. Reseal the container with the child-resistant closure. Rinse the hose-end applicator

OR

1. Shake container well before using.
2. Connect a garden hose to the Ready Spray nozzle. Make sure the dial on the nozzle is in the "OFF" position with the safety tab in the valve notch.
3. Turn on the water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
4. To BEGIN spraying, point nozzle toward treatment site and
 - a. Bend the safety tab back (located at the right of the yellow dial) with your thumb,

- b. Using your other hand, QUICKLY turn the dial clockwise until it stops. Water will automatically mix with the product.
5. Spray weeds thoroughly. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas.
6. To STOP spraying, QUICKLY turn the dial in the opposite direction of "ON" until it stops and the safety tab engages the notch on the valve. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial "ON" until water stops spraying.
7. To STORE unused product, make sure the dial is in the "OFF" position with safety tab in the valve notch. Place in cool area away from heat, sunlight or open flame.

		
<ul style="list-style-type: none"> • Ensure that the large Water Control Knob is turned to the "OFF" position. • Connect sprayer to garden hose. 	<ul style="list-style-type: none"> • Turn the small Product Control Button so that the flat side aligns with the tab on the right side of the button, and push the button all the way in. • Turn on water at faucet. 	<ul style="list-style-type: none"> • To spray, point nozzle where you want to spray and turn the large knob all the way to the left. • To stop spraying, push small Product Control Button in from opposite side. Turn large Water Control Knob to the right to the "OFF" position and turn off faucet. • NOTE: BEFORE DISCONNECTING HOSE (to relieve water pressure): Turn large Water Control Knob to the left; then turn "OFF" again. • Disconnect garden hose from sprayer. • To prevent accidental discharge when not in use, turn the small Product Control Button so that it is <u>NOT</u> aligned with the tab and cannot be pushed in.

]

What will I see?

Works quickly; dying weeds will be seen within hours of application. Treated weeds, moss or algae will turn brown or black. Occasionally a darkening of the grass leaf blades can occur after treatment, however the grass will recover within a few days to weeks. May stain thatch (dead grass under lawn); this does not affect the health of the grass.

Use Precautions:

190457

NEU1173H

Page 15 of 53

Do not apply to drought stressed grass; ensure lawn is well watered prior to application. Do not apply when the daytime temperature will exceed 85°F. Do not apply to bentgrass. If unsure of grass sensitivity, test spray a small area of your lawn. Do not apply to newly seeded areas prior to grass seed germination. Avoid spraying desirable plants. Any desirable plants or structures accidentally contacted should be rinsed with water. To avoid staining, wait until treated area dries before re-entry. Do not apply if rainfall is expected within 3 hours of application. Do not irrigate within 3 hours of application. Do not apply to the same area more than 2 times a year.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store unused material, tightly closed, in original container only, away from open flame.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency [or call [insert supplemental distributor's toll free number]] for disposal instructions. Never place unused product down any indoor or outdoor drain.

NEU1173H Concentrate

Active Ingredient:

Iron HEDTA (FeHEDTA)	26.52%
Other Ingredients:.....	73.48%
Total:.....	100.00%

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID	
IF IN EYES	-Hold eye open and rinse slowly and gently with water for 15-20 minutes. -Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. -Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes slight eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read and follow all applicable directions and precautions on this label before using.

SITES: Lawns, turf (use on rights of way or non-crop areas), golf courses, parks, playgrounds, cemeteries, athletic fields

Pests:

Controls or suppresses weeds such as but not limited to:

- Black medic (*Medicago lupulina*)
- Broadleaf plantain (*Plantago major*)
- Bull thistle (*Cirsium vulgare*)
- Canada thistle (*Cirsium arvense*)
- Common chickweed (*Stellaria media*)

NEU1173H

Page 30 of 53

- Creeping buttercup (*Ranunculus repens*)
- Dandelion (*Taraxicum officinale*)
- Dovefoot geranium (*Geranium molle*)
- English daisy (*Bellis perennis*)
- False dandelion (*Hypochoeris radicata*)
- Healall (*Prunella vulgaris*)
- Moss, liverworts, algae and lichens
- Narrow-leaved plantain (*Plantago lanceolata*)
- Persian Speedwell (*Veronica persica*)
- Shepherd's-purse (*Capsella bursa-pastoris*)
- Silverweed cinquefoil (*Potentilla anserina*)
- Slender speedwell (*Veronica filiformis*)
- White clover (*Trifolium repens*)
- Wild chamomile (*Matricaria chamomilla*)

Application Directions

Shake well before using. Mix one part [NEU1173H] with 24 parts water (5 oz. in 1 gallon of water). Apply the mixed solution at a rate of 5-10 gallons/1000 ft² (5.75-11.5 fluid oz./yard²). Any standard hand-held or backpack sprayer can be used. Thoroughly spray weeds. Use a coarse nozzle setting to reduce drift. Uniform coverage is important.

Repeat treatment in 3 to 4 weeks for best results.

What will I see?

Works quickly; dying weeds will be seen within hours of application. Treated weeds, moss or algae will turn brown or black. Occasionally a darkening of the grass leaf blades can occur after treatment, however the grass will recover within a few days to weeks. May stain thatch (dead grass under lawn); this does not affect the health of the grass.

Use Precautions:

Do not apply to drought stressed grass; ensure lawn is well watered prior to application. Do not apply when the daytime temperature will exceed 85°F. Do not apply to bentgrass. If unsure of grass sensitivity, test spray a small area of your lawn. Do not apply to newly seeded areas prior to grass seed germination. Avoid spraying desirable plants. Any desirable plants or structures accidentally contacted should be rinsed with water. To avoid staining, wait until treated area dries before re-entry. Do not apply if rainfall is expected within 3 hours of application. Do not irrigate within 3 hours of application. Do not apply to the same area more than 4 times a year.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a secure place, away from open fire or flame. Keep container closed and reseal after use. If spilled, use absorbent materials and dispose of in an approved manner.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows:

(For containers equal to or less than five gallons use these directions:) Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container $\frac{1}{4}$ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available.

(For containers greater than five gallons use these directions:) Empty the remaining contents into application equipment or a mix tank. Fill the container $\frac{1}{4}$ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Offer for recycling, if available.

Application Directions

Shake well before using. Apply 1 gallon of concentrate/2500 ft². Uniform coverage is important. Rinse treated areas 24 hours after application. Repeat treatment in 3 to 4 weeks for best results.

[Optional hose-end sprayer directions that may be presented on the container or supplemental wording, either:

Figure 1

Figure 2

Figure 3

Figure 4

To Use This Sprayer:

1. Shake container well.
2. Connect spray nozzle to garden hose.
3. Turn on the water from the faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
4. When you are ready to spray, turn the knob on top so that it points to the MIX position on the spray head. (Fig. 1)
5. The spray deflector on the front of the hose-end applicator can be rotated to give a stream or fan spray. (Fig. 2)

To Stop Spraying

6. When you are finished spraying or if you have to stop spraying at any time, turn the knob back to the OFF position. (Fig. 3)
7. Turn off the water from the faucet.
8. Turn the knob to H2O then OFF, to drain the water from the hose. (Fig. 4)

OR

1. Attach garden hose to spray nozzle. Turn on water supply.

NEU1173H

Page 37 of 53

2. Bend safety tab down and turn control to "water".
3. Point nozzle toward plants and turn water control knob to "On". Product will automatically mix with water. Thoroughly spray weeds.

To Stop Spraying:

1. When you are finished spraying or if you have to stop spraying at any time, turn the blue knob back to the OFF position.
2. Turn off the water from the faucet.
3. Turn the blue knob to H2O then OFF, to drain the water from the hose.
4. Unscrew spray nozzle from hose. Remove hose end from container.
5. Reseal the container with the child-resistant closure. Rinse the hose-end applicator

OR

1. Shake container well before using.
2. Connect a garden hose to the Ready Spray nozzle. Make sure the dial on the nozzle is in the "OFF" position with the safety tab in the valve notch.
3. Turn on the water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
4. To BEGIN spraying, point nozzle toward treatment site and
 - a. Bend the safety tab back (located at the right of the yellow dial) with your thumb,
 - b. Using your other hand, QUICKLY turn the dial clockwise until it stops. Water will automatically mix with the product.
5. Spray weeds thoroughly. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas.
6. To STOP spraying, QUICKLY turn the dial in the opposite direction of "ON" until it stops and the safety tab engages the notch on the valve. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial "ON" until water stops spraying.
7. To STORE unused product, make sure the dial is in the "OFF" position with safety tab in the valve notch. Place in cool area away from heat, sunlight or open flame.

420857

		
<ul style="list-style-type: none"> • Ensure that the large Water Control Knob is turned to the "OFF" position. • Connect sprayer to garden hose. 	<ul style="list-style-type: none"> • Turn the small Product Control Button so that the flat side aligns with the tab on the right side of the button, and push the button all the way in. • Turn on water at faucet. 	<ul style="list-style-type: none"> • To spray, point nozzle where you want to spray and turn the large knob all the way to the left. • To stop spraying, push small Product Control Button in from opposite side. Turn large Water Control Knob to the right to the "OFF" position and turn off faucet. • NOTE: BEFORE DISCONNECTING HOSE (to relieve water pressure): Turn large Water Control Knob to the left; then turn "OFF" again. • Disconnect garden hose from sprayer. • To prevent accidental discharge when not in use, turn the small Product Control Button so that it is <u>NOT</u> aligned with the tab and cannot be pushed in.

IF IN EYES	-Hold eye open and rinse slowly and gently with water for 15-20 minutes. -Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. -Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read and follow all applicable directions and precautions on this label before using.

PESTS: Controls moss, algae, lichens, and liverworts growing in lawns and turf.

SITES: Lawns, turf (use on rights of way or non-crop areas), golf courses, parks, playgrounds, cemeteries, athletic fields.

Application Directions

Shake well before using. Apply 1 gallon of concentrate/2500 ft². Uniform coverage is important. Rinse treated areas 24 hours after application. Repeat treatment if needed.

NEU1173H

Page 48 of 53

[Optional hose-end sprayer directions that may be presented on the container or supplemental wording, either:

To Use This Sprayer:

1. Shake container well.
2. Connect spray nozzle to garden hose.
3. Turn on the water from the faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
4. When you are ready to spray, turn the knob on top so that it points to the MIX position on the spray head. (Fig. 1)
5. The spray deflector on the front of the hose-end applicator can be rotated to give a stream or fan spray. (Fig. 2)

To Stop Spraying:

1. When you are finished spraying or if you have to stop spraying at any time, turn the knob back to the OFF position. (Fig. 3)
2. Turn off the water from the faucet.
3. Turn the knob to H2O then OFF, to drain the water from the hose. (Fig. 4)

1. Attach garden hose to spray nozzle. Turn on water supply.
2. Bend safety tab down and turn control to "water".
3. Point nozzle toward plants and turn water control knob to "On". Product will automatically mix with water. Spray moss thoroughly.

To Stop Spraying

1. When you are finished spraying or if you have to stop spraying at any time, turn the blue knob back to the OFF position.
2. Turn off the water from the faucet.
3. Turn the blue knob to H2O then OFF, to drain the water from the hose.
4. Unscrew spray nozzle from hose. Remove hose end from container.
5. Reseal the container with the child-resistant closure. Rinse the hose-end applicator

OR

1. Shake container well before using.
2. Connect a garden hose to the Ready Spray nozzle. Make sure the dial on the nozzle is in the "OFF" position with the safety tab in the valve notch.
3. Turn on the water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don't come in contact with the treated area.
4. To BEGIN spraying, point nozzle toward treatment site and
 - a. Bend the safety tab back (located at the right of the yellow dial) with your thumb,
 - b. Using your other hand, QUICKLY turn the dial clockwise until it stops. Water will automatically mix with the product.
5. Spray moss thoroughly. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas.
6. To STOP spraying, QUICKLY turn the dial in the opposite direction of "ON" until it stops and the safety tab engages the notch on the valve. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial "ON" until water stops spraying.

NEU1173H

Page 50 of 53

7. To STORE unused product, make sure the dial is in the "OFF" position with safety tab in the valve notch. Place in cool area away from heat, sunlight or open flame.

OR

- Ensure that the large Water Control Knob is turned to the "OFF" position.
- Connect sprayer to garden hose.

- Turn the small Product Control Button so that the flat side aligns with the tab on the right side of the button, and push the button all the way in.
- Turn on water at faucet.

- To spray, point nozzle where you want to spray and turn the large knob all the way to the left.
- To stop spraying, push small Product Control Button in from opposite side. Turn large Water Control Knob to the right to the "OFF" position and turn off faucet.
- NOTE: BEFORE DISCONNECTING HOSE (to relieve water pressure): Turn large Water Control Knob to the left; then turn "OFF" again.
- Disconnect garden hose from sprayer.
- To prevent accidental discharge when not in use, turn the small Product Control Button so that it is NOT aligned with the tab and cannot be pushed in.

What will I see?

Works quickly. Treated moss or algae will turn brown or black. Occasionally a darkening of the grass leaf blades can occur after treatment, however the grass will recover within a few days to weeks. May stain thatch (dead grass under lawn); this does not affect the health of the grass.

Use Precautions:

Do not apply to drought stressed grass; ensure lawn is well watered prior to application. Do not apply when the daytime temperature will exceed 85°F. Do not apply to bentgrass. If unsure of grass sensitivity, test spray a small area of your lawn. Do not apply to newly seeded areas prior to grass seed germination. Avoid spraying desirable plants. Any desirable plants or structures accidentally contacted should be rinsed with water. To avoid staining, wait until treated area dries before re-entry. Do not apply if rainfall is expected within 3 hours of application. Do not irrigate within 3 hours of application. Do not apply to the same area more than 2 times a year.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a secure place, away from open fire or flame. Keep container closed and reseal after use. If spilled, use absorbent materials and dispose of in an approved manner.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows:

(For containers equal to or less than five gallons use these directions:) Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container $\frac{1}{4}$ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available.

(For containers greater than five gallons use these directions:) Empty the remaining contents into application equipment or a mix tank. Fill the container $\frac{1}{4}$ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Offer for recycling, if available.
