Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA Sec. 3(c)(5) when the Agency requires all registrants of similar products to submit data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following labeling changes before you release the product for shipment.
 - a. Revise the EPA Registration Number to read: "EPA Registration No. 67702-28."
 - b. Add "Only" to the front panel statement, "For outdoor use around residential sites and non-commercial greenhouses only."
 - c. Under Use Sites and Vegetables delete soy beans. This is not a residential use crop.

- d. Under vegetables delete grains in the phrase "sweet corn for grains. Also delete entirely "Corn-sweet corn for forage." This is not a residential use pattern.
- e. On the last page of the label delete reference to "green bait, distinct color, special green formulation." This product does not contain a dye to color granules.
- f. On page 2 under "Use Sites" you highlight in bold "Outdoor Ornamentals, Greenhouses (Non-Commercial) Outdoor container grown plants, lawns, turf but do not provide instruction for these use sites. Therefore following the site "Herbs" add:

Outdoor Ornamentals

Scatter bait in a 6 inch circular band around the base of the plants to be protected at 0.15 oz., or 1 level teaspoon, per square yard.

Greenhouses (Non-Commercial)

Scatter the bait in the plant pots of plants being damaged or around pots on greenhouse benches. Apply about 1/2 teaspoon per 9 inch pot.

Outdoor Container-Grown Plants

Scatter the bait in the plant containers at the rate of 1 tablespoon per container of plants being damaged, or scatter around the soil near the containers at the rate of 1 teaspoon per square yard.

Lawns (Turf)

Spread the bait at a rate of 0.5 to 1 lb. per 1000 square feet. Use the Use the higher rate for heavy infestations.

3. You agree that this product will be misbranded if one or more of this product's ingredients, active and/or inert, is removed (delisted) from the National List. If one or more of the ingredients in this pesticide product are removed or (delisted) from the National List, you will submit a label amendment to the Agency within 30 days requesting deletion of the NOP related labeling language. If you do not submit such a request within 30 days of delisting, EPA may cancel or suspend this product pursuant to procedures in or similar to those in FIFRA Section 6 (e)."
4. Note since you are shipping bulk product or using a bulk container a copy of the accepted label must be attached to the shipping papers and left with consignee at the time of delivery. Also if these bulk containers are refillable then you must also add the appropriate statements for refillable containers in PR Notice 2007-4.
5. Submit two (2) copies of the final printed label before releasing this product for shipment. A copy of the stamped label is enclosed for your records.
