Walter G. Talarek
Authorized Agent
W. Neudorff GmbH KG
c/o Walter G. Talarek PC
1008 Riva Ridge Drive
Great Falls, VA 22066-1620

Subject: Notification per PRN 98-10 – ABN & revise see statement
Product Name: Loxiran 1261I Ant and Crawling Insect Killer
EPA Registration Number: 67702-29
Application Date: 1/27/2016
Decision Number: 513429

Dear Mr. Talarek:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

The alternate brand name “Family Matters Antixx Ant Killer Dust” has been added to the product record.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Angela Hollis at 703-347-0216 or via email at hollis.angela@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to be 'Kable Bo Davis', enclosed within a hand-drawn oval.

Kable Bo Davis, Product Manager 3
Invertebrate and Vertebrate Branch 1
Registration Division (7505P)

KEEP OUT OF REACH OF CHILDREN

CAUTION

EPA Registration No. 67702-29

EPA Establishment No.

FIRST AID	
IF IN EYES	-Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. -Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center of doctor, or going for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may call the poison control center at 1-800-222-1212. [alternately insert supplemental distributor's toll free number and hours of operation].	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals:

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

User Safety Recommendations

- Users should wash hands with plenty of soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet.

- Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Environmental Hazards:

This product is toxic to aquatic organisms, including fish and invertebrates. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements. Do not apply directly to or near water. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treated area. Sweeping any product that lands on a driveway, sidewalk or street back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems. **This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.**

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

- Apply this product as specified on this label.
- Do not contaminate food or feedstuffs.
- Aerial applications are prohibited.
- Applications with power duster equipment are prohibited
- Only apply as a spot treatment to areas no greater than 3 feet by 3 feet per room.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Do not allow adults, children or pets to enter the treated area until dusts have settled.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use.
- Do not apply directly to or near water, storm drains or drainage ditches. Do not apply when windy. Do not make applications during rain. Do not water the treated area to the point of run-off or drip.
- For Flower Garden or Home Greenhouse Applications: Do not apply more than 10 times per season. Do not reapply within 3 days except under extreme pest pressure. In case of extreme pressure, do not reapply within 24 hours.

- For Outdoor Ornamental and Lawns and General Outdoor Sites: Do not apply more than 1 time per day.
- Do not apply directly into drains, sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Remove pets, birds and cover fish aquariums before application.

PESTS

Loxiran NEU1261I Ant and Crawling Insect Killer will kill foraging ants* [optional list of ant species: including foraging ants, sweet-feeding ants, pavement ants, moisture ants, little black ants, argentine ants, crazy ants, acrobat ants, bigheaded ants, cornfield ants, field ants, ghost ants, odorous house ants, thief ants, Texas leafcutting ants, and other common ants](excluding Carpenter Ants, Harvester ants, Fire ants and Pharaoh ants), beetles, carpet beetles, centipedes, earwigs, millipedes, moths, pillbugs, silverfish, sowbugs indoors and outdoors.

USE SITES AND APPLICATION INSTRUCTIONS

Indoor: Use in residential areas, including homes, garages, out buildings, barns, equipment storage, and covered workplaces. Scatter in infested areas and insect hiding places, such as: cracks and crevices; around baseboards, window and doorframes; underneath and behind refrigerators, stoves and garbage cans; in and around cabinets; under sinks; around plumbing; and in corners. Repeat treatment as necessary. Do not apply more than 3.2 lbs per 1000 square feet per application.

Outdoors: Scatter as a perimeter or directly to infested areas around buildings, decks, patios, pathways, driveways, right-of-ways, grasses, turf, lawn areas, ornamental gardens, flowers, shrubs, and trees. Apply as a 3 inch wide band around the foundations of structures. Apply in early morning and, if possible, in areas that are protected from direct sunlight. Apply at a rate of 2 to 3 level teaspoons per sq. yd. (0.3 to 0.45 oz per sq. yd.). Do not apply more than 3.2 lbs per 1000 square feet (3 teaspoons per sq. yd.).

[For Ants (excluding Carpenter Ants, Harvester Ants, Fire Ants and Pharaoh Ants):] Scatter on ant runs, around nests, hills, mounds and other ant-frequented areas. Repeat treatment as necessary. Alternatively dissolve 2.5 oz in 1 gal of water (i.e. dissolve 1 part product in 50 parts water). Pour the solution on the ant nest and ant runs (approx. 1 pint of diluted solution per sq. yd.). Most effective in the early morning or evening when ants are in the nest.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product in its original container and in a secured area that is inaccessible to children and domestic animals.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: **If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available, or throw in trash. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals:

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Personal Protective Equipment (PPE) Requirements: Mixers, loaders, applicators, and other handlers must wear the following: long-sleeved shirt, long pants, shoes and socks.

User Safety Requirements

- Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.
- Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product's concentrate. Do not reuse them.

User Safety Recommendations

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Environmental Hazards: This product is toxic to aquatic organisms, including fish and invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product may contaminate water through runoff. This product has a potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are **foraging the treatment area.**

Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash-waters or rinsate. See Directions for Use for additional precautions and restrictions.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

AGRICULTURAL USE REQUIREMENTS

Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about

Personal Protective Equipment (PPE) and the restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard (WPS).

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as soil or water, is:

- Coveralls
- Chemical-resistant gloves made of any waterproof material
- Shoes plus socks

NON-AGRICULTURAL USE REQUIREMENTS

The requirements in this box apply to uses of this product that are not within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

Do not enter or allow others to enter until dusts have settled.

USE RESTRICTIONS

- Apply this product as specified on this label.
- Do not contaminate food or feedstuffs.
- Aerial applications are prohibited.
- Do not use in aircraft cabins except in compliance with PR Notice 96-3
- When used in dairy barns or facilities: Close milk bulk tank lids to prevent contamination from spray and from dead or falling insects. Remove or cover milking utensils before application. Wash teats of animals before milking.
- Applications with power duster equipment are prohibited.
- Do not enter or allow others to enter until dusts have settled.
- Do not apply directly to or near water, storm drains, or drainage ditches. Do not apply when windy. Do not make applications during rain. Do not water the treated area to the point of run-off or drip.
- Do not apply this product in a way that will contact workers or other persons, either directly or through drift.
- Only protected handlers may be in the area during application.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Do not apply directly into drains, sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or

after application.

- Do not apply more than 1 time per day.

PESTS/USE SITES AND APPLICATION INSTRUCTIONS

Loxiran NEU1261I Ant and Crawling Insect Killer will kill foraging ants* [optional list of ant species: including foraging ants, sweet-feeding ants, pavement ants, moisture ants, little black ants, argentine ants, crazy ants, acrobat ants, bigheaded ants, cornfield ants, field ants, ghost ants, odorous house ants, thief ants, Texas leafcutting ants, and other common ants], beetles, carpet beetles, centipedes, earwigs, millipedes, moths, pillbugs, silverfish, sowbugs indoors and outdoors.

*excluding Carpenter Ants, Harvester Ants, Fire Ants and Pharaoh Ants

Indoor: Use in residential, commercial and agricultural buildings, including poultry and dairy barns, stables, kennels, food handling and processing facilities, restaurants, hospitals and schools. Scatter in infested areas [and insect hiding places] including: cracks and crevices; around baseboards and window and doorframes; underneath and behind refrigerators, stoves and garbage cans; in and around cabinets; under sinks; around plumbing; and in corners. Repeat treatment as necessary. Do not apply more than 3.2 lbs per 1000 square feet per application.

Outdoors: Use around/on buildings, decks, patios, pathways, driveways, right-of-ways, grasses, turf and lawn areas, landscaped areas, ornamental gardens, flowers, shrubs, trees; roadsides, cemeteries, golf courses, commercial grounds, parks, picnic grounds, fields, and other recreational areas. Scatter as a perimeter treatment or directly to infested areas. Apply in early morning and, if possible, in areas that are protected from direct sunlight. Apply as a 3 inch wide band when used as a perimeter treatment including around the foundations of structures. Apply at a rate of 2 to 3 lbs per 1000 square feet. Do not apply more than 3.2 lbs per 1000 square feet.

[For Ants (excluding Carpenter Ants, Harvester Ants, Fire Ants and Pharaoh Ants):] Scatter on ant runs, around nests, hills, mounds and other ant-frequented areas. Repeat treatment as necessary. Alternatively dissolve 1 part product in 50 parts water. Pour the solution on the ant nest and ant runs (approx. 1 pint of diluted solution per sq. yd.). Most effective in the early morning or evening when ants are in the nest.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product in its original container and in a secured area that is inaccessible to children and domestic animals.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container.

Plastic containers: Triple rinse or equivalent. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Paper and plastic bags: Completely empty into application equipment. Then dispose of bag in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
