UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

W. Neudorff GmbH KG
c/o Mr. Walter Talarek, PC
1008 Riva Ridge Drive
Great Falls, VA 22066-1620

MAR - 7 2013

Dear Mr. Talarek:

Subject: Application for Pesticide Notification (PRN 98-10)
Add OMRI logo and add related claims
Pyrol-O RTU
EPA Reg. No. 67702-35
Your submission dated February 13, 2013

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated February 13, 2012 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds the action requested falls within the scope of PRN 98-10. The labels submitted with the application have been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably markd on the container itself.

If you have any questions regarding this letter, please contact Dana Pilitt, Ph.D. of my staff at (703) 305-7071 or via e-mail at pilitt.dana@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken
Product Manager 10

CAUTION

NET CONTENTS: 16 fl. oz., 22 fl. oz., 24 fl. oz., 32 fl. oz., 1 gallon

EPA Registration No: 67702-35

EPA Establishment No. 67702-

PRECAUTIONARY STATEMENTS

Environmental Hazards: This product is toxic to aquatic organisms including fish and invertebrates. To protect the environment, do not allow the pesticide to enter or run-off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run-off to water bodies or drainage systems.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

Physical or Chemical Hazards: Combustible. Do not use or store near heat or open flame.

HOTLINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies, or pesticide concerns), you may call 1-xxx-xxx-xxxx, 24 hours per day, 7 days per week. [insert the days and hours of operation if this number is less than 7 days a week, 24 hours a day and the following sentence: After [insert time after which number may not be called] call your poison control center at 1-800-222-1222.]

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label. Use only as directed. Shake well before each use.

Use Restrictions

- Do not make any applications during rain.

- Do not water the treated area to the point of run-off.
- Do not wet plants to point of runoff or drip.
- Do not allow adults, children or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Remove pets, birds, and cover fish aquariums before spraying.
- Do not apply within 21 days of a sulfur application.
- Do not use PYROL-O RTU spray when temperatures are above 90°F.
- Do not apply more than 10 times per season.
- Do not reapply within 3 days except under extreme pest pressure.
- Do not apply more than 1 time per day.
- In case of extreme pest pressure do not reapply within 24 hours.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during application.
- Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Other than applications to building foundations, all applications to impervious surfaces, such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications only.
- To prevent product run-off, do not over water treated areas(s) or apply prior to heavy rainfall.

Phytotoxicity Note:

Oil removes the glaucous (blue) bloom from such evergreens as Colorado blue spruce and Koster spruce. Apply carefully to blooms and buds and on oil sensitive plants such as: Chamaecyparis, Cryptomeria, Japanese Holly, Red Cedar and Smoke Tree. If concerned about sensitivity of plants, test by spraying a portion of the plant and wait several days to determine if burn occurs before spraying larger areas.

APPLICATION INSTRUCTIONS

Thoroughly wet all parts of the plants. Do not wet plants to point of runoff or drip. Repeat treatment in 1-2 weeks if needed. Do not apply more than 20 fl. oz. per 100 square feet per application. May be used on edible crops up to and including day of harvest.

PESTS/SITES

[The registrant may use one of the two statements:

PYROL-O RTU will kill exposed aphids, beetles (Colorado potato beetle, flea beetle, Japanese beetle, asparagus beetle), caterpillars (gypsy moth caterpillars, tent caterpillar, diamondback moth larvae, leafrollers), ants (except Fire Ants, Harvester Ants, Carpenter Ants, and Pharaoh Ants), mealybugs, mites, leafhoppers, scale, thrips, fungus gnats, whitefly, adelgids, plant bugs, sawfly larvae, psyllids, spittlebugs, and phylloxera.

OR

Kills exposed aphids, beetles (Colorado potato beetle, flea beetle, Japanese beetle, asparagus beetle), caterpillars (gypsy moth caterpillars, tent caterpillar, diamondback moth larvae, leafrollers), ants (except Fire Ants, Harvester Ants, Carpenter Ants, and Pharaoh Ants), mealybugs, mites, leafhoppers, scale, thrips, fungus gnats, whitefly, adelgids, plant bugs, sawfly larvae, psyllids, spittlebugs, and phylloxera.]

[The registrant may use one of the two statements:

VEGETABLES AND HERBS: Use as directed above on vegetables and herbs such as asparagus, beans, broccoli, Brussels sprouts, cabbage, cauliflower, kale, oriental vegetables, herbs, lettuce, eggplant, peppers, tomatoes, potatoes, cucumbers, melons and squash.
