1200 Pennsylvania Ave., N.W.  
Washington, D.C. 20460

EPA Reg. Number:

67702-66

Date of Issuance:

1/20/2026

NOTICE OF PESTICIDE:

☒ Registration

☐ Reregistration

(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Granular Moss Killer

Name and Address of Registrant (include ZIP Code):

W. Neudorff GmbH KG  
An der Muhle 3,  
31860 Emmerthal, Germany

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product, always refer to the above EPA Registration Number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the U.S. Environmental Protection Agency. In order to protect health and the environment, the Administrator, on his or her motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under the Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration or registration review of your product when EPA requires all registrants of similar products to submit such data.

Signature of Approving Official:

James Parker, Team Leader  
Biochemical Pesticides Branch  
Biopesticides and Pollution Prevention Division (7511M)  
Office of Pesticide Programs

Date:

1/20/2026

2. Make the following labeling change before you release this product for shipment:

- Revise EPA Registration Number to read, "EPA Reg. No. 67702-66."
3. Submit one (1) copy of the final printed labeling for the record before you release this product for shipment.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6. A stamped copy of the labeling is enclosed for your records. Please also note that the record for this product currently contains the following acceptable Confidential Statements of Formula (CSFs):

- Basic CSF dated 11/05/2025
- Alternate CSF #1 dated 11/05/2025
- Alternate CSF #2 dated 11/05/2025

If you have any questions, please contact Gina Burnett via email at [Burnett.Gina@epa.gov](mailto:Burnett.Gina@epa.gov).

Sincerely,

A handwritten signature in blue ink, appearing to read "James Parker", is written over a horizontal line.

James Parker, Team Leader  
Biochemical Pesticides Branch  
Biopesticides and Pollution  
Prevention Division (7511M)  
Office of Pesticide Programs

<b>FIRST AID</b>	
IF IN EYES	-Hold eye open and rinse slowly and gently with water for 15-20 minutes. -Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. -Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For emergency medical treatment information, call the Poison Control Center 1-800-222-1222. [alternatively a subregistrant can insert their own emergency hotline number and hours of operation, if not 24 hours a day, 7 days a week]	

**PRECAUTIONARY STATEMENTS:****HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**CAUTION.** Causes mild eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**ENVIRONMENTAL HAZARDS**

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help ensure that wind or rain will not wash or blow pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street back onto the treated area of the lawn or garden will help to prevent runoff to water bodies or drainage systems.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PESTS: This product will control moss, algae, lichens and liverworts.

**USE SITES:**

This product can be used around the perimeter of vegetable gardens, fruit trees and vines, in and around ornamental gardens and home greenhouses, and on and around homes and other buildings, lawns, roofs (cedar shakes and composition shingles), decks, hardscaping such as sidewalks and driveways (bricks, stone, gravel, concrete, asphalt), bark mulch.

**APPLICATION DIRECTIONS**

To kill existing moss, apply this product by hand or using a granule spreader at the rate of 1.5-2.4 oz per square yard (5-8 lbs per 500 square feet) where moss, algae, lichens or liverworts are a problem. Use the higher rate for thicker moss. Ensure granules are spread evenly for best control.

People and pets can enter the area after product is applied.

When used as a spray, keep children and pets out of the treated area until sprays have dried.

[May be deleted when label does not contain optional applications for use to dissolve in water]

[Optional application directions for use to dissolve in water:

This product can be applied as a spray to moss on lawns or structures. Dissolve Granular Moss Killer in water to make an 8% solution (10 oz product in 1 gal water), stirring continuously. For structures and hard surfaces, apply the mixed solution at 10 gallons per 1000 square feet. For lawns, apply the mixed solution evenly at 5 gallons per 1000 square feet. Do not over-apply.

]

Repeat treatment as necessary (when new moss growth begins to appear). Best control will be had when this product is applied in the spring or the fall when the moss is growing rapidly. If the granules are accidentally applied to desirable plants, brush the granules off the plant to avoid damage.

This product can be used to prevent new moss growth. For prevention only, use at a rate of 0.75 oz per square yard (2.5 lbs per 500 square feet of treatment area).

#### **STORAGE AND DISPOSAL**

**STORAGE:** Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals.

#### **PESTICIDE DISPOSAL AND CONTAINER HANDLING:**

Nonrefillable container. Do not reuse or refill this container

**If empty:** Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{OPTIONAL STATEMENTS:}

[

-Eliminates unwanted moss, algae and lichens quickly

-Kills within hours

-Visibly damages moss in hours

-Fast acting

-Kills algae, moss and lichens

-Moss killer.

-Moss, algae and lichen killer.

-Kills moss fast.

- Kills moss, algae, and lichens quickly and effectively.
- Prevents new growth
- No unpleasant odor.
- Non-staining
- Will (Does) not stain.
- Will (Does) not stain concrete or other surfaces.
- Won't stain bricks, concrete or asphalt
- Will (Does) not stain concrete, pavement, stucco or wood.
- Will (Does) not darken grass.
- Kills (prevents) moss to prolong life of roofs, decks, patios and walks.
- Destroys moss to prolong life of roofs, decks, patios and walks.
- Controlling moss and algae may add months or years of service to roofs, patios, decks, and such areas.
- Covers up to x,xxx square feet
- For use on lawns, patios plus roofs & buildings.
- Use sites: hard surfaces, lawns
- Will not harm roofs, patios, or walkways
- Use on roofs
- Use on lawns
- For best results, physically remove dead moss one week after treatment.
- Dead moss can be swept away
- Pressure washing is a good method of removing dead moss from roofs.
- When spraying roofs it is best to spray "up-slope" to thoroughly treat the ends of the shingles.
- Will not harm adjacent plants when used according to directions.
- Ideal for use around homes and other buildings, as well as in ornamental gardens.
- Can be used on lawns and structural surfaces (roofs, decks, patios, sidewalks, etc.)
- Kills moss so grass can grow thicker and richer.
- Can be used to spot treat problem areas.
- Can be used to spot treat problem areas in lawns or ornamental gardens (and around vegetable gardens).
- Can be used around pets and wildlife
- Will not increase soil acidity.
- Cultural methods such as soil aeration, liming, improving sun exposure, improving drainage, and applying sand to lawns can make conditions less favorable to moss.
- Will not turn moss black.
- Will not blacken moss or darken grass.
- For household use only.

## **PRECAUTIONARY STATEMENTS:**

### **HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**CAUTION.** Causes mild eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**Personal Protective Equipment (PPE) Requirements:** Applicators and other handlers must wear: long-sleeved shirt, long pants, socks and shoes.

**For Contaminated PPE:** Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

### **User Safety Recommendations**

-Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

-Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

## **ENVIRONMENTAL HAZARDS**

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate

## **DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a manner that will contact workers or other persons, either directly or through drift. Only protected workers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Read and follow all applicable directions and precautions on this label before using.

### **Agricultural Use Requirements**

Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), restricted-entry interval, and notification to workers. The

requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard (WPS).

There is a restricted entry interval of 4 hours for this product.

#### **Non-Agricultural Use Requirements**

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

There are no restrictions.

#### **DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PESTS: This product will control moss, algae, lichens and liverworts.

USE SITES: This product can be used around the perimeter of field crop and residential vegetable gardens, fruit trees and vines, in and around commercial nurseries, ornamental gardens, and commercial and residential greenhouses, and on and around homes and other buildings, lawns and turf, roofs (cedar shakes and composition shingles), decks, hardscaping including sidewalks and driveways (bricks, stone, gravel, concrete, asphalt), bark mulch, golf courses, parks and playgrounds.

To kill existing moss, apply this product at the rate of 1.5-2.4 oz per square yard (5-8 lbs per 500 square feet) where moss, algae, lichens or liverworts are a problem. Use the higher rate for thicker moss. Ensure granules are spread evenly for best control. For broadcast application, use standard broadcast spreaders. For row application, use standard granular spreaders.

Repeat treatment as necessary (when new moss growth begins to appear). Best control will be had when this product is applied in the spring or the fall when the moss is growing rapidly. Do not directly apply the product to any food commodity. If the granules are accidentally applied to desirable plants, brush the granules off the plant to avoid damage.

This product can be used to prevent new moss growth. For prevention only, use at a rate of 0.75 oz per square yard (2.5 lbs per 500 square feet of treatment area).

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a secure place, away from open fire or flame. Keep container closed and reseal after use. Product may be damaged by freezing. Do not store product below 39°F. If spilled, use absorbent materials and dispose of in an approved manner.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Completely empty metal drum, plastic bag, box or plastic tote into application equipment. Then dispose of empty metal drum, plastic bag, box or plastic tote in a sanitary landfill, or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.
