

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Biopesticides and Pollution Prevention Division (7511M)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number: 67702-67
Date of Issuance: 2/12/2026

NOTICE OF PESTICIDE:
 Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:
Unconditional

Name of Pesticide Product:
NEU1128 RTU Aerosol BoV

Name and Address of Registrant (include ZIP Code):

W. Neudorff GmbH KG
c/o Delta Analytical Corp.
12510 Prosperity Drive, Suite 160
Silver Spring, MD 20904

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product, always refer to the above EPA Registration Number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the U.S. Environmental Protection Agency. In order to protect health and the environment, the Administrator, on his or her motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under the Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration or registration review of your product when EPA requires all registrants of similar products to submit such data.

Signature of Approving Official:

Date:

2/12/2026

Gina Burnett, Senior Regulatory Advisor
Biochemical Pesticide Branch
Biopesticides and Pollution Prevention Division (7511M)
Office of Pesticide Programs

2. Make the following labeling change before you release this product for shipment:
 - Revise EPA Registration Number to read, "EPA Reg. No. 67702-67."
3. Submit one (1) copy of the final printed labeling for the record before you release this product for shipment.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6. A stamped copy of the labeling is enclosed for your records. Please also note that the record for this product currently contains the following acceptable Confidential Statement of Formula (CSF):

- Basic CSF dated 08/20/2025

If you have any questions, please contact Cecilia Kujawa via email at kujawa.cecilia@epa.gov.

Sincerely,

Gina Burnett, Senior Regulatory Advisor

EPA Est. No.

PRECAUTIONARY STATEMENTS

Physical Chemical Hazards: Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

Environmental Hazards: This product may be hazardous to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather or when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Please read entire label before using. Use only as directed.

Shake container before use. This product is a contact spray and pests must be sprayed directly to achieve control. Hold can 12-15 inches from foliage. Squeeze trigger to dispense product. Thoroughly spray insect pests or powdery mildew to wetting on all plant parts, including undersides of leaves. Repeat treatment weekly or bi-weekly if needed. May be used on edible crops up to and including day of harvest.

Do not use on sweet peas, nasturtiums, delicate ferns. Use with care on new seedlings, transplants and blooms. Avoid spraying during full sun. If concerned about sensitivity of plants, apply to individual plants or small areas of plants and wait to determine if plant damage occurs prior to treatment of larger areas.

PESTS

Controls powdery mildew and insect pests such as: adelgids (woolly aphids), aphids, lacebugs, mealybugs, mites, grasshoppers, leafhoppers, scale insects, plant bugs, sawfly larvae (pear and rose slugs), psyllids, tent caterpillars, thrips, spider mites, earwigs, and whitefly.

For use indoors, outdoors and in greenhouses on: fruit and nut trees (e.g., apples, cherries, peaches, pears, pecans, almonds); corn; soybeans; melons; tomatoes; vegetables (e.g., beans, cabbage, cucurbits, peas, potatoes); figs; small fruits (e.g., grapes, strawberry, raspberry); citrus; houseplants; ornamental and bedding plants; ornamental and shade trees (e.g., birch, evergreens, holly, oak).

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in its original container in a cool, dry place out of reach of children and domestic animals, in a secure storage area.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Do Not Puncture or Incinerate!

If empty: Nonrefillable. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or for disposal instructions. Never place unused product down any indoor or outdoor drain.

BATCH CODE

NOTICE TO BUYER

To the extent consistent with applicable law, seller warrants that this product conforms to the chemical description on this label and is reasonably fit for purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions, or under conditions not reasonably foreseeable to seller. To the extent consistent with applicable law, buyer assumes all risk of any such use. To the extent consistent with applicable law, seller makes no other warranties, either expressed or implied.

{Marketing claims and product information that may be presented on the container or supplemental wording}:

[

- Insecticidal soap
- [Insecticidal]/[Fungicidal]/[Miticidal] soap
- [3 in 1]: [Insecticide]/[miticide]/[fungicide]
- Insect spray
- [for use on] [roses], [flowers], [houseplants], [gardens], [fruit], [vegetables], [nut trees], [citrus], [berries], [ornamentals], [shubs], [trees] [in] [homes], [gardens], and [greenhouses]
- rose and flower insecticide
- ideal for [roses], [flowers], [houseplants], [gardens], [fruit], [vegetables]
- kills insects [fast] in minutes
- fast acting- in minutes!
- kills [bugs][insects] through contact
- provides quick control of pests in minutes

- Listed by the Organic Materials Review Institute (OMRI) for use in [growing organic food and fiber][organic gardening].
- OMRI Listed

- Not your standard aerosol!
- The propellant is compressed air, not chemicals
- Air pressurized. NO VOCs.
- Apply upside down and at any angle

- Spray at any angle
- Can be applied at any angle – even upside down
- Product delivery is the same regardless of the can position during spraying
- Constant pressure- won't lose pressure as can empties
- Continuous spray technology provides even coverage
- Quick and even coverage
- This any-angle spray can get to those hard-to-reach areas for complete coverage
- Nothing left behind in the can – completely empties
- This spray [can] uses an [eco-friendly] Bag On Valve technology which uses compressed air instead of a chemical propellant to create the spray.
- Holds more product than the same size aerosol bottle
- Continuous spray
- Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosol.
- See [inside][side][back][panel](attached) [booklet] for [additional] [complete] [precautionary statements], [directions for use], [first aid statements], [Storage and disposal], [use precautions] {When the first aid statement will appear on the side or back panel, the claim "See side/back panel for First Aid" will appear on the front panel}
