WASHINGTON, DC 20460

EPA REGISTRATION NO.
57714-1

DATE OF ISSUANCE
29 NOV 1994

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

TERM OF ISSUANCE
Conditional

NAME OF PESTICIDE PRODUCT
Liquified Chlorine Gas
Under Pressure

NAME AND ADDRESS OF REGISTRANT (include ZIP code)

Pool Chem, Inc.
5450 S. Villa
Fresno, CA 93725

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Add the phrase, "EPA Registration No. 67714-1" to your label before you release the product for shipment.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

This label must be in the possession of the user at the time of application. This product may be repackaged into portable cylinders and used as an ingredient or intermediate in the manufacture of pesticide products.

NOTE: Repackagers and pesticide manufacturers using this product must obtain their own registration and establishment number from the United States Environmental Protection Agency.

ACTIVE INGREDIENT: CHLORINE 99.5%
INERT INGREDIENTS: 0.5%

ACCEPTED
29 NOV 1994
Under the Fungicide, Insecticide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 67714-1

KEEP OUT OF REACH OF CHILDREN

DANGER  POISON

STATEMENT OF PRACTICAL TREATMENT (FIRST AID)

IF INHALED: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention immediately.

IF IN EYES: Hold eyelids open and flush with a steady, gently stream of water for 15 minutes. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water while removing contaminated clothing and shoes. Get medical attention.

See back panel for additional precautions.

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMAN & DOMESTIC ANIMALS:

DANGER:

Fatal if inhaled or absorbed through skin. Corrosive. Causes irreversible eye damage and skin burns. Do not breathe vapors or get in eyes, on skin or on clothing. Wear goggles, protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

This product cannot be legally marketed in channels of trade until it has been registered by the Environmental Protection Agency.

CHEMICAL-PHYSICAL HAZARDS:

Chlorine is a non-flammable gas which is liquefied and under pressure. Do not drop container. Keep away from intense heat or open sunlight. Chlorine is corrosive to most metals in the presence of moisture.

STORAGE AND DISPOSAL:

STORAGE: Cylinders should be stored in a dry area away from sources of heat and protected from direct sunlight and precipitation. They should be segregated from other compressed gases and never stored near hydrocarbons, finely divided metals, turpentine, ether, anhydrous ammonia, or other flammable materials. All cylinders must have a weather resistant label attached near the outlet valve and must not be accessible to the public. Do not drop container. If container is damaged or leaking, refer to procedures in the Chlorine Manual or notify the supplier immediately.

DISPOSAL: Container is returnable and must be properly identified with return tag and returned as promptly as possible to supplier according to prescribed instructions and practices of the supplier and according to the prescribed instructions and practices of the Chlorine Institute. All valves must be closed tight and caps secured. It is illegal to ship a leaking container. Do not contaminate water, food or feed by the use, storage and/or disposal of this product.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of federal law to use this pesticide product in a manner inconsistent with its labeling. Before handling or moving, have available gas masks approved by the U.S. Bureau of Mines or the National Institute for Occupational Safety and Health. Handle and use only in accordance with practices recommended in the Chlorine Manual published by the Chlorine Institute Inc.; New York City, New York. Use only in well ventilated areas.

Only specifically designed feeding equipment should be used in accordance with manufacturer's instructions and within state regulatory agency recommendations for dosages or residual chlorine levels for each application site.
