Your Correspondence of December 5, 2001 and January 2, 2002

Dear Ms. Exton:

On the behalf of your client, D-I-1-4, Inc., you responded to the Agency's October 25, 2001, letter with the submission of a revised label. Subsequently, at Denise Greenway's telephoned request, you furnished by e-mail on January 2, 2002, a replacement for the label's first page (to correct the EPA Establishment Number).

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants of similar products to submit such data.
2. Submit three (3) copies of your final printed labeling before releasing the product for shipment. Final printed labeling means the label or labeling of the product when distributed or sold. Clearly legible reproductions or photo reductions will be accepted for unusual labels, such as those silk-screened directly onto glass or metal containers or large bags, or drum labels.
