Biopesticides and Pollution Prevention Division (7501W)  
401 M Street, S.W.  
Washington, DC 20460

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
(under FIFRA, as amended)

EPA Reg. Number:  
67748-2

Date of Issuance:  
DEC 16 1996

Term of Issuance:  
Unconditional

Name of Pesticide Product: Phytohealth  
M14 Post-Harvest Fungicide

Name and Address of Registrant (include ZIP Code): MEIJI Milk Products Co. Ltd., Suite 603, 1901 N. Moore St.,  
Arlington, VA 22209

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Add the phrase "EPA Reg. No. 67748-2" to the label prior to releasing the product for shipment.
2. Submit five copies of the final printed labeling before releasing the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Unconditional registration does not eliminate the need for continual reassessment of a pesticide. If EPA determines, at any time, that additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under section 3(c)(2)(B) of FIFRA.

A stamped copy of the label is enclosed for your records.

GENERAL INFORMATION:

PHYTOHEALTH M14 Post-Harvest Fungicide controls Green Mold on citrus fruits including but not limited to lemons, oranges, grapefruits, limes and tangerines.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Add Phytohealth M14 slowly at the rate of one volume to the indicated volumes of water or wax as shown in the chart below. Mix thoroughly until dissolved.

Amount of Green Mold Contamination	Dissolve in water. Dip citrus fruits into this mix for 2-3 minutes for optimum control.		Dissolve in wax. Apply this mixture by uniformly spraying all surfaces of citrus fruits.	
	Temperature Above 50°F(10°C)	Temperature Below 50°F(10°C)	Temperature Above 50°F(10°C)	Temperature Below 50°F(10°C)
High	24	-	24	-
Moderate	49	49	49	49
Low to Moderate	99	99	99	99
Low	-	249	-	249

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals.

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store at room temperature in areas inaccessible to small children. Store product in original container only, away from other pesticides, fertilizer, food, or feed. Never allow PHYTOHEALTH M14 Post-Harvest Fungicide to become wet during storage. This may lead to certain chemical changes which will reduce the effectiveness of the product as a post-harvest fungicide. Avoid direct sunlight.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
