PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals

CAUTION

Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Keep children and pets away from treated areas until spray has dried. Avoid contamination of food. Do not contaminate water supplies.

FIRST AID

IF ON SKIN:
Take off contaminated clothing. Rinse skin with plenty of waterfor 15–20 minutes.
Call a poison control center or doctor for treatment advice.

IF IN EYES:

- Call a poison control center or doctor for treatment advice.
 Hold eye open and rinse slowly and gently with water for 15 20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue
 - rinsing eye.
 - Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

You may also call 1-800-228-5635, ext. 153, [or other designated medical emergency number] for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

[CONSUMER INFORMATION]

[This container treats approximately:

200 weeds (24 oz) 250 weeds (32 oz) 1000 weeds (128 oz) 1300 weeds (170 oz)

[This container covers approximately xx sq ft] [varies depending on container size]

[Glyfos Ready-to-Use 0.75% Weed and Grass Killer eliminates nearly all common weeds and grasses.

This product is a general purpose [non-selective] weed and grass killer for control of unwanted vegetation in driveways, walkways, curbs, along fences and foundations, near trees and shrubs, flower beds, mulch beds, and other similar areas of the lawn and garden. This product is not recommended for use in lawns because lawn grasses will be killed too.

[Important: This product is a non-selective herbicide and will kill all vegetation contacted. This herbicide kills unwanted plants by inhibiting the production of a substance found only in plants. It enters plants through the sprayed foliage and moves down to the roots. Avoid direct spray or drift onto desirable plants, lawn grasses, shrubs and trees. [Protect desirable plants and vegetation with a piece of plastic or cardboard.] If desirable plants are accidentally sprayed, wash plants with water immediately. Any **Glyfos** not absorbed by the plant is broken down into

Note: See the **CONSUMER INFORMATION** section of this label for important information on protecting plants you like.

[When To Use] [For Best Results] [For Maximum Effectiveness]

Apply to actively growing weeds, preferably before the seed heads form. It is best to apply on a warm sunny day when daytime temperatures are above 60° F and there is no rain forecasted for 24 hours. Reapply if it rains within 24 hours of application. Apply when the wind is calm. Weed control is accelerated by warm sunny weather.

[How To Use] [How to Apply] [Application Instructions]

Glyfos Ready-To-Use 075 Weed and Grass Killer is pre-mixed, pre-measured and ready to use. To re-fill empty container, see **REFILLING INSTRUCTIONS**. This product is formulated for spot treatment to individual weeds. Adjust the nozzle to make a coase spray. Hold sprayer about 1-2 feet from the weed. Thoroughly wet the foliage of the target weeds and grasses. Do not overspray. The weed killer moves systemically through the plant for effective control. Visible effects usually occur within 1 week on most weeds, with complete kill in 2 to 4 weeks. Hard-to-control weeds may require a second application after 4 weeks.

REPLANTING INSTRUCTIONS

Ornamentals and flowers can be re-seeded or transplanted 1 day after application.

[REFILLING INSTRUCTIONS

(24 fl oz hand trigger sprayer)

Refill empty container by adding 1 ½ cups (12 fl oz) of clean tap water. Then add 3 Tbs of **Glyfos Concentrate 18% Weed and Grass Killer** or 4 tsp of **Glyfos Concentrate 27% Weed and Grass Killer**. Continue to add water slowly until full. Close container and shake to mix. Follow label directions for use. Do not reuse this container for any other product or purpose.

(32 fl oz container)

Refill empty container by adding 2 cups (16 fl oz) of clean tap water. Then add 4 Tbs of **Glyfos Concentrate 18% Weed and Grass Killer** or 5 tsp of **Glyfos Concentrate 27% Weed and Grass Killer**. Continue to add water slowly until full. Close container and shake to mix. Follow label directions for use. Do not reuse this container for any other product or purpose.

(128 fl. oz. Container)

Refill empty container by adding 64 fl oz (1/2 gallon) of clean tap water. Then add 7 fl oz (7/8 of a cup) of **Glyfos Concentrate 18% Weed and Grass Killer** or 3 fl oz (6 Tbs) of **Glyfos Concentrate 27% Weed and Grass Killer**. Continue to slowly add water until full. Close container and shake to mix. Follow label directions for use. Do not reuse this container for any other product or purpose.

(170 fl oz container Pull 'N Spray or Fast & Easy Pressure Sprayer)

Remove the pump mechanism from the empty container. Refill by adding 2 ½ L (85 fl oz) of clean tap water. Then add 10 ½ fl oz of **Glyfos Concentrate 18% Weed and Grass Kilier** or 4 ½ fl oz of **Glyfos Concentrate 27% Weed and Grass Killer**. Continue to add water slowly until full. Close container and shake to mix. Replace pump and use according to label directions.]

natural materials. This product has no soil activity and thus will not affect nearby untreated plants.

Do not mow, cut or otherwise disturb treated vegetation for at least 7 days following application.
