NET CONTENTS: 32 fl oz (1 quart) ½ gallon :1 gallon EPA Reg. No. 67760-52

EPA Est. No

THIS IS AN END-USE PRODUCT. CHEMINOVA, INC. DOES NOT INTEND AND HAS NOT REGISTERED IT FOR REFORMULATION OR REPACKAGING.

Manufactured for: Cheminova, Inc. Oak Hill Park 1700 Route 23, Suite 300 Wayne, New Jersey 07470

[Product of Denmark] [Product of USA]

# PRECAUTIONARY STATEMENTS Hazards to Humans and Domestic Animals CAUTION

Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Keep children and pets away from treated areas until spray has dried. Avoid contamination of food. Do not contaminate water supplies.

#### **FIRST AID**

IF ON SKIN:

- Take off contaminated clothing. Rinse skin with plenty of water for 15–20 minutes.
- Call a poison control center or doctor for treatment advice.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15 20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

You may also call 1-800-228-5635, ext. 153, [or other designated medical emergency toll free number] for emergency medical treatment information.

#### **ENVIRONMENTAL HAZARDS**

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

#### **[CONSUMER INFORMATION**

[Glyfos Ready-to-Use 5% Weed and Grass Killer eliminates nearly all common weeds and

#### grasses.] [lllustrations]

This product can be used in driveways, walkways, curbs, along fences and foundations, near trees and shrubs, in flower beds, mulch beds, vegetable gardens, gravel, and other similar areas of the yard to get rid of undesirable vegetation.] [Edging around lawns] [For lawn replacement/renovation] [For garden plot preparation] [Do not use on or around edible feed or food crops.]

[Important: This product is a non-selective herbicide that will kill all vegetation contacted. This herbicide kills unwanted plants by inhibiting the production of a substance found only in plants. It enters plants through the sprayed foliage and moves down to the roots. Avoid direct spray or drift onto desirable plants, lawn grasses, shrubs and trees. Protect desirable plants and vegetation with a piece of plastic or cardboard. If desirable plants are accidentally sprayed, wash plants with water immediately. Any **Glyfos** not absorbed by the plant is broken down into natural materials. This product has no soil activity and thus will not affect nearby untreated plants.

Do not mow, cut or otherwise disturb treated vegetation for at least 7 days following application.

[[For product information and a complete list of weeds controlled] [For more information] [For questions or comments], call toll-free 1-800-xxx-yyyy or visit www.xxxxx.xxx.]

#### **WEEDS AND GRASSES CONTROLLED**

#### [Annual weeds and grasses:

cudweed\*, purple nutsedge, quackgrass, quaking aspen, ragweed, raspberry, red clover, smooth bromegrass, sourdock, sowthistle, St. Augustinegrass, sumac, tall fescue, tansy ragwort, thistle, Timothy, torpedograss, trumpetcreeper, vaseygrass, Virginia creeper, white clover, whitetop, wild barley, wild blackberry, wild carrot, wild morning-glory, wild oats, wild sweet potato, willow, yarrow, yellow nutgrass, yellow starthistle, zoysia] [and many other perennial grasses, weeds, brush and sedges] [controls many unwanted plants] [all kinds of weeds and grasses].

\*Annual or Perrenial

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. [Read the entire label before using this product] [Use only according to label instructions and precautions]

**Note:** See the **CONSUMER INFORMATION** section of this label for important information on protecting plants you like.

[When to use] [When to apply]: Apply when weeds are actively growing. It is best to apply on a warm sunny day when daytime temperatures are above 60° F and no rain is forecasted for 24 hours. Re-apply if rain occurs with 24 hours after application. To avoid drift to desirable plants, apply when the air is calm.

#### [How to use] [How to Apply] [Application Instructions]:

This product is formulated for "spot" treatment of individual weeds and grasses. For lawn renovation, see the Lawn renovation/replacement recommendations section of this label. Apply with a plastic, aluminum or stainless steel tank-type sprayer. Do not apply with galvanized or unlined steel sprayer, or through any irrigation system or sprinkling can. See table below for mixing directions and the amount of product and water to add for the area to be treated.

Mixing Instructions			
To treat this amount of area	Use this amount of Glyfos Ready-to-Use 5% Weed & Grass Killer	In this amount of water	
250 sq ft	8 fl oz	1 gallon	
500 sq ft	1 pt	2 to 3 gallons	
1,000 sq ft	1 qt	4 to 6 gallons	

[For application using the ORTHO® Lawn and Garden Sprayer (on foliage setting) or ORTHO Spray-Ette® Hose End Sprayer, add the amount of product indicated on the sprayer jar and apply to the area specified. **Do not add water to jar. Do not use the ORTHO Lawn Sprayer.** To prepare Ready-to-Use spray solution or to make spot treatments with a hand trigger sprayer, add x parts of **Glyfos Concentrate 5% Weed and Grass Killer** to x amounts of clear tap water to make a x% spray solution. For example: 2 oz of product plus 18 fl oz of clean tap water.

Adjust nozzle to make a coarse spray. [OR] Adjust nozzle to deliver a spray pattern appropriate for the job. Hold tip of sprayer about 1-2 feet from the weed or plant you want to control and

apply to the foliage. Thoroughly cover and wet the entire foliage of target weeds and grasses. Make application when the air is calm. Thoroughly wet the foliage of the target vegetation. Do not overspray. A single application of **Glyfos** controls most listed weeds. Sprayed plants begin yellowing and wilting in about 1week, with a complete kill, including the roots, in 2 to 4 weeks. Harder-to-control weeds may require a repeat application after 4 weeks. Do not store unused spray solution.

Ornamentals and flowers can be re-seeded or transplanted 1 day after application. Not recommended for spot weed treatment in established lawns as Glyfos kills lawn grasses too. If replacing a lawn or parts of a lawn, see Lawn Renovation [Replacement] Recommendations on this label. Wait 7 days after treatment to re-seed treated lawn areas.

Cleaning Spray Equipment: Triple rinse sprayer and all sprayer parts with water. Spray rinse water on bare soil or gravel. After thorough cleaning, sprayer can be used for other products.

#### Lawn renovation [replacement] recommendations:

Use **Glyfos** to kill old lawns with an excess of undesirable weeds before planting the new lawn. Skip a mowing before spraying.

Under dry conditions, water 2 to 3 days before application and, if necessary, 2 to 3 days after application.

If green patches remain after 7 days, reapply as a spot treatment.

Do not rake, till or otherwise disturb the soil for at least 7 days following application.

Wait 7 days after treatment to plant seed or install sod.

[This product can be used to refill Glyfos Ready-To-Use 0.75% Weed & Grass Killer, Glyfos Ready-To-Use 0.96% Weed & Grass Killer or Glyfos Ready-To-Use 1.92% Weed & Grass Killer following mixing directions on these product container labels.]

#### STORAGE AND DISPOSAL

**Storage:** Use and store this product only in its original container. Store product in a secure storage area away from heat or open flame. Protect product from freezing.

**Disposal**: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Spill or leak: In case of spill or leak, soak up with paper towels and discard in trash.

#### DISCLAIMER

The label instructions for the use of this product reflect the opinion of experts based on field uses and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Desirable plant injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application all of which are beyond the control of Cheminova. All such risks shall be assumed by the user.

Cheminova warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in

accordance with the Directions for Use set forth in the label, subject to the risks referred to above.

Any damage arising from a breach of this warranty shall be limited to direct damages and shall not include consequential commercial damages such as loss of profits or values or any other special or indirect damages.

Cheminova makes no other express or implied warranty including any other express or implied warranty of FITNESS or MERCHANTABILITY.

Label Notification

Glyfos Concentrate 5% Weed & Grass Killer (EPA Reg. No. 67760-52)

Dear Ms. Walters:

We are submitting this notification to make changes to the Disposal Statements on the label for the above referenced product. These changes are being made in accordance with PR Notice 2001-6. I have attached one copy of the label (with changes clearly marked) along with a completed Application for Registration form (EPA Form 8570-1).

We have made the following changes on this label:

We have replaced the existing Disposal instructions with the following:

"If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never placed unused product down any indoor or outdoor drain.

If you have any questions or require any additional information, please contact me at 973-305-6600 ext. 229 or by e-mail at klu.us@cheminova.com

Sincerely,

Kathryn Luba

Regulatory Specialist
