JAN 22 1996

James K. Hines  
 Tri Corporation  
 10260 Westheimer Road, Suite 230  
 Houston, TX 77042

Dear Mr. Hines:

Subject: Revised Labeling - Addition of Asparagus, Barley,  
 Sorghum, Rape Seed (Canola), Peppermint, Spearmint,  
 Chicory/Endive, Flax, and Under Paved Surfaces as  
 Acceptable Uses for Products Formulated with this  
 Product  
 Trifluralin Technical  
 EPA Registration No. 67959-1  
 Your Submission Dated October 3, 1995

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following provisions:

- 1) According to our records, the requirement of acute toxicity studies performed on this product was waived on the basis that this product was considered to be substantially similar to I.Pi.Ci. Industria Prodotti Chimici S.p.A.'s product Trifluralin Technical (EPA Registration No. 33660-3). Therefore, the precautionary labeling must be consistent with the language for that product. For this reason, the following revisions are necessary:
  - a) Add the statement "Get medical attention" to the end of the "If On Skin" statement in the Statement of Practical Treatment.
  - b) Revise the signal word appearing with the Precautionary Statements to read "CAUTION".
  - c) Revise the Precautionary Statements to read as follows:  
 "Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking or smoking tobacco products. Remove contaminated clothing and wash before reuse. The active ingredient trifluralin may cause skin sensitization reactions in certain individuals."

2) Revise the Environmental Hazards statement to read as follows:

"Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA."

A stamped copy is enclosed for your records. Please submit one (1) final printed copy for the referenced label, incorporating the above changes, before releasing the product for shipment.

Sincerely yours,

Joanne I. Miller  
Product Manager (23)  
Fungicide-Herbicide Branch

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

~~**WARNING**~~ CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with skin, eyes or clothing. Do not contaminate foodstuffs or feed. Do not apply this product in such a manner as to directly or through drift expose workers or other persons.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water. Do not apply where runoff is likely to occur. Do not apply where weather conditions favor drift from areas treated. Direct contamination of any body of water with this product may kill fish and other aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of wastes.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use by commercial pesticide formulators.

For formulation into end-use herbicide products intended for use on cotton, soybeans, alfalfa, carrot, castor bean, celery, cole crops, okra, pepper, southern pea, cucurbits, beans, greens, mustard, corn, hops, pea, peanut, potato, safflower, sugar beet, sugarcane, sunflower, tomato, fruit and nut crops, vineyards, forage legumes, wheat, asparagus, barley, sorghum, rape seed (canola), peppermint, spearmint, chicory/endive, flax, and under paved surfaces.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in original container only. Do not store near heat or open flame. In case of leak or spill, use absorbent materials to contain and dispose of waste. Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
