

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Biopesticides and Pollution Prevention Division (7511C)  
1200 Pennsylvania Avenue NW  
Washington, DC 20460

EPA Reg. Number:

67986-1

Date of Issuance:

12/9/05

Term of Issuance:

Conditional

Name of Pesticide Product:

Agriphage

NOTICE OF PESTICIDE:

Registration  
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

OmniLytics  
P.O. Box 4296  
Logan, Utah 84323-4296

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The registration application referred to above, submitted in connection with registration under § 3(c)(7)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you do the following terms and conditions.

1. Submit/cite all data required for registration of your product under FIFRA § 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit production information for this product to Mr. Owen Beeder of Registration Division (7505C) for the fiscal year in which this product is conditionally registered, in accordance with FIFRA § 29. The fiscal year begins October 1 and ends September 30. Production information will be submitted to the Agency no later than November 15, following the end of the preceding fiscal year.
3. This registration is registered under FIFRA § 3(c)(7)(C) because of the outstanding polymerase chain reaction (PCR) screen, and the quality control procedures data. Submit the following data within the specified timeframes:
  - 1) You must submit a PCR based screen within 6 months of this registration
  - 2) You must maintain Quality Control procedures and report these procedures to the

Agency if requested.

4. Revise EPA Reg. No. 67986-R on your labeling to read EPA Reg. No. 67986-1.
5. Submit five (5) copies of the revised final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Janet L. Andersen, Ph.D., Director  
Biopesticides and Pollution  
Prevention Division (7511C)

### Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do Not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirement specific to your State and Tribe, consult the agency responsible for pesticide regulation.

**User Safety Recommendation**

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

**Agricultural Use Requirements**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and green houses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted-entry interval. The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is:

- coveralls over long-sleeved shirt and long pants,
- socks, and
- shoes

For Treatment of Bacterial Spot (*Xanthomonas campestris* pv. *vesicatoria*) and Speck (*Pseudomonas syringae* pv. *tomato*) in Tomatoes and Peppers

Dilute Agriphage product at a ratio of 1 pint per 100 gallons water to cover approximately 1 acre. The diluted solution should be applied with conventional ground or aerial spray equipment immediately after planting and approximately weekly thereafter depending on weather conditions. More frequent application may be necessary during periods of heavy or persistent rains.

To prepare diluted solution, fill the mix tank with the desired amount of water and add Agriphage with agitation to mix thoroughly. The volume of diluted solution necessary for adequate coverage will depend on spray equipment, weather, and local conditions. Apply enough solution for thorough coverage without runoff.

First Aid	
If in eyes:	<p>Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</p> <p>Call a poison control center or doctor for treatment advice.</p>
If on skin or clothing:	<p>Take off contaminated clothing.</p> <p>Rinse skin immediately with plenty of water for 15-20 minutes.</p> <p>Call a poison control center or doctor for treatment advice.</p>
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment.</p>	

### PRECAUTIONARY STATEMENTS

#### Environmental Hazards

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

6/10

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:** Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Triple rinse empty containers. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

### Warranty Statement

OmniLytics (Agriphi), Inc. warrants that this material conforms to the description on the label and is reasonably fit for the purposes referred to in the Directions for Use. Agriphi, Inc. makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case or circumstance shall Agriphi, Inc. or seller be liable for consequential, special or indirect damages resulting from the use or handling of this product including but not limited to, loss of profits, business reputations, or customers; labor cost; or any other expenses incurred in planting, cultivating or harvesting.
