OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

Michael Braverman, Ph.D. IR-4 Project, Rutgers University 681 U.S. Highway 1 South North Brunswick, New Jersey 08902-3390

Dear Dr. Braverman:

Subject: Labeling Amendment

Agriphage

EPA Reg. No. 67986-1

Your submission dated March 13, 2006

The labeling amendment submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, has been received and reviewed, and the label is acceptable. Please submit three (3) copies of your final printed labeling incorporating the changes prior to releasing the product for shipment. A stamped accepted copy of the label is enclosed for your records.

Should you have any questions regarding this correspondence, you may contact Leonard Cole directly at 703.305.5412 or via email at <u>cole.leonard@epa.gov</u>.

Sincerely,

Dennis Szuhay, Chief

Microbial Pesticides Branch Biopesticides and Pollution

Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do Not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirement specific to your State and Tribe, consult the agency responsible for pesticide regulation.

User Safety Recommendation

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Agricultural Use Requirements

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and green houses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted-entry interval. The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard.

No restricted entry interval (REI) - 0 hours.

No PPE requirements.

For Treatment of Bacterial Spot (Xanthomonas campestris pv. vesicatoria) and Speck (Pseudomonas syringae pv. tomato) in Tomatoes and Peppers

Dilute Agriphage product at a ratio of 1 to 2 pints per 100 gallons water to cover approximately 1 acre. The diluted solution should be applied with drip irrigation, conventional ground or aerial spray equipment immediately after planting and approximately weekly thereafter depending on weather conditions. More frequent application may be necessary during periods of heavy or persistent rains.

To prepare diluted solution, fill the mix tank with the desired amount of water and add Agriphage with agitation to mix thoroughly. The volume of diluted solution necessary for adequate coverage will depend on spray equipment, weather, and local conditions. Apply enough solution for thorough coverage without runoff.

First Aid	
If in eyes:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
	Call a poison control center or doctor for treatment advice.
If on skin or clothing:	Take off contaminated clothing.
	Rinse skin immediately with plenty of water for 15-20 minutes.
	Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PRECAUTIONARY STATEMENTS

Environmental Hazards

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store this product in a cool dry area, away from direct sunlight and heat

to avoid deterioration.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site

or at an approved waste disposal facility.

Container Disposal: Triple rinse empty containers. Then offer for recycling or

reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If

burned, stay out of smoke.

Warranty Statement

OmniLytics, Inc. warrants that this material conforms to the description on the label and is reasonably fit for the purposes referred to in the Directions for Use. OmniLytics, Inc. makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. In no case or circumstance shall OmniLytics, Inc. or seller be liable for consequential, special or indirect damages resulting from the use or handling of this product including but not limited to, loss of profits, business reputations, or customers; labor cost; or any other expenses incurred in planting, cultivating or harvesting.
