

U.S. ENVIRONMENTAL PROTECTION AGENCY  
 Office of Pesticide Programs  
 Registration Division (7505P)  
 1200 Pennsylvania Ave., N.W.  
 Washington, D.C. 20460

EPA Reg. Number:

68086-13

Date of Issuance:

5/6/21

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

SynergyLabs Flea & Tick Shampoo

Name and Address of Registrant (include ZIP Code):

Synergy Labs  
 3201 SW 42<sup>nd</sup> St.  
 Ft. Lauderdale, FL 33312

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 4  
 Invertebrate-Vertebrate Branch 1  
 Registration Division  
 Office of Pesticide Programs

Date:

5/6/21

2. You are required to comply with the data requirements described in the DCI identified below:
  - a. Pyrethrins GDCI-069001-1850
  - b. MGK 264 GDCI-057001-1224 and GDCI-057001-1851

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCIs listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division:

<http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 68086-13.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 05/06/2021

If you have any questions, you may contact Robert Mitchell at 703-347-0404 or via email at [mitchell.robert@epa.gov](mailto:mitchell.robert@epa.gov).

Manufactured by

9479 Synergy Way  
Hildebran, NC 28637

EPA Reg. No. \_\_\_\_\_

EPA Est. No. 68086-NC-1

Net Contents: 16 oz, 128 oz

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING**

Causes substantial but temporary eye injury. Causes skin irritation. Do not get in eyes, on skin, or clothing. Harmful if inhaled. Avoid breathing product vapor. Wear protective eyewear such as goggles or safety glasses. Wear long-sleeved shirt and long pants, socks, shoes, and gloves made out of any water-proof material. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

**PHYSICAL OR CHEMICAL HAZARDS**

**Combustible.** Do not use or store near heat or open flame.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product  
in a manner inconsistent with its labeling.

**READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON HORSES, FERRETS, DOGS, and CATS.** Follow all precautions and directions.

[SHAKE WELL BEFORE USE]

For use on Horses, Ferrets, Dogs, Cats, Puppies, and Kittens over the age of 12 weeks for control of Fleas and Ticks. Do not repeat treatment for 7 days. Do not use on puppies or kittens under 12 weeks. Consult a veterinarian before using this product on debilitated, aged, pregnant, or nursing animals. Sensitivities may occur using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

**HOW TO USE:** Wet the animal's coat for 2 to 3 minutes with warm water. Apply shampoo on head and ears and lather. Then repeat procedure with neck, chest, and middle and hindquarters, finishing legs last and paying special attention to the footpads (between the toes) and underbody areas. Wash the head and ear areas carefully, making sure to keep the shampoo out of the animal's eyes. **NOTE:** A drop of glycerin in each eye before bathing may prevent or reduce irritation if the shampoo gets in the animal's eyes. Pay special attention to the base of the tail, as it is a place frequented by fleas. Fully lather animal and let lather remain on animal for 5 minutes before rinsing thoroughly with water. **NOTE:** This final step is an important part of grooming procedure.

For small dogs and cats less than 15 pounds, wrapping the animal in a towel for several minutes to absorb moisture is advised. This also will allow dying fleas and ticks to crawl off animal into towel before drying animal with a towel or blow dryer.

Flea and tick control on the animal is only part of the solution to the problem. The inside of the house and the outdoor area used by the animal must also be treated for best results.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

### PESTICIDE STORAGE:

Store in a cool dry area. Always store pesticides in the original container. Store away from food and pet food.

### PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Non-refillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
