Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is unconditionally registered, however, it is not regarded as permanently acceptable. Unconditional registration does not eliminate the need for continual reassessment of a pesticide. If EPA determines, at any time, that additional data are required to maintain an existing registration, the Agency will require submission of such data under Section 3(c)(2)(B) of the Federal Insecticide Fungicide and Rodenticide Act (FIFRA).

1. A stamped copy of the label is enclosed for your records.
2. This registration will expire on February 28, 1996. The continued registration may be revisited and extended at the discretion of the Agency.

3. The stamped approved label may not be reprinted. If reprinting of the label is necessary, the following changes are required. Each packet must contain the signal word "Caution" and the phrase "KEEP OUT OF REACH OF CHILDREN", product name, ingredient statement, registration number, and a referral statement to see outer package for detailed instructions and precautions. Delete the ingredient "Lemongrass" on the packets to make your ingredient statement agree with the outer packaging. On the outer package do not print separate "directions" and "directions for use"; combine all instruction for use under the "directions for use" heading after the sentence, "It is a violation of federal law to use....." In the directions include the sentence, "Repeat every hour or as necessary for desired protection." If a new label is printed, submit five complete final printed labels for our files. Your product labeling must comply with the Labeling Requirements for Pesticides and Devices, 40 CFR Part 156.10.

4. For subsequent printing of your labels, the EPA Registration Number shall read, "EPA Reg. No. 68125-3 ".

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your subsequent release for shipment of the product constitutes acceptance of these conditions.
