Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

1. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 68276-2".
 - b. Please replace the claim "other insects" with "other **crawling** insects".
 - c. The active ingredient, silicon dioxide, must be identified on the label as silicon dioxide **from diatomaceous earth**.
 - d. Delete the claim, **repellent**, from the label since silicon dioxide does not demonstrate repellent characteristics.

Signature of Approving Official:

Date:

e. Please revise the Statement of Practical Treatment to read as follows:

IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.

Please note that the other listed statements of practical treatment are not required for this product.

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is an effective insecticide for use against ants, beetles, earwigs, fleas, roaches, silverfish, ticks and other crawling and flying insects which come in contact with the product. This product is composed of fresh water fossilized shells or minute organisms which damage the insects' exoskeleton, cause the insect to die of dehydration.

For Indoor Use: Gently squeeze bottle and lightly coat a thin layer of dust in areas where these pests are found or may hide, such as cracks and crevices, behind and beneath stoves, refrigerators, sinks, cabinets, garbage cans, around pipes and drains, window frames and in attics and basements. Hit insects directly where possible. Repeat treatment as necessary.

For Outdoor Use: Gently squeeze bottle and lightly coat a thin layer of dust in areas where these pests are found or may hide including patios, windows, door frames and sills, outside of entrance ways, around foundations and along ant trails. Repeat treatment as necessary. For ants, disturb nest with a stick. Sprinkle dust on and around mound.

Storage and Disposal

Storage: Store in original container in a cool, dry place (preferably locked) out of sunlight and inaccessible to children and pets. **Disposal:** Do not reuse empty container; wrap and put in trash collection.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Use adequate ventilation and avoid breathing dust. Wear a suitable dust mask when using this product for prolonged exposure.

Statement of Practical Treatment

If In Eyes or On Skin: Flush with plenty of water. Call a physician if irritation persists.

If Inhaled: Seek fresh air. Contact a physician if warranted.

Environmental Hazards

This product is toxic to fish. Do not apply directly to any body of water. Do not apply outdoors when weather conditions favor drift from the treatment area. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on this label.

Notice: Buyer assumes all responsibility for safety and use not in accordance with directions.
