CAUTION

HARMFUL IF SWALLOWED. MAY CAUSE EYE IRRITATION.
AVOID EYE CONTACT. WASH THOROUGHLY AFTER HANDLING

DIRECTIONS FOR USE

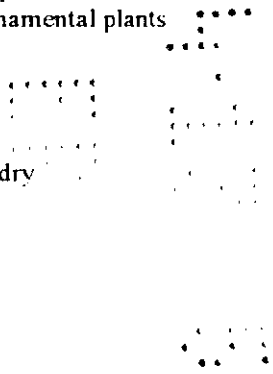

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: Children and pets should not be in treatment area until after application is completed. Avoid contamination of feed and foodstuffs. Avoid contamination of ornamental plants

PRIOR TO APPLICATION

If carpets need to be cleaned, do so before application. Carpets must be completely dry before application. Before treatment vacuum thoroughly all carpets.

Fish tanks and animal cages should be covered during treatment.

DIRECTIONS FOR APPLICATION

Apply directly on all carpet areas concentrating on areas where pets frequently traffic or sleep. Treat closets, area rugs, and under furniture that does not sit flush on the floor. Apply at the rate of 1 lb per 500 square feet (6.3 mg/sq in), brush powder into carpet fibers with broom or rug rake.

Visible product remaining after application must be brushed into fibers by further grooming or remove by vacuuming. Powder may also be worked into furniture wells under cushions. Do not apply to exposed fabric.

Resume Normal vacuuming after 3 days.

Allow four to six weeks for maximum flea control.

NOTE: If high adult flea population exists or develops after treatment you may apply a pesticide designed to kill adult fleas.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

STORAGE: Keep container tightly closed during storage - store in original container in a dry place inaccessible to children and pets.

CONTAINER DISPOSAL: Do NOT reuse empty container. Securely wrap container in several layers of newspaper and discard in trash.
