DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: Children and pets should not be in treatment area until after application is completed. Do not treat pets with this product. Avoid contamination of feed and foodstuff. Avoid contamination of ornamental plants.

Application Directions

FLEAS: Carpets: Be sure to vacate entire area of children, infants and pets before application. Using the applicator container, apply Bugless to dry surfaces only. Apply directly to carpets where pets frequently traffic or sleep at the rate of one pound per 100 square feet (31.5 mg/sq. in). In other areas, you may apply at the rate of one pound per 200 sq. feet (16 mg/sq. in). Work powder deeply into fibers and mat with a broom or rug rake. Any powder visible after application **MUST** be brushed into carpet fibers or removed. See Caution Statement on left panel. **Upholstery:** Remove loose cushions. Apply along creases and into corners and furniture wells. Do not apply product to exposed fabric. Any product visible after application **MUST** be removed. See Caution Statement on left panel.

Cockroaches, Ants, Waterbugs, and Silverfish:

Edible Product Areas (exposure to food products): Create a barrier through which the insects must crawl. Apply liberally under and behind refrigerator, stove, sink, dishwasher and all other appliances. Apply a line from corner to corner in rear of kitchen cabinets or drill 1/2" at top of kick panels beneath cabinets in kitchen and bathrooms, dusting liberally. Apply into openings and void areas around plumbing, drains, water pipes and electrical conduits. Any product visible after application **MUST** be removed. See Caution Statement on left panel.

Non-Edible Product Areas When treating large areas, such as voids, soffits and sub-cabinets voids, dust liberally. Dust into pits of dumbwaiters, elevator shafts and trash chutes. In storerooms, dust under pallets and behind boxes.
