DEC 3 1998

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 68497-1

EXTREMELY SENSITIVE TO DUST OR POWDERS YOU MAY MIST OR SPRAY CARPET WITH WATER VERY LIGHTLY BEFORE RAKING OR BROOMING FLEA AWAY INTO CARPET.

" READ ENTIRE LABEL BEFORE EACH USE. "
DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

THE FLEA AWAY 2 ZONE APPLICATION INSTRUCTIONS ARE VITALLY IMPORTANT FOR YOUR SATISFACTION. PLEASE FOLLOW THE DIRECTIONS CAREFULLY.

Every flea you see on your pet means that there are approximately 30 more living in your home. By applying Flea Away as directed below to 2 ZONES, you will create an uninhabitable environment for fleas and be extremely pleased with the results.

ZONE #1 • Your Pet USE ONLY ON DOGS, CATS, KITTENS AND PUPPIES
APPLY ONLY TO A COMPLETELY DRY PET. Push up the top dispenser about (90° straight up) on cap. Turn container upside down, holding it **NO MORE THAN 2" FROM PET'S BODY**, shaking the bottle downward, gently squeeze one time, dispensing Flea Away powder from the back of the neck along the backbone of your pet **USING 1 TEASPOON PER 10 LBS. OF YOUR PETS WEIGHT.** (EX. 3 TEASPOONS FOR 30 LB. PET). Applying to backbone area first, gently massage Flea Away into the skin area, going against the grain of your pet's fur, then gently massage into all other areas including Head, Ears, (avoid eye area), Neck, Tailbone, Belly, Legs & Feet. — **REPEAT APPLICATION WEEKLY IF NEEDED.** —

SOLUTION: If Powder fails to flow easily from dispenser tip, close tip, hold bottle upright, tap gently twice on firm surface.

... VERY IMPORTANT ...

Flea Away will control fleas on your pet, but you **MUST ALSO USE IT WHERE FLEAS HATCH AND LIVE, IN YOUR HOME AND IN YOUR CARPET.** You will then achieve maximum effectiveness and the satisfaction you expect from Flea Away. **PLEASE TREAT YOUR CARPET AS INSTRUCTED BELOW IN ZONE 2.**

- ZONE #2 • YOUR HOME AND CARPET** — for best results use on dry carpet.
- A) **CARPET** - Vacuum first, to bring fibers to the surface. Holding flip top dispenser with spout (90° straight up) **NO MORE THAN 2" FROM CARPET SURFACE**, shaking the bottle downward gently squeeze approximately **1/2 TEASPOON OF FLEA AWAY POWDER ON TO A SQ. YARD (3 FT X 3 FT) OF CARPET.** Using a rug rake or broom **VERY VERY GENTLY BUT THOROUGHLY, SPREAD AND BRUSH FLEA AWAY INTO FIBERS AND MATTING OF CARPET. REPEAT FOR EVERY SQ. YARD OF CARPET.** Please lightly vacuum entire carpet after application to remove any excess dust. Repeat application again in one week, then once a month thereafter.
 - B) **SOFA, COUCH, UPHOLSTERY, CHAIRS** - If your pet is allowed in these areas, there are fleas living under cushions and in the cracks and crevices. Simply take some Flea Away and rub into these areas once a month. No vacuuming is needed.
 - C) **PET BEDDING** - Rub Flea Away into cushions, cracks, and crevices once a week. No vacuuming is needed.

★ Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. Consult a veterinarian before using on medicated animals.

STORAGE AND DISPOSAL
Storage: Store in a cool dry place.
